A wide range of valuable topics are covered that will help legislative reference librarians meet the information demands of legislators and lawmakers including an overview of essential reference services needed by legislators and their staffs, specific protocols and forms of etiquette to observe when promoting services to elected and appointed officials, over 100 frequently consulted titles in legislative references, the usefulness of online resources, how to recognize special services and sensitivity warranted by patrons, and the services and responses to expect in return. It is an invaluable tool for beginning level legislative librarians, public services librarians, and state and federal agency librarians who need an introduction to this unique type of information service.
