NASA Activities ,1989 What Is this Childhood? Carol Toole,2023-10-24 This book succinctly explores the consciousness of the young child through a weaving of journal entries made as a teacher a young mother and later a grandmother observations and musings as well as practical activities from my parenting workshops It is a journey through the child s world trails marked by their own words Their speech as it naturally unfolds leads the child to self consciousness and critical thinking But not too fast Stay to savor soft grass brushing bare feet the skid of sneakers on hot sidewalks even the gentleness of a mosquito as she bites Find a partner to try out the practices and a quiet moment to journal I hope this book will serve as invitation to look through a child s eyes and to hear with heart it s no mistake that the word heart has ear inside introduction What Is This Childhood explores the consciousness of the young child through language development often in their own words The child s early utterances reveal a unity of word and experience and of experience and meaning Children live more fully in perception than conception Yet speech as it unfolds eventually leads the child to abstraction self consciousness and critical thinking This journey into childhood will deepen the quality of our attention and presence in each moment enlivening our speech and interactions and thereby preserving our children s sense of wonder and spiritual connection

Indian Industrial Clusters Keshab Das,2017-05-15 This book presents an in depth analysis of the functional dynamics of Indian industrial clusters which have grown and stayed as hubs of business activity in India thanks to a large calibrated domestic market for goods The examples given contribute towards the understanding of theoretical underpinnings of small firm clusters in LDCs and also indicate steps towards effective policy making for SME development in general and local economic regeneration in LDCs in particular The industries studied include modern as well as traditional artisanal sectors which span at least ten Indian states They provide insights into informality labour inter firm relationship cooperation and competition technological and organisational flexibility and forms of supportive institutional arrangements and nature of linkages with agencies external to the cluster among other things This book will be of particular interest to SME practitioners and to students and researchers of economics business management regional development economic geography industrial sociology and industrial organisation *Housing As If People*

Mattered Clare Cooper Marcus,Wendy Sarkissian,2023-09-01 From the Introduction Consider these two places Walking into Green Acres you immediately sense that you have entered an oasis traffic noise left behind negative urban distractions out of sight children playing and running on the grass adults puttering on plant filled balconies Signs of life and care for the environment abound Innumerable social and physical clues communicate to visitors and residents alike a sense of home and neighborhood This is a place that people are proud of a place that children will remember in later years with nostalgia and affection a place that just feels good Contrast this with Southside Village Something does not feel quite right It is hard to find your way about to discern which are the fronts and which are the backs of the houses to determine what is inside and what is outside Strangers cut across what might be a communal backyard There are no signs of personalization around doors or on

balconies Few children are around those who are outside ride their bikes in circles in the parking lot There are few signs of caring litter graffiti and broken light fixtures indicate the opposite There is no sense of place it is somewhere to move away from not somewhere to remember with pride These are not real locations but we have all seen places like them The purpose of this book is to assist in the creation of more places like Green Acres and to aid in the rehabilitation of the many Southside Villages that scar our cities This book is a collection of guidelines for the site design of low rise high density family housing It is intended as a reference tool primarily for housing designers and planners but also for developers housing authorities citizens groups and tenants organizations anyone involved in planning or rehabilitating housing It provides guidelines for the layout of buildings open spaces community facilities play areas walkways and the myriad components that make up a housing site From the Introduction Consider these two places Walking into Green Acres you immediately sense that you have entered an oasis traffic noise left behind negative urban distractions out of sight children playing and running on the grass adults putteri

Nature Sparks Aerial Cross, 2011-10-11 Nature has monumental power on children's growth and development Recent studies show that as children spend less time in nature they miss out on the profound benefits that outdoor play and learning experiences provide Nature Sparks is filled with inspiration and instruction to help educators and caregivers of children ages three to eight reclaim and strengthen connections to the outdoors This resource supplies ideas to create a nature oriented classroom and curriculum incorporates Howard Gardner's theory of multiple intelligences to encourage children's individual talents as they experience the natural world and includes more than fifty sensory integrated activities crafts and instructional strategies
