Jesus, Gnosis and Dogma Riemer Roukema,2010-02-18 In *Jesus Gnosis and Dogma* Roukema investigates and assesses the various views of Jesus in early Christianity basing his approach on a distinction between historical and theological statements about Jesus Historical statements can be arrived at through a critical study of the earliest records although Roukema recognizes that scholars differ widely here Theological statements about Jesus are to do with what has been and is believed about him Roukema demonstrates that Gnostic traditions about Jesus mostly derive from the earlier traditions preserved in the New Testament writings and do not give a more accurate view of the historical Jesus He shows that the view of Jesus as the divine Lord Yahweh and Son of God is inspired by an early Jewish pattern that was exploited by the very first Christians In spite of some later dogmatic precisions there is more continuity between the New Testament picture of Jesus and the Nicene creed than between the historical Jesus and the Jesus of early Gnosticism Even the essence of the Trinitarian dogma appears to have Jewish roots **Secrets of Mayan Science/Religion** Hunbatz Men,1990 An engaging study that reveals sacred teachings that the Mayan priesthood hid from Spanish conquistadores in Mexico in 1519 The author explores the scientific and spiritual principles underlying the ancient glyphs numbers and language of the Maya **Afro-Cuban Religions and the Arts** Alan West-Durán,2024-12-10 Afro Cuban Religions and the Arts A Dog Has Four LegsBut Takes Only One Path argues for an understanding of Afro Cuban religions and Vodou through the arts be it through music the visual arts film or literature This book examines the philosophical and spiritual facets of religions like Regla de Ocha Palo Abaku and Vodou and how deeply embedded they are in Cuban popular culture Cuban popular music from son to salsa timba to rap offer reflections on Ocha Palo and Abaku influences Film and visual arts borrow allegory from Regla de Ocha and Palo beliefs Myth and the Haitian Revolution is embedded throughout the work of Alejo Carpentier Aim C saire and Derek Walcott This volume seeks to dialogue with the works of contemporary artists and Caribbean ancestors such as C L R James Wilson Harris and Fern ndez Retamar in order to show the impacts that spiritualism religious belief and mythology have had on Afro Cuban art *Peace Handbooks* Great Britain. Foreign Office. Historical Section,1920 Histories of the Hidden God April D DeConick,Grant Adamson,2016-04-08 In Western religious traditions God is conventionally conceived as a humanlike creator lawgiver and king a being both accessible and actively present in history Yet there is a concurrent and strong tradition of a God who actively hides The two traditions have led to a tension between a God who is simultaneously accessible to humanity and yet inaccessible a God who is both immanent and transcendent present and absent Western Gnostic esoteric

and mystical thinking capitalizes on the hidden and hiding God He becomes the hallmark of the mystics Gnostics sages and artists who attempt to make accessible to humans the God who is secreted away Histories of the Hidden God explores this tradition from antiquity to today The essays focus on three essential themes the concealment of the hidden God the human quest for the hidden God and revelations of the hidden God Paradise Reconsidered in Gnostic Mythmaking Tuomas Rasimus,2009-10-31 This book offers a new understanding of Sethianism and the origins of Gnosticism by examining the mythology in and social reality behind a group of texts to which certain leaders of the early church occasionally attached the label Ophite In the unique Ophite mythology which rewrites the Genesis paradise story and is attested for example in Irenaeus Adversus haereses 1 30 The Apocryphon of John and On the Origin of the World the snake s advice to eat of the tree of knowledge is considered positive the creator and his angels are turned into demonic beasts and the true Godhead is presented as an androgynous heavenly projection of Adam and Eve It is argued that Hans Martin Schenke s influential model of the Sethian system only reveals part of a larger whole to which the Ophite material belongs as an important and organic component *The Water-power of Maine* ,1868 **The Numerical Discourses of the Buddha** ,2012-10-16 The present work offers a complete translation of the Aguttara Nikaya the fourth major collection in the Sutta Pi aka or Basket of Discourses belonging to the Pali Canon **Interpretation and Belief** Austin Farrer,2012-06-26 Austin Farrer s writings show amazing originality and independence of thought To the end of his life he was developing a Christian apologetic that was both thoroughly orthodox and thoroughly contemporary Interpretation and Belief is a collection of essays grouped round three themes Canon Creed and Criteria presenting Farrer s thoughts on the foundations of Christian belief As with Reflective Faith a recently published collection of his essays on philosophical theology the pieces vary considerably both in range and in date they are chosen to stimulate interest rather than to exhaust their subject matter Farrer s studies of the Gospels and his exploration of Christian doctrine both find their place in the larger framework of theistic belief and reveal their author s deep commitment profound learning and ability to hold faith and reason in a creative tension **Apocalypse and the Writings on Revelation** D. H. Lawrence,2002-05-02 Edition of D H Lawrence s last book Apocalypse along with other writings on the Revolution **Opinions and Decisions of the Federal Power Commission** United States.
