Textual Amulets from Antiquity to Early Modern Times Christoffer Theis, Paolo Vitellozzi, 2022-10-20 Comparing amulets over time and space this volume focuses on the function of written words on these fascinating artefacts Ranging from Roman Egypt to the Middle Ages and the Modern period this book provides an overview on these artefacts in the Mediterranean world and beyond including Europe Iran and Turkey A deep analysis of the textuality of amulets provides comparative information on themes and structures of the religious traditions examined A strong emphasis is placed on the material features of the amulets and their connections to ritual purposes The textual content as well as other characteristics is examined systematically in order to establish patterns of influence and diffusion The question of production which includes the relationships that linked professional magicians artists and craftsmen to their clientele is also discussed as well as the sacred and cultural economies involved

History of civilizations of Central Asia Adle, Chahryar, Baipakov, Karl M., Habib, Irfan, UNESCO, 2003-12-31 The period treated in this volume is highlighted by the slow retreat of nomadism and the progressive increase of sedentary polities owing to a fundamental change in military technology Furthermore this period certainly saw a growing contrast in the pace of economic and cultural progress between Central Asia and Europe The internal growth of the European economies and the influx of silver from the New World gave Atlantic Europe an increasingly important position in world trade and caused a major shift in inland Asian trade Thus 1850 marks the end of the total sway of pre modern culture as the extension of colonial dominance was accompanied by the influx of modern ideas

Health and Wellness in the Renaissance and Enlightenment Joseph P. Byrne, 2013-07-16 Examining a 300 year period that encompasses the Scientific Revolution this engrossing book offers a fresh and clearly organized discussion of the human experience of health medicine and health care from the Age of Discovery to the era of the French Revolution Health and Wellness in the Renaissance and Enlightenment compares and contrasts health care practices of various cultures from around the world during the vital period from 1500 to 1800 These years which include the Age of Discovery and the Scientific Revolution were a period of rapid advance of both science and medicine New drugs were developed and new practices some of which stemmed from increasingly frequent contact between various cultures were initiated Examining the medical systems of Europe Asia Africa and the colonial world this comprehensive study covers a wide array of topics including education and training of medical professionals and the interaction of faith religion and medicine The book looks specifically at issues related to women s health and the health of infants and children at infectious diseases and occupational and environmental hazards and at brain and mental disorders Chapters also focus on advances in surgery dentistry and orthopedics and on the apothecary and his pharmacopoeia

History of Anatomy R. Shane Tubbs, Mohammadali M. Shoja, Marios Loukas, Paul Agutter, 2019-02-12 A unique biographical review of the global contributors to field of anatomy Knowledge of human anatomy has not always been an essential component of medical education and practice Most European medical schools did not emphasize anatomy in their

curricula until the post Renaissance era current knowledge was largely produced between the 16th and 20th centuries Although not all cultures throughout history have viewed anatomy as fundamental to medicine most have formed ideas about the internal and external mechanisms of the body influences on the field of anatomy that are often overlooked by scholars and practitioners of Western medicine History of Anatomy An International Perspective explores the global and ancient origins of our modern day understanding of anatomy presenting detailed biographies of anatomists from varied cultural and historical settings Chapters organized by geographic region including Africa the Middle East and Europe review the lives of those that helped shape our current understanding of the human form Examining both celebrated and lesser known figures this comprehensive work examines their contributions to the discipline and helps readers develop a global perspective on a cornerstone of modern medicine and surgery Offers a comprehensive and multidisciplinary examination of the history of anatomy Traces the emergence of modern knowledge of anatomy from ancient roots to the modern era Fills a gap in current literature on global perspectives on the history of anatomy Written by an internationally recognized team of practicing physicians and scholars History of Anatomy An International Perspective is an engaging and insightful historical review written for anatomists anthropologists physicians surgeons medical personnel medical students health related professionals historians and anyone interested in the history of anatomy surgery and medicine Islamic Civilisation and The Modern World Osman Bakar, 2015-01-21 This book presents a thematic treatment of Islamic civilisation Each of the fourteen chapters comprising this book treats at least one of the major themes that are characteristic of this youngest religiously based civilisation of the world The author s thematic approach is primarily meant to promote a better appreciation of the living nature of Islamic civilisation The book s content provides ample evidence that Islamic civilisation is not merely a passing historical phenomenon The various themes it discusses clearly demonstrate the continuing relevance of Islamic civilisation to the present and future humanity *National Library of Medicine Current Catalog* National Library of Medicine (U.S.), 1971 First multi year cumulation covers six years 1965 70 **A New History Of Cataract Surgery** Christopher T. Leffler, 2025-08-14 Cataract surgery has been the procedure which has almost defined the profession of ophthalmology for millennia Patients have understood that cataract surgery could transform their lives in an almost miraculous way Much of the history of this surgery has been handed down to us and on occasion we have inherited some myths along with the facts In this two volume monograph we sought to uncover the reality behind the myths This book is entitled A New History of Cataract Surgery because it is based on original research from primary sources It is the work of 44 co authors from North America Europe the Middle East and Asia It contains new translations from Latin Greek Sanskrit Chinese Arabic Persian French Dutch and German It contains photographs from private collections We sought to tell stories you might have heard a little about from antiquity onward in a new way Many of the chapters in this book covering the 20th century were written by ophthalmologists who lived through the revolutionary changes in their field and were prime movers in making these

advances **Routledge Handbook on the Sciences in Islamicate Societies** Sonja Brentjes,2023-01-24 The Routledge Handbook on the Sciences in Islamicate Societies provides a comprehensive survey on science in the Islamic world from the 8th to the 19th century Across six sections a group of subject experts discuss and analyze scientific practices across a wide range of Islamicate societies The authors take into consideration several contexts in which science was practiced ranging from intellectual traditions and persuasions to institutions such as courts schools hospitals and observatories to the materiality of scientific practices including the arts and craftsmanship Chapters also devote attention to scientific practices of minority communities in Muslim majority societies and Muslim minority groups in societies outside the Islamicate world thereby allowing readers to better understand the opportunities and constraints of scientific practices under varying local conditions Through replacing Islam with Islamicate societies the book opens up ways to explain similarities and differences between diverse societies ruled by Muslim dynasties This handbook will be an invaluable resource for both established academics and students looking for an introduction to the field It will appeal to those involved in the study of the history of science the history of ideas intellectual history social or cultural history Islamic studies Middle East and African studies including history and studies of Muslim communities in Europe and South and East Asia **Hospitals in Iran and India, 1500-1950s** Fabrizio Speziale,2012-04-19 This work presents a significant panorama of studies on the history and role of hospitals in the Indo Iranian world during the early modern and the modern periods when both traditional Avicennian medicine as well as Western medicine were practiced **Medicine and Power in Tunisia, 1780-1900** Nancy Elizabeth Gallagher,2002-07-25 This study traces Muslim European medical confrontation through Tunisia s response to plague cholera and typhus epidemics **Paths to Asian Medical Knowledge** Charles Leslie,Charles M. Leslie,Allan Young,1992-06-05 From the perspectives of history and cultural anthropology the authors consider problems of knowledge in Chinese medicine the Hindu Buddhist traditions of South Asian medicine and the Greco Arabic traditions of Islamic medicine **Inconceivable Iran** Soraya Tremayne,2022-10-14 Celebrating the 50th volume of the landmark Fertility Reproduction and Sexuality series this book offers a much needed analysis of shifting reproductive policies and practices in the Islamic Republic of Iran a society that is usually represented as either revolutionary or oppressive Instead Tremayne reflects on more than four decades of research arguing that changing reproductive behaviors on the part of ordinary Iranians must always be viewed against the backdrop of core cultural values and traditions which are often reinforced instead of radically altered by new reproductive technologies juridical opinions and state policies
