The Dwellers in Five-sisters Court Horace Elisha Scudder, 2024-06-02 Reprint of the original first published in 1876

Oral History Marta Kurkowska-Budzan, Krzysztof Zamorski, 2009-04-22 Oral History The Challenges of Dialogue shows contemporary oral history at work in a variety of contexts levels and engagements The issues developed in the book correspond to different stages of research preparing and conducting the interview evaluating and analyzing the collected material publishing in the broad sense of speaking to different audiences and finally addressing the dilemmas and philosophical reflections with an emphasis on ethics This book aims to address oral history from two perspectives The first is the perspective of oral history as dialoguing the second is the presentation of concrete situations research persons and their own stories as built on the solid ground of discourse and within a concrete context The chapters embody the experiences of the authors their efforts and successes as well as their failures in dialoguing with narrators Unveiled in this book is the

extensive breadth of contemporary oral history work bridging epistemological and methodological horizons *All the Year Round* Charles Dickens, 1892 *All the Year Round* , 1892 *The Secret Five and the Stunt Nun Legacy* John Lawrence, 2010 A comic novel a surreal parody of children's adventure stories aimed at adult readers in which unnervingly the time travelling characters are aware of their place in the narrative and the author treats them with curmudgeonly disdain The plot creaky and with more holes than a Swiss cheese is the vehicle for the quirky and unusual humour which is packed onto every page Our young adult heroes Betty Daniel Ricky Amy and their dog Whatshisname think that they live life on the edge dominated by secret passwords and meetings They have a tetchy relationship with Whatshisname who might just be cleverer than they think they also have a tetchy relationship with the author who definitely isn't The characters sometimes become uncontrollable Ricky walks out of the book at one stage and at another critical point Daniel demands that his character should wear spectacles A feeble attempt by the author to kill off his characters fails miserably This book for adults is crammed with humour occasionally a little cheeky never offensive but always unashamedly silly
