Willson,2013-11-08 A Jar Half Full is a story about growing up healing and learning to balance your intellect and spirit D Willson offers an emotional and humorously riddled memoir of her life both with and without God Her honesty feels as if you are discussing religion with a friend over coffee battling disagreements with love and understanding Or grasping the other s hand across the table because you realize you are not alone Wherever you stand on the matters of faith and God you will find some thread of truth that connects you to this book Chimpanzee Memoirs Stephen Ross, Lydia Hopper,2022-05-10

Chimpanzees fascinate people for many reasons We are struck by the apes resemblance to humanity as seen in their use of tools and their complex social lives and we are moved by the threats that human activity poses to them Our awareness of our closest living relatives testifies to the efforts of the remarkable people who study these creatures and work to protect them What motivates someone to dedicate their lives to chimpanzees How does that reflect on our own species This book brings together a range of chimpanzee experts who tell powerful personal stories about their lives and careers It features some of the world s preeminent primatologists including Jane Goodall and Frans de Waal as well as representatives of a new generation from varied backgrounds In addition to field scientists the book features anthropologists biologists psychologists veterinarians conservationists and the director of a chimpanzee sanctuary Some grew up in the English countryside others in villages in Congo some first encountered chimpanzees in a zoo others in the forests surrounding their homes All are united by a common purpose to study and understand chimpanzees in order to protect them in the wild and care for them in zoos and sanctuaries Contributors share what inspired them what shaped their career choices and what motivates them to strive for solutions to the many challenges that chimpanzees face today **This Shared Dream** Kathleen Ann Goonan,2024-08-06

Kathleen Ann Goonan introduced Sam Dance and his wife Bette and their quest to alter our present reality for the better in her novel In War Times winner of the John W Campbell Memorial Award for Best Novel and ALA s Best Science Fiction Novel of 2008 Now in This Shared Dream she tells the story of the next generation The three Dance kids seemingly abandoned by both parents when they were younger are now adults and are all disturbed by memories of a reality that existed in place of their world The older girl Jill even remembers the disappearance of their mother while preventing the assassination of John F Kennedy Goonan has created a new kind of utopian Science Fiction novel in which the changes in history have created a present world that is in many ways superior to our own while in other worlds people strive to prevent their own erasure by restoring the ills to ours This Shared Dream is certainly the most provocative Science Fiction speculation of the year and perhaps the decade At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied *Gloria - a Student'S Memoir of Intended Paths* Priscilla Jacobson,2014-10-13 A speech professor and her student make a unique connection that changes each others lives Mrs Noble encourages Priscilla to engage in public speaking yet discovers in her student that where spoken words faltered writing flourished Priscilla driven to profess God in her speech is

unsure what her professor believes When Mrs Noble approves a persuasive speech about Ronald Reagan's character and values Priscilla begins an in depth research project on the Cold War The research reveals that Reagan was a former pacifist and Mikhail Gorbachev was a secret believer in God This memoir contains analogies and metaphors that thread the research into the research experience At the Reykjavik Summit an agreement could not be made because neither Reagan nor Gorbachev revealed their beliefs Both leaders were misunderstood A misunderstanding which must be clarified as the research is prepared for the symposium presentation A serendipitous path leads Priscilla to interview Mrs Noble only to discover her professor's intended path was not the path on which she ended up Priscilla writes about unexpected detours Then Mrs Noble reveals a paper she formerly wrote quoting A Road Less Traveled By This intuitive student later analyzes the two papers How will Priscilla present Ronald Reagan in the Undergraduate Research Symposium when she soon discovers her professor is battling cancer Gloria A Student's Memoir of Intended Paths is a message of hope and faith In it Priscilla looks up to God and Mrs Noble during a brief crossroads and an unforgettable experience

Memoirs of Awakening Jerry L Staley III, 2024-09-03 Everything seen and unseen that exists in our universe consists of pure energy light which resonates as vibratory frequency We are light beings our energy is something we put out into the world When we notice and become one with this sacred interconnectedness of all things we begin to take more responsibility for the energy we radiate The sheer bliss of discovering your oneness with Source is inherent and magical and the rise of kundalini which enables it is a most precious blessing As you begin to remember who you are on a soul level there also exists a radical and sometimes debilitating process of letting go and embracing and embodying a profound paradigm shift In this book the author explores a series of events which introduced him to this unseen energetic world and led him down a path of no return to the true nature of existence Story by story he begins to see himself not only as a being of light one whose existence is full of supernatural splendor and miraculous healing ability but as an example and a reminder of the joys and responsibilities that accompany spiritual awakening This story leaves out none of the high highs and the low lows
