Seven Masters of Supernatural Fiction Edward Wagenknecht, 1991-10-30 Critical essays on J Sheridan Le Fanu Henry James M R James Algernon Blackwood Arthur Machen Walter de la Mare and Marjorie Bowen Seven Masters of Supernatural Fiction Edward Wagenknecht, 1991-10-30 Critical essays on J Sheridan Le Fanu Henry James M R James Algernon Blackwood Arthur Machen Walter de la Mare and Marjorie Bowen **The Furies of Marjorie Bowen** John C. Tibbetts, 2019-11-25 This first book length critical examination of the life and work of Marjorie Bowen 1885 1952 reveals a major English writer whose prodigious output included stories of history romance and the supernatural As Pulitzer Prize winning critic Michael Dirda writes in his Foreword Bowen may be the finest British woman writer of the uncanny of the last century a view that echoes the high regard of cultural historian Edward Wagenknecht who called her a literary phenomenon one whose best work places her alongside such contemporaries as Edith Wharton and Daphne du Maurier Publicly acclaimed known only by a series of pseudonyms including Marjorie Bowen but privately inscrutable she was and is a mysterious and complex character Drawing for the first time upon archival resources and the cooperation of the Bowen Estate this book reveals a woman who saw herself as a rationalist and serious historian but also as a mystic and dark enchantress of dread Above all through a lifetime of domestic storms and creative ecstasy Bowen worked tirelessly as both a professional writer and a consummate artist always seeking as she once confessed to find beauty in dark places *Street Urchins, Sociopaths and Degenerates* David Floyd, 2014-02-15 From the notable emergence of orphan figures in late eighteenth century literature through early and middle period Victorian fiction and as this book argues well into the fin de siecle this potent literary type is remarkable for its consistent recurrence and its metamorphosis as a register of cultural conditions The striking ubiquity of orphans in the literature of these periods encourages inquiry into their metaphoric implications and the manner in which they function as barometers of burgeoning social concerns The overwhelming majority of criticism focusing on orphans centres particularly on the form as an early to middle century convention primarily found in social and domestic works in effect the non traditional aberrant at times Gothic orphan of the fin de siecle has been largely overlooked if not denied outright This oversight has given rise to the need for a study of this potent cultural figure as it pertains to preoccupations characteristic of more recent instances This book examines the noticeable difference between orphans of genre fiction of the fin de siecle and their predecessors in works including first wave Gothic and the majority of Victorian fiction and the variance of their symbolic references and cultural implications *Science Fiction and Fantasy Reference Index, 1985-1991* Halbert W. these twin careers are inextricably linked James's research not only informed his fiction but also reflected his anxieties about the nature of academic life and explored the delicate divide between professional university men and erratic hobbyists or antiquaries Murphy shows how detailed attention to the scholarly inspirations behind James's fiction provides considerable insight into a formative moment in medieval studies as well as into James's methods as a master stylist of understated horror During his life James often claimed that his stories were mere entertainments pleasing distractions from a life largely defined by academic discipline and restraint and readers over the years have been content to take him at his word This intriguing volume however convincingly proves otherwise *Studies in Short Fiction* ,1991 That Other World Princess Grace Irish Library.
