Varnhagen,2024-06-05 A personal look into the mind of one of Europe s first and foremost women of letters At times poetic but not a poem prosaic but not an essay a letter is often pure writing for writing s sake Such is the case for Rahel Varnhagen von Ense n e Levin the illustrious German Jewish Berlin literary salon hostess from the early nineteenth century She penned over ten thousand letters to more than three hundred recipients including princes philosophers poets family members and the family cook Written with a wink at posterity collected and first published after her passing by her husband Karl August Varnhagen von Ense these letters constitute a singular contribution to German literature Varied in subject from family affairs to linguistic literary and pressing social concerns the poignant lyricism of her letters is all the more remarkable when we take into account that High German was not her first language she grew up speaking reading and writing primarily Yiddish Her shaky social status as a woman and a member of a precarious minority combined with an astounding lucidity and a rare capacity to put her thoughts into words made her a force to be reckoned with in her lifetime and thereafter as one of Germany s preeminent women of letters As we see in I Just Let Life Rain Down on Me her voice is as fresh and original as

that of any of the recognized poets and thinkers of her day As Rahel herself put it O ur language is our lived life I invented mine for my own purposes I was less able than many others to make use of preconceived turns of phrase which is why mine are often clumsy and in all respects faulty but always true Compiled and translated by Peter Wortsman this rewarding volume affords English speaking readers the first privileged peek at the mindset of one of Europe s first and foremost women of letters

Jewish Christians and Christian Jews R.H. Popkin,G.M. Weiner,2013-03-07 The appearance of religious toleration combined with the intensification of the search for theological truth led to a unique phenomenon in early modern Europe Jewish Christians and Christian Jews These essays will demonstrate that the cross fertilization of these two religions which for so long had a tradition of hostility towards each other not only affected developments within the two groups but in many ways foreshadowed the emergence of the Enlightenment and the evolution of modern religious freedom

Gender, Canon and Literary History Ruth Whittle,2013-08-28 It has been shown that the total number of women who published in German in the 18th and 19th centuries was approximately 3 500 but even by 1918 only a few of them were known The reason for this lies in the selection processes to which the authors have been subjected and it is this selection process that is the focus of the research here presented The selection criteria have not simply been gender based but have had much to do with the urgent quest for establishing a German Nation State in 1848 and beyond Prutz Gottschall Krey ig and others found it necessary to use literary historiography which had been established by 1835 in order to construct an ideal of Germanness at a time when a political unity remained absent and they wove women writers into this plot After unification in 1872 this kind of weaving seemed to have become less pressing and other discourses came to the fore especially those revolving round femininity vs masculinity and races The study of the processes at work here will enhance current debates about the literary canon by tracing its evolution and identifying the factors which came to determine the visibility or obscurity of particular authors and texts The focus will be on a number of case studies but instead of isolating questions of gender Gender Canon and Literary History will discuss the broader cultural context

Mobile Prussia Ottmar Ette,2021-11-09 Prussia as a nation state as a cultural state as a military power beyond these one dimensional ideas Ottmar Ette s new book unfolds the picture of a multi perspective Prussia From Anton Wilhelm Amo the first black philosopher to matriculate at a Prussian university to Frederick the Great s projection of the Prussian polity onto New Spain and the reign of Moctezuma to the Dutch philosopher Cornelius de Pauw who published his works in French in Berlin and fueled the worldwide Berlin debate about the New World from the Jewish salon of Rahel Varnhagen to Heinrich von Kleist s imagination of the Haitian Revolution to Adelbert von Chamisso and Alexander von Humboldt who was not considered a true Prussian Buried traditions of a history that have been expatriated from the common image of Prussia come to life Ottmar Ette tells of mobile Prussians whose relationships arrange themselves into Prussia as a mobile This book is a translation of the original German 1st edition Mobile Preu en by Ottmar Ette published by J B Metzler imprint of Springer Verlag GmbH Germany part of Springer Nature in 2019

The translation was done with the help of artificial intelligence machine translation by the service DeepL.com. The author with the friendly support of Patricia Gwozdz has subsequently revised the text further in an endeavour to refine the work stylistically.

Communication Ethics in Dark Times Ronald C. Arnett, 2012-12-11. Renowned in the disciplines of political theory and philosophy, Hannah Arendt's searing critiques of modernity continue to resonate in other fields of thought decades after she wrote them. In *Communication Ethics in Dark Times*, Hannah Arendt's *Rhetoric of Warning and Hope* author Ronald C. Arnett offers a groundbreaking examination of fifteen of Arendt's major scholarly works considering the German writer's contributions to the areas of rhetoric and communication ethics for the first time. Arnett focuses on Arendt's use of the phrase 'dark times' to describe the mistakes of modernity defined by Arendt as the post-Enlightenment social conditions, discourses and processes ruled by principles of efficiency, progress and individual autonomy. These principles, Arendt argues, have led humanity down a path of folly, banality and hubris. Throughout his interpretive evaluation, Arnett illuminates the implications of Arendt's persistent metaphor of 'dark times' and engages the question: How might communication ethics counter the tenets of 'dark times' and their consequences? A compelling study of Hannah Arendt's most noteworthy works and their connections to the fields of rhetoric and communication ethics, *Communication Ethics in Dark Times* provides an illuminating introduction for students and scholars of communication ethics and rhetoric and a tool with which experts may discover new insights, connections and applications to these fields. Top Book Award for Philosophy of Communication Ethics by Communication Ethics Division of the National Communication Association, 2013.

This book depicts the long, rich life and wide-ranging work of Count Athanasius Raczyński (1788-1874). By exploring his complex personality, his processes of thought and his accomplishments, it reveals a man at once a wealthy aristocrat, a Pole in the Prussian diplomatic service, an active participant in and perceptive observer and critical commentator on political life, a connoisseur and art collector of European renown and the author of ground-breaking studies on German and Portuguese art in short a distinguished and fascinating nineteenth-century figure.

The Returns of Zionism Gabriel Piterberg, 2020-05-05. In this original and wide-ranging study, Gabriel Piterberg examines the ideology and literature behind the colonization of Palestine from the late nineteenth century to the present. Exploring Zionism's origins in Central Eastern European nationalism and settler movements, he shows how its texts can be placed within a wider discourse of western colonization. Revisiting the work of Theodor Herzl and Gershom Scholem, Anita Shapira and David Ben-Gurion and bringing to light the writings of lesser-known scholars and thinkers influential in the formation of the Zionist myth, Piterberg breaks open prevailing views of Zionism, demonstrating that it was in fact unexceptional, expressing a consciousness and imagination typical of colonial settler movements. Shaped by European ideological currents and the realities of colonial life, Zionism constructed its own story as a unique and impregnable one in the process, excluding the voices of an indigenous people, the Palestinian Arabs.
