My Parents Picked Me! Pat Thomas, 2004-07

Picking Up the Pieces: My Journey Through Adoption Paula Charlebois, 2014-06-03 The story of our family's journey from infertility to 14 adopted children with special needs A story of hope heart aches and miracles Paula Charlebois and her husband have fostered thirty children They have adopted twelve of these children and are the permanent legal guardians of two others Paula wanted to tell their story so that more people might consider this as an option when planning their families

Walking the Llano Shelley Armitage, 2016-02-15 When American explorers crossed the Texas Panhandle they dubbed it part of the Great American Desert A sea of grass the llano appeared empty flat and barely habitable Contemporary developments cell phone towers oil rigs and wind turbines have only added to this stereotype Yet in this lyrical ecomemoir Shelley Armitage charts a unique rediscovery of the largely unknown land a journey at once deeply personal and far reaching in its exploration of the connections between memory spirit and place Armitage begins her narrative with the intention to walk the llano from her family farm thirty meandering miles along the Middle Alamosa Creek to the Canadian River Along the way she seeks the connection between her father and one of the area's first settlers Ysabel Gurule who built his dugout on the banks of the Canadian Armitage who grew up nearby in the small town of Vega finds this act of walking inseparable from the act of listening and writing What does the land say to us she asks as she witnesses human alterations to the landscape perhaps most catastrophic the continued drainage of the land's most precious resource the Ogallala Aquifer Yet the llano's wonders persist dynamic mesas and canyons vast flora and fauna diverse wildlife rich histories Armitage recovers the voices of ancient Native and Hispano peoples their stories interwoven with her own her father's legacy her mother's decline a brother's love The llano holds not only the beauty of ecological surprises but a renewed realization of kinship in a world ever changing Reminiscent of the work of Terry Tempest Williams and John McPhee Walking the Llano is both a celebration of an oft overlooked region and a soaring testimony to the power of the landscape to draw us into greater understanding of ourselves and others by experiencing a deeper connection with the places we inhabit

Birth is an act of Nature, Adoption is an act of Love Pat Donahue, Amy Sue Brown, 2022-05-04 We hope you have as much fun reading this book as we did writing it This is a true story about an adopted child who spent a lifetime of not knowing where she came from Her lifelong dream to uncover who she was where she came from and why she was given up Then found the courage to search for answers It is also a story about a young mother who gave her newborn infant up for adoption Years passed and she spent a lifetime of wondering if she had done the right thing if her baby girl had ended up with a good family and if that baby had grown into a happy and healthy woman After years of worrying and wondering about the baby she had given up she decided to confront her past in order to find her child We wrote the book to

help us in the healing process and to give people out there hope that this is a dream come true and not to give up on your dreams In this riveting story that covers the span of 50 years both sides of the story come together as a mother and daughter search for answers and each other **In Their Own Voices** Rita James Simon,Rhonda M. Roorda,2000 Nearly forty years after researchers first sought to determine the effects if any on children adopted by families whose racial or ethnic background differed from their own the debate over transracial adoption continues In this collection of interviews conducted with black and biracial young adults who were adopted by white parents the authors present the personal stories of two dozen individuals who hail from a wide range of religious economic political and professional backgrounds How does the experience affect their racial and social identities their choice of friends and marital partners and their lifestyles In addition to interviews the book includes overviews of both the history and current legal status of transracial adoption **Korean Adoptees and Transnational Adoption** Jessica Walton,2019-03-28 This book investigates the experiences of South Koreans adopted into Western families and the complexity of what it means to feel identity beyond what is written in official adoption files Korean Adoptees and Transnational Adoption is based on ethnographic fieldwork in South Korea and interviews with adult Korean adoptees from the United States Australia Canada Switzerland and Sweden It seeks to probe beneath the surface of what is known and examines identity as an embodied process of making that which is unknown into something that can be meaningfully grasped and felt Furthermore drawing on the author s own experiences as a transnational transracial Korean adoptee this book analyses the racial and cultural negotiations of whiteness and Korean ness in the lives of adoptees and the blurriness which results in between Highlighting the role of memory and the body in the formation of identities this book will be useful to students and scholars of Korean Studies Ethnicity Studies and Anthropology as well as Asian culture and society more generally **The Goodbye Baby** Elaine Pinkerton,2012-07 Anyone who was adopted or who has adopted a child will find The Goodbye Baby a comforting and inspiring read It takes one on a journey through the thorny issues of adoption a search for healing and an inspiring finale *Blackfire* James Daniel Eckblad,2012-11-29 Four unlikely teenagers are summoned to quest for the salvation of a perpendicular world Elli Adams and her friends Beatriz Jamie and Alex must overcome their own personal challenges of blindness self confidence and Down syndrome as they struggle together to fulfill their mysterious calling as Bairnmoor s last prophetic hope Join them on an adventure through singing forests and stardust valleys full of mystical glorious and ferocious creatures all of which test their resolve in the face of overwhelming adversity James Eckblad s novel wrestles with the age old questions of good and evil and the nature of the heroic life The story offers a fresh and challenging perspective on how one can have faith in the good against every indication that evil is thriving if not prevailing and how every child and so all of us can be immensely more than we are and all we were meant to be *Black & White in a Multi-Colored America* Freeda J. Simmons-Mcmillan,2012-10 The subject of race particularly as relates to interracial dating and marriage has long been considered strongly controversial I maintain that any lack of acceptance on the

part of the races where it still exists is largely the result of a lack of familiarity one to another Knowledge insight and the dispelling of stereotypical rumor are each important elements necessary to bridge the racial gap that yet remains The purpose of this book is to provide the material necessary to gain a greater understanding of just how truly connected we are as a people While we will each possess our own individual dreams hopes fears and insecurities it is hopeful that above all we will recognize the presence and plan of God within each of our lives The following material has been written in such a format that one can simply begin by opening the book on any given page even starting in the middle if so desired In your reading it is my hope that you will glean valuable information along the way The composition of material is likened to that of a family scrapbook or album whose contents are assorted snippets sentimental tokens and snapshots of life You might also compare it to a recipe where a dash of this and a sprig of that enter into the mix Subjects range from healthcare to cuisine and even manage to include encapsulated brief short story The material is intended to educate inform and enlighten Moreover may it serve as a reminder of the obligation we all bear to show respect for all races and nationalities looking beyond title race or ethnicity In essence seeking to know the true person the heart the genuine soul the individual
