My Road To Emeritus:

My Road to Emeritus Elmer Ellis, 1989 **My Road to Kenya** Jack O'Leary, Mary Clare Lyons, 2012-08 Together we shared a mostly happy journey facing and overcoming obstacles meeting fascinating people wherever we went while falling completely in love with the people of Kenya This book is a tribute to my co laborers and in writing this book I hope to show that one does not need to be a hero to step out take risks and make the world a better healthier and happier place Jack O Leary An archbishop an environmentalist and an AIDS activist are only a few of the heroes who stood up against a ruthless dictator and corrupt government in Jack O Leary s *My Road to Kenya* *My Road to Kenya* shines a light on a group of everyday heroes who believe they were called to make a difference in the lives of the people of Kenya Fate and faith led them to the crossroads where their paths converged Working together they have built and supplied hospitals clinics schools churches and homes for hundreds of children many of whom were orphaned by HIV AIDS Through it all they asked for nothing for themselves Yet in the end the collaborations of these everyday heroes resulted in something invaluable the forging of deep and long lasting friendships *My Road to Radio and The Vocal Scene* George Jellinek, 2015-01-09 Born in Ujpest Hungary in 1919 George Jellinek began his musical career playing violin with gypsies in the family s garden restaurant He spent his adolescence doing much the same honing his talent and enriching his own musical education with frequent trips to the Hungarian Royal Opera House But when Hitler and Chamberlain signed the Munich Pact in 1938 Jellinek s quiet life was shattered How the exiled teenager survived World War II worked his way up from a poor Hungarian immigrant in Cuba and became one of the most important and influential musical administrators in New York is an unconventional but truly American success story This memoir documents the inspiring life of George Jellinek beginning with his childhood in his beloved Hungary The crisis of World War II soon invaded his life and leaving behind his family and homeland he fled west Having been finally allowed to enter the United States he was drafted into the U S Army in 1942 obligated to bear arms against the country of his birth This ironic turn of events culminated in his firsthand role in the capture of Ferenc Szalasi the leader of Hungary s Hitlerite faction The latter half of the book reveals how music helped Jellinek piece back together his broken life in America After rising to the post of musical director for radio station WQXR he went on to become the producer and host of *The Vocal Scene* His 36 years with that program established it as a revered fixture of New York s opera life The epilogue documents the day on which Hungary s president bestowed upon Jellinek the Knight s Cross of the Order of Merit of the Republic of Hungary *The Road to Home* Vartan Gregorian, 2004-05-07 Though she was illiterate Gregorian s grandmother s lessons on the beauty of church school and movies sent him on an odyssey that began in penniless obscurity and led to the presidencies of the New York Public Library Brown University and the Carnegie Corporation *A History of Missouri* Lawrence H. Larsen, William Earl Parrish, 2004 *A History of Missouri* Volume VI is the final volume of *A History of Missouri* Beginning at the close of the Truman presidency and ending in 2003 the two hundredth anniversary of the

Louisiana Purchase agreement and of the organization of the Lewis and Clark expedition Volume VI explains how modern Missouri bridged the years between the mid twentieth century and the new millennium Central to the period was the end of segregation the demise of bossism in Kansas City and St Louis changes in the economy and the impact of cross state urbanization Among other developments were the building of the interstate highways and the marked expansion of higher education Larsen s overall thesis is that during these years Missouri continued to advance in a restrained manner and at a moderate pace The Republican party revived suburbs mushroomed around the central cities the state government grew and expanded its functions the population became more diversified concerns increased for the natural and built environments higher education was transformed small towns held their own and the state declined as a force in national politics A History of Missouri Volume VI 1953 to 2003 is very much a pioneering effort and one that should be welcomed by anyone interested in the history of Missouri from casual observers to policymakers

A Centennial History of the State Historical Society of Missouri, 1898-1998 Alan R. Havig, 1998 Havig addresses such key topics as the growth of the society s collections the reference library the Western Historical Manuscript Collection and an extensive assortment of visual art including a famed collection of works by Thomas Hart Benton and George Caleb Bingham Havig also examines the society s collaboration with the University of Missouri in obtaining physical space for its operations its work with local groups in promoting special events such as Missouri s centennial in 1920 1921 the society s outstanding publications program its role in the placement of historic markers along Missouri highways its sponsorship of History Day and numerous other endeavors made by the society to preserve and disseminate Missouri s rich heritage to the state s citizens A Centennial History of the State Historical Society of Missouri 1898 1998 will be of special value to professionals working in Missouri history and in the field of state and local history

Taking a Long Road Home Eugene C. Bianchi, 2010-11-15 This memoir invites readers to explore stages of their own spiritual journey Bianchi graphically describes his path from an Italian immigrant family on the West Coast through twenty years as a Jesuit to being a professor of religious studies at Emory University As he develops a more this worldly inner life Bianchi struggles with church teachings about Christ sexuality and authority He candidly reveals how failed marriages gave him a humbler grasp of meeting the transcendent in everyday problems He embraces a contemplative spirituality that links Buddhist and Taoist practices with western mysticism With a foot in Christianity he shows how to walk a way of inter spirituality as a meaningful road for the contemporary seeker For Bianchi this involves becoming a metaphorical Christian as he moves away from religious certitudes of early life to find spirit in nature and humanity Bianchi a well known writer on spiritual aging challenges Baby Boomers to craft a contemplative life that works for them today With his wife and two cats he discovers a home for body and spirit along the banks of the Oconee River in Athens Georgia

The Way It Was Duane C. Spriestersbach, The fall of 1964 was an exciting time at the University of Iowa Its fourteenth president Howard Bowen had just arrived and on a sunny October afternoon he made his first speech to the faculty This occasion was

note worthy enough former president Virgil Hancher had held the job for twenty four years to attract the attention of a professor of speech pathology who had previously confined his considerable energies to teaching and research Bowen's vision of what the university could become was so intriguing so compelling that this professor wrote and offered to help him achieve his objectives in any way possible This quixotic offer changed Duane Spriestersbach's life and becomes the starting point for his story of his years as a University of Iowa administrator Drawing upon his personal files the university archives and interviews with many faculty members and administrators Spriestersbach has created both an institutional and a personal history of the university Judged by any standard these years were tumultuous ones for higher education Economic pressures from the state legislature issues surrounding grants from such agencies as the National Institutes of Health and the National Science Foundation the civil rights movement student and faculty protests during the Vietnam era massive changes in the physical and administrative shape of the campus and the computerization of all parts of campus life had far reaching consequences Spriestersbach was at the center of these events at the University of Iowa his perspective is unique refreshing and educational Spriestersbach's account of the Vietnam years and of the evolution of computers at Iowa will be particularly interesting to readers He reported to four presidents served as acting president managed hundreds of meetings both dramatic and mundane and reacted to many administrative restructurings In this story of his life at the University of Iowa he reveals the truth behind these words from his 1964 letter to President Bowen I think I am an idealist a person with imagination and a guy in a hurry I believe investigation will show that I am a person with competitive administrative and executive abilities
