Lincoln in His Own Time Harold K. Bush, Jr., 2011-10-21 More than any other American before or since Abraham Lincoln had a way with words that has shaped our national idea of ourselves Actively disliked and even vilified by many

Americans for the vast majority of his career this most studied most storied and most documented leader still stirs up controversy Showing not only the development of a powerful mind but the ways in which our sixteenth president was perceived by equally brilliant American minds of a decidedly literary and political bent Harold K Bush's *Lincoln in His Own Time* provides some of the most significant contemporary meditations on the Great Emancipator's legacy and cultural significance The forty two entries in this spirited collection present the best reflections of Lincoln as thinker reader writer and orator by those whose lives intertwined with his or those who had direct contact with eyewitnesses Bush focuses on Lincoln's literary interests reading and work as a writer as well as the evolving debate about his religious views that became central to his memory Along with a star struck Walt Whitman writing of Lincoln's inexpressibly sweet face and manner Elizabeth Keckly's description of a bereaved Lincoln genius and greatness weeping over love's idol lost and William Stoddard's report of the cheery hopeful morning light on Lincoln's face after a long night debating the fate of the nation the volume includes selections from works by famous contemporary figures such as Hawthorne Douglass Stowe Lowell Twain and Lincoln himself in addition to lesser known selections that have been nearly lost to history Each entry is introduced by a headnote that places the selection in historical and cultural context explanatory endnotes provide information about people and places A comprehensive introduction and a detailed chronology of Lincoln's eventful life round out the volume Bush's thoughtful collection reveals Lincoln as a man of letters who crafted some of the most memorable lines in our national vocabulary explores the striking mythologization of the martyred president that began immediately upon his death and then combines these two themes to illuminate Lincoln's place in public memory as the absolute embodiment of America's mythic civil religion Beyond providing the standard fare of reminiscences about the rhetorically brilliant backwoodsman from the Old Northwest *Lincoln in His Own Time* also maps a complex genealogy of the cultural work and iconic status of Lincoln as quintessential scribe and prophet of the American people

John Mackay Michael J. the milling timber shipping transportation and water that made mining possible and precipitated the discovery and development of the ore field known as the Big Bonanza Makley's book recounts the life and career of one of the most successful men of his age a capitalist of immense wealth who generously helped those around him and worked diligently in the public interest This engaging biography will appeal to readers interested in the Comstock Lode and mining in the West during the latter part of the nineteenth century as well as general western history enthusiasts *Maine Library Bulletin*
