## **Ragged Rainbows:**

Ragged Rainbows Linda Lael Miller, 2013-04-15 Mitch Prescott was Shay Kendall's savior. He'd bought her mother's mansion on the Washington coast, a financial albatross that Shay couldn't handle. And now he offered her true financial independence, a dream as seductive as Mitch himself. All she had to do was help him write an exposé on her mother, a former Hollywood star. It felt disloyal even though her mother would never know the difference. Once a legend, Rosamond now wasted away in a long-term care facility, clutching a doll she thought was her baby. It would be painful recalling her mother's fickle love and the worst moments of Shay's life. But it could be the one thing that finally allowed Shay to move forward and find her own love. Jack proposes that he and Diana start a secret magical group and use their training and powers to manifest political and social change, exactly what Diana had wanted to do for many years. With two other highly gifted magicians, David Hofstein and April McFarland, Jack and Diana form their coven, devoted to manipulating and changing other people using powerful magic and mind-altering drugs. As the years pass, April, David, and Diana slowly begin to question the wisdom of what they're doing and whether they can trust Jack. After a devastating reality check in November 1963 and with other interests calling each of them, the three quit the group. Coldly angry, Jack packs his things and disappears. Left on her own, Diana follows clues she has been collecting for ten years and tracks down a vampire now using the name Troy Stevenson but born Edward Tillinger in South Kingston, Rhode Island. He has joined a small commune of people starting an organic farm in a sprawling farmhouse in Sheridan, Massachusetts. The group accepts Diana, and she joins their family. For the first time in many years, she feels that she has truly come home. Over the next six years, hints and news trickle back to Diana that suggest Jack may be working alone on a scheme far beyond anything their coven had dreamed of. As Troy investigates reports from Brazil and the Philippines that he thinks may help them solve some

of the mysteries of their vampiric condition Diana realizes that she has unfinished business She is forced to choose between accompanying Troy on his travels and stopping Jack from an action that will change history and life as she knows it forever
