My House Volume 12 Halls Of Fame:

The Faerie Queene as Children's Literature Velma Bourgeois Richmond, 2016-07-13 Edmund Spenser's vast epic poem *The Faerie Queene* is the most challenging masterpiece in early modern literature and is praised as the work most representative of the Elizabethan age. In it he fused traditions of medieval romance and classical epic with his religious and political allegory, creating a Protestant alternative to the Catholic romances rejected by humanists and Puritans. The poem was later made over as children's literature, retold in lavish volumes and schoolbooks and appreciated in pedagogical studies and literary histories. Distinguished writers for children simplified the stories and noted artists illustrated them. Children were less encouraged to consider the allegory than to be inspired to the moral virtues. This book studies *The Faerie Queene*'s many adaptations for a young audience in order to provide a richer understanding of both the original and adapted texts.

Chivalric Stories as Children's Literature Velma Bourgeois Richmond, 2014-09-24 Knights and ladies, giants and dragons, tournaments, battles, quests and crusades are commonplace in stories for children. This book examines how late Victorians and Edwardians retold medieval narratives of chivalry, epics, romances, sagas, legends and ballads. Stories of Beowulf, Arthur, Gawain, St. George, Roland, Robin Hood and many more thrilled and instructed children and encouraged adult reading. Lavish volumes and schoolbooks of the era featured illustrated texts, many by major artists. Children's books, an essential part of Edwardian publishing, were disseminated throughout the English-speaking world. Many are being reprinted today. This book examines related contexts of Medievalism expressed in painting, architecture, music and public celebrations and the works of major authors including Sir Walter Scott, Tennyson, Longfellow and William Morris. The book explores national identity expressed through literature, ideals of honor and valor in the years before World War I and how childhood reading influenced 20th-century writers as diverse as C. S. Lewis, J. R. R. Tolkien, Siegfried Sassoon, David Jones, Graham Greene, Ian Fleming and John Le Carré. *Catalog of Copyright Entries. New Series*, Library of Congress, Copyright Office, 1938.

Don Quixote as Children's Literature Velma Bourgeois Richmond, 2018-06-18 Cervantes is regarded as the author of the first novel and the inventor of fiction. From its publication in 1605, *Don Quixote* recently named the world's best book by authors from 54 countries, has been widely translated and imitated. Among its less acknowledged imitations are stories in children's literature. In context of English adaptation and critical response, this book explores the noble and mad adventures retold for children by distinguished writers and artists in Edwardian books, collections, home libraries, schoolbooks and picture books. More recent adaptations, including comics and graphic novels, deviate from traditional retellings. All speak to the knight errant's lasting influence and appeal to children. *Bessie Graham's Bookman's Manual*, 1954. Includes entries for maps and atlases. ***The National Union Catalog, Pre-1956 Imprints***, 1975.
