The New Expatriates Anne-Meike Fechter,Katie Walsh,2013-09-13 While scholarship on migration has been thriving for decades little attention has been paid to professionals from Europe and America who move temporarily to destinations beyond the West Such migrants are marginalised and depoliticised by debates on immigration policy and thus there is an urgent need to develop nuanced understanding of these more privileged movements In many ways these are the modern day equivalents of colonial settlers and expatriates yet the continuities in their migration practices have rarely been considered The New Expatriates advances our understanding of contemporary mobile professionals by engaging with postcolonial theories of race culture and identity The volume brings together authors and research from across a wide range of disciplines seeking to evaluate the significance of the past in shaping contemporary expatriate mobilities and highlighting postcolonial continuities in relation to people practices and imaginations Acknowledging the resonances across a range of geographical sites in Asia Africa and the Middle East the chapters consider the particularity of postcolonial contexts while enabling comparative perspectives A focus on race and culture is often obscured by assumptions about class occupation and skill but this volume explicitly examines the way in which whiteness and imperial relationships continue to shape the migration experiences of Euro American skilled migrants as they seek out new places to live and work This book was originally published as a special issue of the Journal of Ethnic and Migration Studies

Silencing Shanghai Fang Xu,2021-06-24 Silencing Shanghai investigates the paradoxical and counterintuitive contrast between Shanghai s emergence as a global city and the

marginalization of its native population captured through the rapid decline of the distinctive Shanghai dialect From this unique vantage point Fang Xu tells a story of power relations in a cosmopolitan metropolis closely monitored and shaped by an authoritarian state through policies affecting urban redevelopment internal migration and language These state policies favor the rich the resourceful and the highly educated while alienate the poorer and less educated Shanghainese geographically and linguistically When the state vigorously promotes Mandarin Chinese through legal and administrative means Shanghainese made the conscious yet reluctant choice of shifting from the dialect to the national language At the same time millions of migrants have little incentive to adopt the vernacular given that their relation to the state has already firmly established their legal financial and social standing in the city The recent shift in the urban linguistic scene that silences the Shanghai dialect is ultimately part of the state led global city building process Through the association of the use of national language with realizing the China Dream the state further eliminates the unique vernacular characters of Shanghai

Lake with No Name Diane Wei Liang, 2009-06-02 Beijing University 1986 The Communists were in power but the Harvard of China was a hotbed of intellectual and cultural activity with political debates and English Corners where students eagerly practiced the language among themselves Nineteen year old Wei had known the oppressive days of the Cultural Revolution having grown up with her parents in a work camp in a remote region of China Now as a student she was allowed to immerse herself in study and spend her free hours writing poetry that bastion of bourgeois intellectualism beside the Lake with No Name at the center of campus It was there that Wei met Dong Yi Although Wei's love was first subsumed by the deep friendship that developed between them it smoldered into a passionate longing Ties to other lovers from their pasts stood always between them as the years passed and Wei moved through her studies from undergraduate to graduate Yet her relationship with Dong Yi continued to deepen as each season gave way to the next Amid the would be lovers private drama the winds in China were changing and the specter of government repression loomed once again By the spring of 1989 everything had changed student demands for freedom and transparency met with ominous official warnings of the repercussions they would face The tide of student action for democracy led by young men and women around the university including Dong Yi inexorably pushed the rigid wall of opposition culminating in the international trauma at Tiananmen Square On June 4 1989 tanks rolled into the square and blood flowed on the ancient city streets It was a day that would see the end of lives dreams and a tortuous romance between two idealistic spirits Lake with No Name is Diane Wei Liang's remembrance of this time of her own role in the democratic movement and of the friends and lovers who stood beside her and made history on that terrible day

The Knickerbocker Charles Fenno Hoffman, Timothy Flint, Lewis Gaylord Clark, Kinahan Cornwallis, John Holmes Agnew, 1853 *A Pragmatist and His Free Spirit* Susan Chan Egan, Chou Chihp'ing, 2009-03-02 A Pragmatist and His Free Spirit portrays the unconventional love between a Chinese social reformer and an American avantgarde artist Hu Shi was a student at Cornell when he first met Edith Clifford Williams They exchanged

some 300 letters between 1914 and 1962 these alongside Hu s diaries poems and other correspondence provide the substance of this book In Williams Hu met his intellectual match She helped him reconcile his selfimage as an independent thinker with his acquiescence to an arranged marriage Best known for his contribution to China s Literary Revolution Hu s experimental vernacular poetry was partly inspired by his exposure to Williams s avantgarde art In reconstructing their romance the authors deftly exemplify the dilemmas which confronted a generation of Chinese intellectuals particularly those educated in the West Although Hu shared his contemporaries patriotic hopes for China he never subscribed to the prevailing ideology Sustained by Williams s unflinching honesty he advocated John Dewey s pragmatic approach one which has recently regained acceptance in China Although the romantic ardor dwindled the two retained in each other s eyes an image of their idealistic youth
