What Is Wrong With the Bible? Charles Giuliani, 2018-07-26 The Bible is the number one best selling book of all time No other literary work in history has ever held so many people captive to its claims It is viewed as God s word an infallible moral guidebook and a timeless provider of hope and comfort But is there really any truth to these views Is the Bible really worthy of all this fanfare This book will reveal the ugly truth that the Bible is not at all what its fans think it to be In fact it is the very antithesis thereof And this book will prove all of this by using the bible itself as its own refuter *Explanatory Notes Upon the New Testament. Jones,2013-11-09 The seventh book of Pappus s Collection his commentary on the Domain or Treasury of Analysis figures prominently in the history of both ancient and modern mathematics as our chief source of information concerning several lost works of the Greek geometers Euclid and Apollonius and as a book that inspired later mathematicians among them Viète Newton and Chasles to original discoveries in their pursuit of the lost science of antiquity This presentation of it is concerned solely with recovering what can be learned from Pappus about Greek mathematics The main part of it comprises a new edition of Book 7 a literal translation and a commentary on textual historical and mathematical aspects of the book It proved to be convenient to divide the commentary into two parts the notes to the text and translation and essays about the lost works that Pappus discusses The first function of an edition of this kind is not to expose new discoveries but to present a reliable text and organize the accumulated knowledge about it for the reader s convenience Nevertheless there are novelties here The text is based on a fresh transcription of Vat gr 218 the archetype of all extant manuscripts and in it I have adopted numerous readings on manuscript authority or by emendation that differ from those of the old edition of Hultsch Moreover many difficult parts of the work have received little or no commentary hitherto
