Raft Of The Medusa Gericault Art And Race:

The Raft of the Medusa Albert Alhadeff, 2002 [Blacks and Blackness in European Art of the Long Nineteenth Century](#)
AdrienneL. Childs, 2017-07-05 Compelling and troubling colorful and dark black figures served as the quintessential image of difference in nineteenth century European art the essays in this volume further the investigation of constructions of blackness during this period This collection marks a phase in the scholarship on images of blacks that moves beyond undifferentiated binaries like negative and positive that fail to reveal complexities contradictions and ambiguities Essays that cover the late eighteenth through the early twentieth century explore the visuality of blackness in anti slavery imagery black women in Orientalist art race and beauty in fin de si e photography the French brand of blackface minstrelsy and a set of little known images of an African model by Edvard Munch In spite of the difficulty of resurrecting black lives in nineteenth century Europe one essay chronicles the rare instance of an American artist of color in mid nineteenth century Europe With analyses of works ranging from G cault s *Raft of the Medusa* to portraits of the American actor Ira Aldridge this volume provides new interpretations of nineteenth century representations of blacks [Theodore Gericault, Painting Black Bodies](#)
Albert Alhadeff, 2020-04-07 This book examines Th odore G ricault s images of black men women and children who suffered slavery s trans Atlantic passage in the late eighteenth and early nineteenth centuries including his 1819 painting *The Raft of the Medusa* The book focuses on G ricault s depiction of black people his approach towards slavery and the voices that advanced or denigrated them By turning to documents essays and critiques both before and after Waterloo 1815 and most importantly G ricault s own oeuvre this study explores the fetters of slavery that Gericault challenged alongside a growing number of abolitionists overtly or covertly This book will be of interest to scholars in art history race and ethnic studies and students of modernism *Art in an Age of Counterrevolution, 1815-1848* Albert Boime, 2004-08-18 Publisher Description

I'm Not an Artist Giovanni Aloj, 2025-01-23 Romanticized notions of how one becomes an artist have long been questioned so why do we still fetishize them in popular culture turning a blind eye to the politics of exclusionism that characterize the art world and conforming our creative potential to well trodden stereotypes I m Not an Artist is a critical appraisal of the role of the artist through time and an account of how successful artists have conquered their spot in the history of art from the rise of the Renaissance artist star to the multiplicity of artistic identities we see in the creative landscape today Entertaining informative and packed with important but lesser known stories about how artists became famous it examines the cultural importance of the professional label artist and invites readers to give up the artist myth in order to rediscover creativity beyond the stronghold of institutions markets trends and cultural clich s It s a book about art artists art history and the art market as well as the role creativity plays in our lives and how outdated power structures and professional labels are a hindrance to unlocking creative potential Openly engaging with the contradictions and paradoxes that currently define the relationship between artists the education system and the art market the book proposes an eco

cultural model that can allow artists to reconfigure their identities and in the process tilt the artworld's axis. By turns a critical framework for examining what constitutes the term artist, an alternative art historical account and a no holds barred guide to how the art world really works, this boundary breaking book challenges existing practices, methodologies and metrics of success, calling for a fairer art world that is non elitist and multicultural. It allows readers to critically position themselves in today's art world in a clear, ethically grounded and responsible way. **Mediterranean ARTivism** Elvira

Pulitano, 2022-07-20 This book is an interdisciplinary study aimed at reimagining and re-routing contemporary migrations in the Mediterranean. Drawing from visual arts, citizenship studies, film, media and cultural studies along with postcolonial border and decolonial discourses and examining the issues from within a human rights framework, the book investigates how works of cultural production can offer a more complex and humane understanding of mobility in the Mediterranean beyond representations of illegality and/or crisis. Elvira Pulitano centers the discourse of cultural production around the island of Lampedusa but expands the island geography to include a digital multi-media project, a social enterprise in Palermo, Sicily and overall reflections on race, identity and belonging inspired by Toni Morrison's guest curated Louvre exhibit *The Foreigner's Home*. Responding to recent calls for alternative methodologies in thinking the modern Mediterranean, Pulitano disseminates a fluid archive of contemporary migrations reverberating with ancestral sounds and voices from the African diaspora along a Mediterranean TransAtlantic map. Adding to the recent proliferation of social science scholarship that has drawn attention to the role of artistic practice in migration studies, the book features human stories of endurance and survival aimed at enhancing knowledge and social justice beyond and notwithstanding militarized borders and failed EU policies.

Serial Forms Clare Pettitt, 2020-06-03 *Serial Forms: The Unfinished Project of Modernity 1815-1848* proposes an entirely new way of reading the transition into the modern. It is the first book in a series of three which will take the reader up to the end of the First World War, moving from a focus on London to a global perspective. *Serial Forms* sets out the theoretical and historical basis for all three volumes. It suggests that as a serial news culture and a stadial historicism developed together between 1815 and 1848, seriality became the dominant form of the nineteenth century. Through serial newsprint, illustrations, performances and shows, the past and the contemporary moment enter into public visibility together. *Serial Forms* argues that it is through seriality that the social is represented as increasingly politically urgent. The insistent rhythm of the serial reorganizes time, recalibrates and rescales the social and will prepare the way for the 1848 revolutions which are the subject of the next book. By placing their work back into the messy print and performance culture from which it originally appeared, *Serial Forms* is able to produce new and exciting readings of familiar authors such as Scott, Byron, Dickens and Gaskell. Rather than offering a rarefied intellectual history or chopping up the period into Romantic and Victorian, Clare Pettitt tracks the development of communications technologies and their impact on the ways in which time, history and virtuality are imagined. *The Harlequin Eaters* Janet Beizer, 2024-04-02 How representations of the preparation, sale and consumption of

leftovers in nineteenth century urban France link socioeconomic and aesthetic history The concept of the harlequin refers to the practice of reassembling dinner scraps cleared from the plates of the wealthy to sell replated to the poor in nineteenth century Paris In *The Harlequin Eaters* Janet Beizer investigates how the alimentary harlequin evolved in the nineteenth and early twentieth centuries from the earlier similarly patchworked Commedia dell'arte Harlequin character and can be used to rethink the entangled place of class race and food in the longer history of modernism By superimposing figurations of the edible harlequin taken from a broad array of popular and canonical novels newspaper articles postcard photographs and lithographs Beizer shows that what is at stake in nineteenth century discourses surrounding this mixed meal are representations not only of food but also of the marginalized people the harlequin eaters who consume it at this time when a global society is emerging She reveals the imbrication of kitchen narratives and intellectual aesthetic practices of thought and art presenting a way to integrate socioeconomic history with the history of literature and the visual arts *The Harlequin Eaters* also offers fascinating background to today's problems of food inequity as it unpacks stories of the for profit recycling of excess food across class and race divisions
