Holistic mission or integral mission implies God is concerned with the whole person the whole community body mind and spirit Many Christians concentrate only on one aspect This book reaffirms that to be true to the Bible to follow the example of Jesus the church must address the whole person in all their needs It considers the meaning of the holistic gospel how it has developed and implications for the individual Christian for the local church for denominations and church groups for missionary societies for Christian NGOs and for theological training institutions It takes a global eclectic approach with 19 writers church leaders academics and practitioners all of whom have much experience in and commitment to holistic mission It addresses critically and honestly one of the most exciting challenging and important issues facing the church today To be part of God's plan for God's people the church must take holistic mission to the world      **Walking with the Poor** Bryant L. an overview of missions in the region and exploring how local churches are defining a uniquely Southeast Asian approach to interreligious engagement Combining missiological research with contextual theology this volume offers profound insight into the challenges accompanying missions in a multireligious environment From ethnic and religious conflict resolution to navigating hybrid identities this collection of essays makes an excellent contribution to global conversations surrounding the future of missions in a globalized world

Safari Based Theology Dr. Enos Lwamba, 2012-12-21 In Safari based Theology Dr Enos Lwamba has developed an approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D dissertation The Safari Motif in the Development of Theology in

Africa Dr Lwamba argues that God has used a series of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari mwanzo sasa and mwisho which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbitis The African Concept of Time and Paul Hieberts The Flaw of the Excluded Middle the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way of doing theology and mission in Africa and other contextual situations He also draws parallels to the safari concept from such sources as Augustines City of God John Bunyans The Pilgrims Progress and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes Safari Based Theology a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines
