Varnell, 2015-11-24 What would it feel like to believe that you can create the life you've always dreamed of and desired? Applying the basic success principles in this book every day will take you one step closer to your goals. You will learn how to believe in yourself again. You will learn the basic success principles and how to apply them daily. It teaches you how to create a plan and what it takes to accomplish what you desire most in life. Powerful real-life stories of individuals that reached their vision and dreams of success. All from different economic levels, financial levels, and all have very different visions of success. Each had adversities to overcome, sacrifices were made, and goals accomplished. It doesn't matter where you start in life; it only matters where you finish. You will learn from this book that if you believe it, someday you will see it. At the end of the day, you can make excuses or create the life you desire. Make
