My Memoirs by the Princess Caroline Murat. la Princesse Caroline Murat, 1910 **My Memoirs. Volume I**

Alexandre Dumas, 2021-09-30 Literary superstar Revolutionary Serial philanderer Alexandre Dumas lived an extraordinary life Who better to tell his story than the man himself In this first volume of his memoirs Dumas recounts his early life from his first memories through to his teenage years We learn about his time as a small town poacher and then a clerk in Paris Along the way he paints a vivid picture of contemporary France weaving in stories of famous figures duels and romances My Memoirs Volume I is written with the same verve as Dumas best novels So whether you re a history buff or a fan of The Three Musketeers there s plenty to enjoy here Alexandre Dumas 1802 1870 was a hugely popular 19th century French writer Born of mixed French and Haitian heritage Dumas first rose to prominence in Paris as a playwright but later gained international fame with his historical fiction Often co authored with other writers these stories wove together swashbuckling adventure romance and real events from France s past Among the best known are The Three Musketeers and its sequels Twenty Years After and Le Vicomte de Bragelonne Ten Years Later Set across four decades this trilogy follows the rise of the dashing D Artagnan from hot headed soldier to trusted captain under Louis XIV Dumas other novels include The Count of Monte Cristo and The Black Tulip His works have been adapted into more than 200 movies including The Man in the Iron Mask starring Leonardo DiCaprio **The Memoirs of Maria Stella (Lady Newborough)** Maria Stella Petronilla Chiappini freifrau von Ungern-Sternberg, 1914 [My Memoirs \(1802 to 1833\)](#) Alexandre Dumas, 2020-09-28 There is no real biography of Alexandre Dumas Nobody has collected and sifted all his correspondence tracked his every movement and pursued him through newspapers and legal documents Letters and other papers if they have been preserved should be as abundant in the case of Dumas as they are scanty in the case of Moli re But they are left to the dust of unsearched offices and it is curious that in France so little has been systematically written about her most popular if not her greatest novelist Many treatises on one or other point in the life and work of Dumas exist but there is nothing like Boswell s Johnson or Lockhart s Scott The M moires by the novelist himself cover only part of his career Les Enfances Dumas and they bear the same resemblance to a serious conscientious autobiography as Vingt Ans Apr s bears to Mr Gardiner s History of England They contain facts indeed but facts beheld through the radiant prismatic fancy of the author who if he had a good story to tell dressed it up with a cocked hat and a sword as was the manner of an earlier novelist The volumes of travel and the delightful work on Dumas s domestic menagerie Mes B tes also contain personal confessions as does the novel Ange Pitou with the Causeries and other books Fortunately Dumas wrote most about his early life and the early life of most people is more interesting than the records of their later years In its limitation to his years of youth the M moires of Dumas resemble that equally delightful book the long autobiographical fragment by George Sand Both may contain much Dichtung as well as Wahrheit at least we see the

youth of the great novelists as they liked to see it themselves The M moires with Mes B tes possess this advantage over most of the books that the most crabbed critic cannot say that Dumas did not write them himself In these works certainly he was unaided by Maquet or any other collaborator They are all his own and the essential point of note is that they display all the humour the goodness of heart the overflowing joy in life which make the charm of the novels Here unmixed unadulterated we have that essence of Dumas with which he transfigured the tame copy drawn up by Maquet and others under his direction He told them where to find their historical materials he gave them the leading ideas of the plot told them how to block out the chapters and then he took these chapters and infused into them his own spirit the spirit which in its pure shape pervades every page of the M moires They demonstrate that while he received mechanical aid from collaborators took from their hands the dry bones of his romances it was he who made the dry bones live He is now d Artagnan now Athos now Gorenflot now Chicot all these and many other personages are mere aspects of the immortal the creative Alexandre **My Memoirs**

Barker,2014-06-23 The Empress Eug nie wife of Napoleon III and one of the most beautiful women ever to grace a throne was the victim of her own inconstant mind A daughter of an aristocratic Spanish family she had a natural reverence for legitimate monarchy yet her high spirited temperament and chivalric outlook made her admire instinctively the boldness and aura of glory that she associated with the Napoleonic empire The incongruous principles of Legitimism and Bonapartism battling within the Empress produced in her a double mindedness that had tragic consequences The Empress has always been a controversial figure Her enemies have blamed her the fall of the Second Empire and the defeat of France her admirers have disclaimed for her any part in the mistakes that led to the disastrous Franco Prussian War of 1870 To determine the actual role that Eug nie played Barker using material from public and private European archives and a wide range of published works examines in Distaff Diplomacy the development of the Empress views on foreign affairs and ascertains their effect on the formation of the policies of the Second Empire Eug nie s influence fluctuated widely over the years As a bride she was neither interested in nor knowledgable about foreign matters as a middle aged woman in the late years of the Empire she was discredited by her past errors but she continued to pull strings outside of normal diplomatic channels Her most sustained and effective work from 1861 to 1863 was largely the inspiration for a grand design to remake the map to assure French hegemony in Europe and to establish an empire in Mexico The success of this design rested on an Austro French alliance but the design itself reflecting the Empress incoherent thinking contained the fatal inconsistencies that made Austrian rejection of it inevitable Since the Mexican expedition and the diplomatic muddle of 1863 were the watershed from which the subsequent troubles of the Empire flowed the Empress must be held responsible for seriously undermining the foreign policy of the Empire Despite Eug nie s many fine qualities her generosity of spirit her splendid

courage and her moral integrity her diplomatic efforts affected as they were by her background temperament state of health and changing moods did not amount to statesmanship This first systematic examination of the Empress influence on foreign policy delves deeply and carefully into the subject
