Government, State and Municipal Supplement, 1922 Mining Tycoons in the Age of Empire, 1870-1945 Raymond E. Dumett, 2016-12-05 The years of the late nineteenth and early twentieth centuries aptly described by Mark Twain as the Gilded Age witnessed an unprecedented level of technological change material excess untrammled pursuit of profit and imperial expansion Within this dynamic and often ruthless environment many colorful characters strode across the world stage among them the great mining tycoons who with the thousands of prospectors diggers shift bosses timbermen blastmen and muckers in mining enterprise constituted one of the major spearheads of global capitalistic expansion and colonial exploitation This volume which carries the epic story to the mid twentieth century provides a truly international perspective on the role of mining entrepreneurs investors and engineers in shaping the economic and political map of the globe in testing management techniques and in setting a vogue for extravagant displays of wealth among the world's rich Each chapter is loosely focussed on a biographical account of a particular mining tycoon that allows for broad and comparative accounts to be made about the individuals their business interests the technologies they employed and the national and international political considerations under which they operated Furthermore this structure also allows for consideration of the effect that these tycoons had on the countries and territories in which they worked particularly the often long lasting impact on indigenous populations the environment transport links and economic development By approaching the subject matter through this stimulating mix of cultural social economic business and colonial history many intriguing and

thought provoking conclusions are reached that will reward any scholars with an interest late nineteenth and early twentieth century history      *Phoenix* Bradford Luckingham,1995-08-01 More than half of all Arizonans live in Phoenix the center of one of the most urbanized states in the nation This history of the Sunbelt metropolis traces its growth from its founding in 1867 to its present status as one of the ten largest cities in the United States Drawing on a wide variety of archival materials oral accounts promotional literature and urban historical studies Bradford Luckingham presents an urban biography of a thriving city that for more than a century has been an oasis of civilization in the desert Southwest First homesteaded by pioneers bent on seeing a new agricultural empire rise phoenix like from ancient Hohokam Indian irrigation ditches and farming settlements Phoenix became an agricultural oasis in the desert during the late 1800s With the coming of the railroads and the transfer of the territorial capital to Phoenix local boosters were already proclaiming it the new commercial center of Arizona As the city also came to be recognized as a health and tourist mecca thanks to its favorable climate the concept of the good life became the centerpiece of the city s promotional efforts Luckingham follows these trends through rapid expansion the Depression and the postwar boom years and shows how economic growth and quality of life have come into conflict in recent times      The Leading Facts of New Mexican History, Vol. II (Hardcover) Ralph Emerson Twitchell,2007 Historians have long admired Ralph Emerson Twitchell s *The Leading Facts of New Mexican History* considered the first major history of the state Put succinctly by former State Historian Robert J T rrez Twitchell s work of which this is one of the first two volumes Sunstone Press is reprinting in its Southwest Heritage Series has become the standard by which all subsequent books on New Mexico history are measured As Twitchell wrote in the preface of his first volume his goal in writing *The Leading Facts* was to respond to the pressing need for a history of New Mexico with a commitment to accuracy of statement simplicity of style and impartiality of treatment Ralph Emerson Twitchell was born in Ann Arbor Michigan on November 29 1859 Arriving in New Mexico when he was twenty three he immediately became involved in political and civic activities In 1885 he helped organize a new territorial militia in Santa Fe and saw active duty in western New Mexico Later appointed judge advocate of the Territorial Militia he attained the rank of colonel a title he was proud to use for the rest of his life By 1893 he was elected the mayor of Santa Fe and thereafter district attorney of Santa Fe County Twitchell probably promoted New Mexico as much as any single New Mexican of his generation An avid supporter of New Mexico statehood he argued the territory s case for elevated political status celebrated its final victory in 1912 and even designed New Mexico s first state flag in 1915 Just as Twitchell s first edition in 1912 helped celebrate New Mexico s entry into statehood in 1912 the newest edition of the text and illustrations serves as a tribute to the state s centennial celebration of 2012 In the apt words of an editorial in the Santa Fe New Mexican at the time of Twitchell s death in 1925 As press agent for the best things of New Mexico her traditions history beauty glamour scenery archaeology and material resources he was indefatigable and efficient      **Globe** Wilbur A.
