Mouse vs. Cat in Chinese Literature, 2019-03-18 In literatures worldwide animal fables have been analyzed for their revealingly anthropomorphic views but until now little attention has been given to the animal tales of China The complex competitive relationship between rodents vilified as thieves of grain and the felines with whom they are perennially at war is explored in this presentation of Chinese tales about cats and mice Master translator Wilt Idema situates them in an overview of animal tales in world literature in the Chinese literary tradition as a whole and within Chinese imaginative depictions of animals The tales demonstrate the animals symbolism and their unusually prominent and verbal role in the stories These readings depict cats and mice in conflict in marital bonds and in litigation most centrally in a legal case of a mouse against a cat in the underworld court of King Yama Many of the stories adopt the perspective of the mice as animals merely trying to survive while also recognizing that cats are natural hunters This entertaining volume will appeal to readers interested in Chinese literature and society comparative literature and posthumanist consideration of human animal relations

A History of Chinese Theatre in the 20th Century IV Fu Jin, 2021-09-15 The 20th century was a dynamic period for the theatrical arts in China The four volumes of A History of Chinese Theatre in the 20th Century display the developmental trajectories of Chinese theatre over those hundred years This volume examines the development of Chinese theatrical art from the Cultural Revolution to the end of the 20th century The Cultural Revolution had a devastating influence on the theatrical profession reducing the creation of performance art to serving the political authorities Adopting a critical view the author argues that the Reform and Opening up of the late 1970s not only ended this period of political interference but also brought about chaos and doubts to the theatrical circle since neither tradition nor western concepts were a panacea for the problems faced by Chinese theatre He posits that people should advocate patterns of drama that are rich and colourful in their expression while encouraging the
