Chinese migrants in the country including people who stood no chance of being photographed otherwise But CI 9s generated far more information than could be processed and there is nothing straightforward about the knowledge that they purported to contain Cho finds traces of alternate forms of kinship in the archive as well as evidence of the ways that families were separated In attending to the particularities of these images and documents Mass Capture uncovers the alternative story that lies in the refusals and resistances enacted by the mass captured Illustrated with painstakingly reconstituted digital reproductions of the microfilm record Mass Capture reclaims the CI 9s as more than documents of racist repression suggesting the possibilities for beauty and dignity in the archive for captivation as well as capture
