Public Sentiments Glenn Hendler, 2003-04-03. In this book Glenn Hendler explores what he calls the logic of sympathy in novels by Walt Whitman, Louisa May Alcott, T. S. Arthur, Martin Delany, Horatio Alger, Fanny Fern, Nathaniel Parker Willis, Henry James, Mark Twain, and William Dean Howells. For these nineteenth century writers he argues sympathetic identification was not strictly an individual feminizing and private feeling but the quintessentially public sentiment, a transformative emotion with the power to shape social institutions and political movements. Uniting current scholarship on gender in nineteenth century American culture with historical and theoretical debates on the definition of the public sphere in the period, Hendler shows how novels taught diverse readers to feel right to experience their identities as male or female, black or white, middle or working class through a sentimental, emotionally based structure of feeling. He links novels with such wide ranging cultural and political discourses as the temperance movement, feminism, and black nationalism. *Public Sentiments* demonstrates that whether published for commercial reasons or for higher moral and aesthetic purposes, the nineteenth century American novel was conceived of as a public instrument designed to play in a sentimental key.

Evil Arabs in American Popular Film Tim Jon Semmerling, 2009-06-23. 2006 Runner up Arab American National Museum Book Awards. The evil Arab has become a stock character in American popular films, playing the villain opposite American good guys who fight for the American way. It's not surprising that this stereotype has entered American popular culture given the real world conflicts between the United States and Middle Eastern countries, particularly since the oil embargo of the 1970s and continuing through the Iranian hostage crisis, the first and second Gulf Wars, and the ongoing struggle against al Qaeda. But when one compares the evil Arab of

popular culture to real Arab people the stereotype falls apart In this thought provoking book Tim Jon Semmerling further dismantles the evil Arab stereotype by showing how American cultural fears which stem from challenges to our national ideologies and myths have driven us to create the evil Arab Other Semmerling bases his argument on close readings of six films *The Exorcist* *Rollover* *Black Sunday* *Three Kings* *Rules of Engagement* and *South Park Bigger Longer Uncut* as well as CNN's 9/11 documentary *America Remembers* Looking at their narrative structures and visual tropes he analyzes how the films portray Arabs as threatening to subvert American truths and mythic tales and how the insecurity this engenders causes Americans to project evil character and intentions on Arab peoples landscapes and cultures Semmerling also demonstrates how the evil Arab narrative has even crept into the documentary coverage of 9/11 Overall Semmerling's probing analysis of America's Orientalist fears exposes how the evil Arab of American popular film is actually an illusion that reveals more about Americans than Arabs

Auden to Abbie Hoffman from Keith Haring to the Beastie Boys among many others She argues that St Marks has variously been an elite address an immigrants haven a mafia warzone a hippie paradise and a backdrop to the film *Kids* but it has always been a place that outsiders call home This idiosyncratic work offers a bold new perspective on gentrification urban nostalgia and the evolution of a community
