*Reconnecting Aestheticism and Modernism* Bénédicte Coste,Catherine Delyfer,Christine Reynier,2016-10-04 Charting the period that extends from the 1860s to the 1940s this volume offers fresh perspectives on Aestheticism and Modernism By acknowledging that both movements had a passion for the new it goes beyond the alleged divide between Modernism and its predecessors Rather than reading the modernist credo Make it New as a desire to break away from the past the authors of this book suggest reading it as a continuation and a reappropriation of the spirit of the New that characterizes Aestheticism Basing their arguments on recent reassessments of Aestheticism and Modernism and their articulation contributors take up the challenge of interrogating the connections continuities and intersections between the two movements thus revealing the working processes of cultural and aesthetic change so as to reassess the value of the new for each Attending to well known writers such as Waugh Woolf Richardson Eliot Pound Ford Symons Wilde and Hopkins as well as to hitherto neglected figures such as Lucas Malet L S Gibbon Leonard Woolf or George Egerton they revise assumptions about Aestheticism and Modernism and their very definitions This collection brings together international scholars specializing in Aestheticism or Modernism who push their analyses beyond their strict period of expertise and take both movements into account through exciting approaches that borrow from aesthetics philosophy or economics The volume proposes a corrective to the traditional narratives of the history of Aestheticism and Modernism revitalizing definitions of these movements and revealing new directions in aestheticist and modernist studies      *A Comprehensive, Annotated Bibliography on Mahatma Gandhi* Ananda M. Japan ,1923 **Arcadian Visions** Allan R. Ruff,2015-10-31 This book is about Arcadia and the pastoral tradition what it has meant for successive generations and their vision of the landscape as well as the implications this has had for its design and management Today the concept of Arcadia and way it has shaped our landscape is dimly perceived and little understood by landscape architects and those responsible for the management of land This is in marked contrast to previous centuries when the vision of Arcadia and the pastoral was implanted by education among the more privileged in society Young men spent many hours translating and learning by rote the words of Virgil and other classical authors and on the Grand Tour they would be introduced to work of painters like Poussin and Claude and their interpretations of the Ideal pastoral landscape Today Arcadia holds as powerful an influence as at any time in the past and it is important that we plan our urban environment in ways that harmonize with the natural world Arcadian Visions provides an alternative landscape history for all those involved with the landscape either through its design management use or enjoyment It begins by examining the origins of Arcadia and the pastoral in the classical poetry of Theocritus and Virgil and the effects of and on Christianity before outlining its development in renaissance Italy and subsequently in the Netherlands America and England It concludes by looking at how Arcadian ecology is bringing about a reappraisal of the pastoral in the 21st century

A Politics of Grace Christiane Alpers,2018-04-19 Christiane Alpers discusses the contribution and role Christian theology plays in developing of the democratic life in post Christendom societies She discusses the three major approaches to this debate public theology Radical Orthodoxy and post liberal Protestantism in

order to illustrate the shared assumption that such an enhancement should be understood in terms of solving existing political problems The volume builds on and combines public theology's aspiration to craft a non triumphant political theology fit for a post Christendom context Radical Orthodoxy's hesitancy to embrace secularism as neutral centre for present democracies as well as post liberalism's Christocentric outlook Alpers engages with a wide variety of thinkers such as John Milbank Graham Ward John Howard Yoder Kathryn Tanner and Edward Schillebeeckx to suggest that a political theology in the post Christendom context could build on the faith that Christ alone has redeemed the whole world
