## **Radical Duke Career Correspondence:**

The Radical Duke: Career and Correspondence of Charles Lennox, Third Duke of Richmond Alison Gilbert Olson, 1961

Nobody's Perfect Annabel M. Patterson, Professor Annabel Patterson, 2002-01-01 Is history driven more by principle or interest Are ideas of historical progress obsolete Is it unforgivable to change one's mind or political allegiance Did the eighteenth century really exchange the civilizing force of commercial advantage for political conflict In this new account of liberal thought from its roots in seventeenth century English thinking to the end of the eighteenth century Annabel Patterson tackles these important historiographical questions She rescues the term whig from the low regard attached to it denies the primacy of self interest in the political struggles of Georgian England and argues that while Whigs may have strayed from liberal principles on occasion nobody's perfect nevertheless many were true progressives In a series of case studies mainly from the reign of George III Patterson examines or re-examines the careers of such prominent individuals as John Almon Edmund Burke Sir Joshua Reynolds Thomas Erskine and at the end of the century William Wordsworth She also addresses a host of secondary characters reshaping our thinking about both well known and lesser figures of the time Tracking a coherent sustained and adaptable liberalism throughout the eighteenth century Patterson overturns common assumptions of political cultural and art historians The author delivers fresh insights into the careers of those who called themselves Whigs their place in British political thought and the crucial ramifications of this thinking in the American political arena Book jacket

**Francophilia in English Society, 1748-1815** R. Eagles, 2000-06-22 This book examines the impact of French society on English culture in the second half of the eighteenth century In an age when many historians suggest the inexorable rise of the middle classes was being driven forward by industrialization the English aristocracy stood apart from the trend towards commercial respectability and revelled in all that was best in cosmopolitan fashion and ideas Welcoming the French Revolution as a re-enactment of 1688 they watched aghast as their world descended into the Terror and the onslaught of Bonaparte

**A War of Ideas** Emma Vincent Macleod, 2019-01-15 The responses of British people to the French Revolution has recently received considerable attention from historians British commentators often expressed a sense of the novelty and scale of European wars which followed yet their views on this conflict have not yet attracted such thorough examination This book offers a wide ranging exploration of the attitudes of various groups of British people to the conflict during the 1790s the Government their supporters and their opponents inside and outside Parliament women churchmen and the broad mass of British public opinion It presents the debate in England and Scotland provoked by the war both as the sequel to the French Revolution and as a distinct debate in itself Emma Vincent Macleod argues that contemporaries saw this conflict as one of the first since the wars of religion to be significantly shaped by ideological hostility rather than solely by a struggle over strategic interests

**British Art and the Seven Years' War** Douglas Fordham, 2010-09-10 Between the Jacobite Rebellion of 1745 and the American Declaration of Independence London artists transformed themselves from

loosely organized professionals into one of the most progressive schools of art in Europe In British Art and the Seven Years War Douglas Fordham argues that war and political dissent provided potent catalysts for the creation of a national school of art Over the course of three tumultuous decades marked by foreign wars and domestic political dissent metropolitan artists especially the founding members of the Royal Academy including Joshua Reynolds Paul Sandby Joseph Wilton Francis Hayman and Benjamin West creatively and assiduously placed fine art on a solid footing within an expansive British state London artists entered into a golden age of art as they established strategic alliances with the state even while insisting on the autonomy of fine art The active marginalization of William Hogarth s mercantile aesthetic reflects this sea change as a newer generation sought to represent the British state in a series of guises and genres including monumental sculpture history painting graphic satire and state portraiture In these allegories of state formation artists struggled to give form to shifting notions of national religious and political allegiance in the British Empire These allegiances found provocative expression in the contemporary history paintings of the American born artists Benjamin West and John Singleton Copley who managed to carve a patriotic niche out of the apolitical mandate of the Royal Academy of Arts *The Friends of Liberty* Albert Goodwin,2016-06-10 This book originally published in 1979 traces the growth of English radicalism from the time of Wilkes to the final suppression of the radical societies in 1799 The metropolitan radical movement is described in the context of the general democratic evolution of the West in the age of the American and French revolutions by showing how its direction was influenced by events in France Scotland and Ireland The book emphasizes the importance of the great regional centres of provincial radicalism and of the evolution of a local radical press It also throws light on the impact of Painite radicalism the origins of Anglo french hostilities in 1793 the English treason trials of 1794 the protest movement of 1795 and the final phase of Anglo Irish clandestine republicanism 'Candidates for Fame' Matthew Hargraves,2005-01-01 In 1760 an innovation transformed the character of artistic life in Britain the first public exhibition of art A dispute split exhibitors into rival groups among them the Society of Artists of Great Britain This work examines the Society and looks at the politics and personalities behind the exhibitions Elite Women in English Political Life C.1754-1790 Elaine Chalus,2005-06-16

Publisher description **The Howe Dynasty: The Untold Story of a Military Family and the Women Behind Britain's Wars for America** Julie Flavell,2021-07-20 Finalist George Washington Book Prize New York Times Book Review Editors Choice Finally revealing the family s indefatigable women among its legendary military figures The Howe Dynasty recasts the British side of the American Revolution In December 1774 Benjamin Franklin met Caroline Howe the sister of British General Sir William Howe and Richard Admiral Lord Howe in a London drawing room for half a dozen Games of Chess But as historian Julie Flavell reveals these meetings were about much more than board games they were cover for a last ditch attempt to forestall the outbreak of the American War of Independence Aware that the distinguished Howe family both the men and the women have been known solely for the military exploits of the brothers Flavell investigated the letters of

Caroline Howe which have been blatantly overlooked since the nineteenth century Using revelatory documents and this correspondence The Howe Dynasty provides a groundbreaking reinterpretation of one of England s most famous military families across four wars Contemporaries considered the Howes impenetrable and intensely private or as Horace Walpole called them brave and silent Flavell traces their roots to modest beginnings at Langar Hall in rural Nottinghamshire and highlights the Georgian phenomenon of the politically involved aristocratic woman In fact the early careers of the brothers George Richard and William can be credited not to the maneuverings of their father Scrope Lord Howe but to those of their aunt the savvy Mary Herbert Countess Pembroke When eldest sister Caroline came of age during the reign of King George III she too used her intimacy with the royal inner circle to promote her brothers moving smoothly between a straitlaced court and an increasingly scandalous London high life With genuine suspense Flavell skillfully recounts the most notable episodes of the brothers military campaigns how Richard commanding the HMS Dunkirk in 1755 fired the first shot signaling the beginning of the Seven Years War at sea how George won the devotion of the American fighters he commanded at Fort Ticonderoga just three years later and how youngest brother General William Howe his sympathies torn nonetheless commanded his troops to a bitter Pyrrhic victory in the Battle of Bunker Hill only to be vilified for his failure as British commander in chief to subdue Washington s Continental Army Britain s desperate battles to guard its most vaunted colonial possession are here told in tandem with London parlor room intrigues where Caroline bravely fought to protect the Howe reputation in a gossipy aristocratic milieu A riveting narrative and long overdue reassessment of the entire family The Howe Dynasty forces us to reimagine the Revolutionary War in ways that would have been previously inconceivable

**The Channel** Renaud Morieux,2016-03-29 This book approaches the English Channel as a border which connected as much as it separated France and England in the eighteenth century

**The British Volunteer Movement, 1794-1814** Austin Gee,2003 This volume provides a comprehensive view of the social political and military aspects of the volunteer movement of the French Wars the volunteer infantry yeomanry cavalry and the armed associations in England Scotland and Wales from 1794 to 1814 and in some cases beyond

**A Short History of Electoral Systems in Western Europe** Andrew McLaren Carstairs,2013-04-15 This book provides a concise and accessible account of the historical experience of European parliaments why different electoral systems were adopted how they have functioned how they have affected the development of political parties and in what respects they have been found over time to be either suitable or unsatisfactory The book begins with a summary of the main electoral systems analysing and re assessing each in the light of historical experience The core of the book however is a country by country account of the systems which have operated in each of the main West European countries in the context of their own constitutional political and social developments

Britain and France at the Birth of America Andrew Stockley,2001 This is a comprehensive study of the peace negotiations which ended the American War of Independence It uses a wide range of sources to provide an analysis of the negotiations between Britain and France

Spain the Netherlands and the United States      *Political Obligation in Its Historical Context* John Dunn,2002-04-11 Mr Dunn addresses the central questions of political philosophy from an unusually broad variety of perspectives      British Friends of the American Revolution Jerome R. Reich,2015-04-15 This volume profiles a dozen British men and women who for varying reasons opposed the policy of the British government towards its 13 colonies before and during the American Revolution Their actions helped prepare the way for the recognition of the United States as an independent nation      Pillar of the Constitution Clyve Jones,2010-07-15 This collection of original essays deals with aspects of the history of the House of Lords in the seventeenth and eighteenth centuries including the internal management of the Lords and its external influence

Friends of Freedom Micah Alpaugh,2021-11-11 Demonstrates how the activists who mobilized the Age of Atlantic Revolutions greatest social movements worked together across nations      **The Writings and Speeches of Edmund Burke** Edmund Burke,2015      **Nelson** John Sugden,2004 Historian Sugden has penned one of the most authoritative and captivating accounts ever written of legendary British naval commander Horatio Nelson s early career and rise to prominence      **Tea Party to Independence** Peter David Garner Thomas,1991
