Seven Seats To The Moon:

Seven Seats to the Moon Charlotte Armstrong, 1969 *The Virtue of Suspense* Rick Cypert, 2008 Does experiencing a suspenseful situation allow one to develop virtue The suspense writer Charlotte Armstrong 1905 69 no doubt believed that it could In her works she implied the benefits of experiencing suspense by illustrating the rhetorical benefits of resolving it ethically or virtuously Thus in their dealings with other characters her protagonists discover a virtuous approach to resolving suspense that involves an expanded view of the language one uses and the perspective one adopts After writing a number of theatrical plays Armstrong began writing mysteries whodunits and then at the advice of her literary agent changed directions She began writing suspense stories so that her readers if not the other characters would know the identity of the villain This move left her free to focus on how one creates suspense and to what end Her shift in focus coincided with the family's move from New Rochelle NY to Glendale CA in the mid 1940s in time for Armstrong to absorb the elements of suspense in the new genre of film noir Nonetheless while informed by film noir Armstrong's work is set in the everyday the commonplace where with one simple action a series of events are set into motion that keep readers in high suspense In Armstrong's correspondence one observes the lucrative market of women's magazines and newspapers for serialized novels and short stories the painful bottom line of publishing houses the diplomatic skills of literary agents toward their authors the advent of television and its markets for and marketing of literary works and the ever present and ever elusive offers from the film industry This book seeks to understand Armstrong's contribution to popular fiction through an exploration of her childhood diaries her adult correspondence her published and cinematic works the reviews of those works and the recollections of her agent children and grandchildren What emerges is the portrait of a writer whose determination curiosity analytic mien and ideas about humanity shaped her writing in ways that fascinated her critics and readers a fashion that perhaps unconsciously recognized the virtue of suspense in her written works **BOOK JACKET The Mystery Fancier** William F. Deeck, 2008-08-01 A bibliography of various mystery novels published between November 1976 and Fall 1992 **The Horseless Age**, 1906 *Gothic Novels of the Twentieth Century* Elsa J. seen it all But there are times when something beyond his imagination occurs leaving him breathless and wondering what s next Moon Quakes 2005 is about one of those times A time all of us wish we never had to experience We ve heard about sun spots possible ice caps on distant planets even a man made face on Mars As exciting as these things are they are so far away we couldn t imagine them having any real affect on us Oh how wonderful our Master is to keep us so protected from the vast universe He s created Some of us choose to believe any intruder from the heavens would be burned up in our atmosphere prior to its harming The Creator s chosen few But did we ever stop to think about a possible intruder so close a body mass so powerful that it controls our oceans our moods and so many other elements of our lives Unfortunately whenever man begins to feel he s lord and master he s confronted with the truth However this time the truth is more that any generation has experienced since the Great Flood Your wildest imagination would pale in comparision to events brought on by Moon Quakes
