My Neighbor My Enemy:

My Neighbor, My Enemy Eric Stover, Harvey M. Weinstein, 2004-12-02 *My Neighbour My Enemy* tackles a crucial and highly topical issue how do countries rebuild after ethnic cleansing and genocide And what role do trials and tribunals play in social reconstruction and reconciliation By talking with people in Rwanda and the former Yugoslavia and carrying out extensive surveys the authors explore what people think about their past and the future Their conclusions controversially suggest that international or local trials have little relevance to reconciliation Communities understand justice far more broadly than it is defined by the international community and the relationship of trauma to a desire for trials is not clear cut The authors offer an ecological model of social reconstruction and conclude that coordinated multi systemic strategies must be implemented if social repair is to occur Finally the authors suggest that while trials are essential to combat impunity and punish the guilty their strengths and limitations must be acknowledged

Waters, 2013-12-09 *The Milo evi Trial An Autopsy* provides a cross disciplinary examination of one of the most controversial war crimes trials of the modern era and its contested legacy for the growing fields of international criminal law and post conflict justice The international trial of Slobodan Milo evi who presided over the violent collapse of Yugoslavia was already among the longest war crimes trials when Milo evi died in 2006 Yet precisely because it ended without judgment its significance and legacy are specially contested The contributors to this volume including trial participants area specialists and international law scholars bring a variety of perspectives as they examine the meaning of the trial's termination and its implications for post conflict justice The book's approach is intensively cross disciplinary weighing the implications for law politics and society that modern war crimes trials create The time for such an examination is fitting with the imminent closing of the Yugoslav war crimes tribunal and rising debates over its legacy as well as the 20th anniversary of the outbreak of the Yugoslav conflict *The Milo evi Trial An Autopsy* brings thought provoking insights into the impact of war crimes trials on post conflict justice
