Sydie, 2001-01-30 This concise text covers both classical and contemporary social thought It traces the major schools of thought over the past 150 years as they appear and reappear in different chapters and looks at important new voices in social theory The treatment of individual theories and theorists is balanced with the development of key themes and ideas about social life *The Power of Woman* Pamela R. Durso, 2003 Sarah Moore Grimké 1792-1873 wanted to become a useful member of society a goal she met through her impressive contributions to American social reform during the 1830s The issue that loomed largest during that decade was slavery and Sarah became a spokeswoman for and a leader in the abolition movement As a Southern gentlewoman her contributions were unique in that she critiqued the institution based on personal experience But Sarah did more than fight for the rights of slaves Perhaps her greatest contribution was as an advocate of women's rights Her feminist beliefs are set forth in her *Letters on the Equality of the Sexes* 1838 In this collection of letters she implemented a new hermeneutic to interpret biblical verses traditionally considered to subject women to the tyranny of men She confronted the subjugation of women based on divine authority and rejected patriarchal interpretations of Scripture Based on her interpretation of Scripture Sarah advocated full equality for women in education vocation politics and finances She became a role model for many women who later became leaders in the suffrage movement and is still a role model for many today Sarah Moore Grimké confronted racism and prejudice within church society and herself Most books and articles dealing with the Grimké sisters focus on Angelina and no biography has been written of Sarah This is the first book length treatment of Sarah's life and work and as such is indispensable reading for those interested in women's studies racism suffrage history and religious history *Defending Animal Rights* Tom Regan, 2001 He puts the issue of animal rights in historical context drawing parallels between animal rights activism and other social movements including the anti slavery movement in the nineteenth century and the gay lesbian struggle today He also outlines the challenges to animal rights posed by deep ecology and ecofeminism to using animals for human purposes and addresses the ethical dilemma of the animal rights advocate whose employer uses animals for research **BOOK JACKET** *Protest, Power, and Change* Roger S. Women of Ideas Dale

Spender, 2024-11-20 Originally published in 1982 with characteristic energy humour and learning Dale Spender traces three hundred years of women's ideas She uncovers not only the ways and words of women but the methods of men While men control knowledge she argues they are in a position to take women's ideas If they like them they use them if they don't they lose them Every fifty years women are required to reinvent the wheel for every generation of women is initiated into a world in which women's traditions have been denied and buried Providing convincing evidence that women's absence from the record as creative intellectual beings is not women's fault but men's Dale Spender claims at least 150 women from the past and suggests how such erasure can be avoided in the future Given that men take what they want from women's ideas Dale Spender advocates that women withdraw their labour that they go on a knowledge strike for if women cannot control the

knowledge they produce at least they can ensure that it cannot be used as evidence against them Exposing the inadequacies of much modern male scholarship the author provides the readers with the opportunity to share in her own discoveries excitement and mistakes in the process of researching and writing this book The result is that *Women of Ideas And What Men Have Done to Them* is an ambitious and provocative book which will be used as a reference for many years to come and which is also from beginning to end a stimulating read

Protest and Possibility in the Writing of Tillie Olsen Mara Faulkner, 1993 Tillie Olsen's fiction and nonfiction portray with all their harsh contours the lives of people who cannot speak for themselves or whose words have been forgotten or ignored Olsen's writing is neither serene nor despairing In this sensitive thematic reading Mara Faulkner shows that its most subversive function is the assertion that human life can be other than and more than it is Olsen's promise of full creative life aims to make her readers forever dissatisfied with physical emotional and intellectual starvation Faulkner finds in Olsen's writing a triple layered pattern combining protest against oppression blight celebration of courage and strength fruit and the heartening dream of a radically transformed future world possibility She focuses on four of Olsen's main themes motherhood the relationship between men and women community and language and shows how because of social and economic circumstances potentially creative tensions become destructive contradictions motherhood stifles women's lives patriarchy and poverty turn men into enemies of women and children communities force their members into betrayal and language distorts or erases human experience Olsen reveals according to Faulkner the overlapping oppressions of class race gender nationality education and age that both link people and set them apart Yet she refuses to exalt suffering and deprivation In this comprehensive examination of a literature of social consciousness Faulkner approaches Olsen's works within their historical social and political contexts without treating them as propaganda In fact she shows that it is Olsen's compressed poetic style that gives her writing its revolutionary power She illuminates both the author's individual talent and the

traditions in which her works were created traditions of women writers of color writers of the working class and writers who were immigrants or children of immigrants
