PLATO

II: Ethics, Politics, and Philosophy
of Art and Religion

A Collection of Critical Essays
Edited by Gregory Vlastos

Modern Studies in Philosophy, under the general editorship of Amelie Oksenberg Rorty, is a series of anthologies presenting contemporary interpretations and evaluations of the works of major philosophers. The editors have selected articles to show the systematic structure of the thought of these philosophers, and to reveal the relevance of their views to the problems of current interest. These volumes are intended to be contributions to contemporary debates as well as to the history of philosophy; they not only trace the origins of many problems important to modern philosophy, but also introduce major philosophers as interlocutors in current discussions.

Volumes in the series are:
