Bernard Faure

Rage Of Spirits:

Rage of Spirits Noel Hynd, 1997 The year is 2003 Suddenly and inexplicably the President of the United States has lapsed into a coma His Vice President an unpredictable man with a very definite belief in the supernatural has dispatched his press secretary William Cochrane on a mission that will challenge everything Cochrane has ever believed It is a journey that will take the veteran journalist from hidden Secret Service files to a New England psychic who holds the key to a horrifying 30 year old crime

Rage and Ravage Bernard Faure, 2021-12-31 Written by one of the leading scholars of Japanese religion *Rage and Ravage* is the third installment of a milestone project in our understanding of the mythico ritual system of esoteric Buddhism specifically the nature and roles of deities in the religious world of medieval Japan and beyond Bernard Faure introduces readers to medieval Japanese religiosity and shows the centrality of the gods in religious discourse and ritual in doing so he moves away from the usual textual historical and sociological approaches that constitute the method of current religious studies Throughout he engages theoretical insights drawn from structuralism post structuralism and Actor Network Theory to retrieve the implicit pantheon as opposed to the explicit orthodox pantheon of esoteric Japanese Buddhism Mikkyō In volumes one and two *The Fluid Pantheon* and *Protectors and Predators* Faure argued against a polarity or dichotomy between buddhas and kami by emphasizing the existence of deities that did not belong to either category and he rejected the retrospective notion of hybridity The present work makes a similar case about the reified distinction between gods and demons to show that due to the fluid nature of the Japanese pantheon these terms do not represent stable identities Gods can become demons and demons are sometimes deified Divine protectors were often former predators and in some instances they retained their predatory features even after being converted After emphasizing the demonic aspects of devas as gods or spirits of obstacles in the earlier volumes Faure now focuses on the deva like or divine aspects of deities that have been described as demonic *Rage and Ravage* and its companion volumes persuade readers that the gods constituted a central part of medieval Japanese religion and that the latter cannot be reduced to a simplistic confrontation parallelism or complementarity between some monolithic teachings known as Buddhism and Shinto Once these reductionist labels and categories are discarded a new and fascinating religious landscape begins to unfold

A Double Vision Hermeneutic Samuel Hio-Kee Ooi, 2015-02-26. The aim of this thesis is to unfold the multilayered intersubjective experience of the author himself, a Chinese pastor. The author postulates himself as the subject in whom the said experience was evident so that it can be analyzed and interpreted. The author argues for a cultural linguistic experience of shi as the locus at which the intersubjective experience takes place. He then shows that such experience embodies a Chinese Christian's two texts inheritance and argues that it is through unfolding or revealing of such experience that the nature of his relationship with them can be demonstrated.
