## **Rage To Punish The Unintended Consequences Of Mandatory Sentencing:**

**A Rage to Punish** Lois G. Forer, 1994 Arguing that the American model of harsh prison sentences do not deter crime an experienced judge presents a plan for alternative sentences and a more rational system of sentencing that would cost less and be more effective

**The Handbook of Crime and Punishment** Michael Tonry, 2000-11-09 Crime is one of the most significant political issues in contemporary American society Crime control statistics and punishment policies are subjects of constant partisan debate while the media presents sensationalized stories of criminal activity and over crowded prisons In the highly politicized arena of crime and justice empirical data and reasoned analysis are often overlook or ignored The Handbook of Crime and Punishment however provides a comprehensive overview of criminal justice criminology and crime control policy thus enabling a fundamental understanding of crime and punishment essential to an informed public Expansive in its coverage the Handbook presents materials on crime and punishment trends as well as timely policy issues The latest research on the demography of crime race gender drug use is included and weighty current problems organized crime white collar crime family violence sex offenders youth gangs drug abuse policy are examined Processes and institutions that deal with accused and convicted criminals and techniques of punishment are also examined While some articles emphasize American research findings and developments others incorporate international research and offer a comparative perspective from other English speaking countries and Western Europe Editor Michael Tonry a leading scholar of criminology introduces the 28 articles in the volume each contributed by an expert in the field Designed for a wide audience The Handbook is encyclopedic in its range and depth of content yet is written in an accessible style The most inclusive and authoritative work on the topic to be found in one volume this book will appeal to those interested in the study of crime and its causes effects trends and institutions those interested in the forms and philosophies of punishment and those interested in crime control

**Chaos Or Community?** Holly Sklar, 1995 Holly Sklar presents a disturbing vision of the modern corporation dominated America where the rich get richer the poor are mired in poverty and the society no longer cares for its children

**Prisons 2000** Peter Francis, Roger Matthews, 1996-07-13 A collection of original articles from a number of the world s leading authorities on imprisonment The aim of the book is to review the current state of imprisonment around the world and to look at possible future developments The underlying theme of the book is that imprisonment is undergoing a significant change in a number of different countries and that there are important lessons which can be learned from the analysis of these changes At the same time this book is perceived as a state of the art collection which provides an informed and comprehensive analysis of the major aspects of imprisonment Consequently the book should be of interest to a wide ranging international audience of academic researchers and policy makers as well as students

**The Oxford Handbook of Evidence-based Crime and Justice Policy** Brandon Welsh, Steven N. Zane, Daniel P. Mears, 2024 An evidence based approach to crime and justice policy can go a long way toward ensuring that the best available research is considered in decisions that bear on the

public good However the term evidence based is characterized by a great deal of rhetoric Indeed there remains a marked disjuncture between calls for evidence based policy and an understanding of what it means for policy to be evidence based The calls for evidence based policy nonetheless provide a powerful foundation for propelling a movement toward bringing about rational cost effective and humane policies for the betterment of society This handbook showcases the state of research on evidence based crime and justice policy and the challenges that impede its creation and use The volume has three core objectives to promote new and productive ways to think about evidence based policy to demonstrate how research can contribute to and guide evidence based policy in juvenile justice criminal justice and alternatives to system responses and to identify strategies that can increase reliance on evidence based policy To meet these objectives each chapter is guided by several central questions What do we know about evidence based policy and practice in crime and justice How can we improve knowledge of evidence based policy and practice How can we promote more use of evidence based policy and practice Taken as a whole the volume emphasizes the critical need for policies that are grounded in high quality research that address critical research gaps and that fully acknowledge the limitations of what extant research can do to inform policy decisions

**Sentencing in the Age of Information** Katja Franko Aas, 2005-02-25 How does the fact that we live in information societies reflect on the nature of penal discourse and practice Applying media and communication studies to sentencing and penal culture Kate Franko Aas offers a lucid and innovative account of how punishment is adjusting to a new cultural climate marked by growing demands for information processing transparency and accountability This significant book explores a number of recent penal developments such as risk assessment instruments sentencing guidelines and computerized sentencing information systems and argues that they are instruments of justice with so called Macintosh traits offering pre programmed answers and solutions Franko Aas touches upon issues of decision making at a distance the exercise of discretion databases disembodiment and the changing nature of subjectivity She explores information technology as a cultural environment with profound implications for the nature of penal knowledge governance and identity constitution *Sentencing in the Age of Information* is essential reading for scholars and students interested in sentencing penal culture criminology sociology of law and media and communication studies Joint winner of the 2006 Hart Socio Legal Studies Association Book Prize

Nance,2016-03-11

Adjudicative tribunals in both criminal and non criminal cases rely on the concept of the burden of proof to resolve uncertainty about facts Perhaps surprisingly this concept remains clouded and deeply controversial Written by an internationally renowned scholar this book explores contemporary thinking on the evidential requirements that are critical for all practical decision making including adjudication Although the idea that evidence must favor one side over the other to a specified degree such as beyond reasonable doubt is familiar less well understood is an idea associated with the work of John Maynard Keynes namely that there are requirements on the total amount of evidence considered to decide the case The author expertly explores this distinct Keynesian concept and its implications Hypothetical examples and litigated cases are included to assist understanding of the ideas developed Implications include an expanded conception of the burden of producing evidence and how it should be administered *Encyclopedia of American Prisons* Marilyn D. **Criminal Dilemmas** Katri K. Sieberg, 2013-03-09 Crime is frightening It breeds emotional responses which can lead to counterproductive governmental policy To allow a rational analysis of these important concerns Criminal Dilemmas applies intuition from economics political science and game theory as a way to develop new perspectives about crime and its causes A basic assumption is that the criminal is a rational actor who makes decisions based on his or her personal expected gains and costs By using this assumption predictions about behavior as well as emotional concerns such as prostitution and gun control find a theoretical perspective By understanding the strategic variables which cause for example gangs and their warfare drug sales and the accompanying violence we have a better chance to design effective public policy

**Institutional Violence** Deane Curtin, Robert Litke, 2022-05-20 Violence can be

physical and psychological It can characterize personal actions forms of group activity and abiding social and political policy This book includes all of these aspects within its focus on institutional forms of violence Institution is also a broad category ranging from formal arrangements such as the military the criminal code the death penalty and prison system to more amorphous but systemic situations indicated by parenting poverty sexism work and racism Violence is as complex as the human beings who resort to it its institutional forms pervade our relational lives We are all participants in it as victims and perpetrators The chapters in this book were written in the hope that violence can be explicated even if not fully understood and that such clarification can help us in devising less violent forms of living even if it does not lead to its total abolition The studies bring new aspects of violence to light and offer a number of suggestions for its remedy The Reporter's Handbook Steve Weinberg,1996 Reporters editors and journalists will find this third edition of The Reporter s Handbook an even more impressive resource than prior editions This essential tool for serious journalists identifies hundreds of documents and human sources in both private and government sectors It provides step by step methods for tracking paper trails people trails and computer trails The book also includes coverage of library research computer assisted reporting case studies anecdotes and IRE contest winning pieces This new edition features chapters on the environment transportation housing financial institutions international investigation utilities and non profit organizations Under the sponsorship of Investigative Reporters and Editors Inc Steven Weinberg has revised and polished this journalism classic into a must have reference guide for the classroom and the newsroom **Creating Sanctuary** Sandra L Bloom,2013-04-12 Creating Sanctuary is a description of a hospital based program to treat adults who had been abused as children and the revolutionary knowledge about trauma and adversity that the program was based upon This book focuses on the biological psychological and social aspects of trauma Fifteen years later Dr Sandra Bloom has updated this classic work to include the groundbreaking Adverse Childhood Experiences Study that came out in 1998 information about Epigenetics and new material about what we know about the brain and violence This book is for courses in counseling social work and clinical psychology on mental health trauma and trauma theory The Reinvention of Policing William R. Kelly,Daniel P. Mears,2023-07-03 Written in an accessible style this book provides a historically grounded critique of American policing and offers implementable solutions providing students a comprehensive understanding of modern policing Contemporary policing is in crisis a situation that has led to persistent calls to reform it Unfortunately many proposed solutions focus on piecemeal changes that ignore a fundamental problem policing relies on a largely reactive approach that does not in any systematic or comprehensive way focus on crime prevention Most of what the police do such as responding to 911 calls for service and employing directed patrols or hot spots policing fails to address the causes of crime Compounding this problem is the absence of any institution or agency charged with prioritizing the prevention of crime and for ensuring that police efforts support this goal A central distinguishing feature of this book is its comprehensive approach and the emphasis on policing as part of a much broader set

of changes that must occur both to improve policing and to improve public safety and justice This approach includes retaining what works eliminating what does not drawing on evidence based policy from around the world and creating systemic changes that institutionalize better policing accountability and evaluation processes for ensuring that the police are effective The Reinvention of Policing can be used in courses focused on policing policy and practice specifically when discussing the nature of policing how policing may reflect and contribute to inequality and injustice or how it might improve these social problems
