The Business Community of Seventeenth-Century England Richard Grassby, 2002-11-07 A comprehensive study of the business community in a pre industrial economy **English Merchants in Seventeenth-Century Italy** Gigliola Pagano De Divitiis, 1997 This book shows how England's conquest of Mediterranean trade proved to be the first step in building its future economic and commercial hegemony and how Italy lay at the heart of that process In the seventeenth century the Mediterranean was the largest market for the colonial products which were exported by English merchants as well as being a source of raw materials which were indispensable for the growing and increasingly aggressive domestic textile industry The new free port of Livorno became the linchpin of English trade with the Mediterranean and together with ports in southern Italy formed part of a system which enabled the English merchant fleet to take control of the region's trade from the Italians In her extensive use of English and Italian archival sources the author looks well beyond Braudel's influential picture of a Spanish dominated Mediterranean world In doing so she demonstrates some of the causes of Italy's decline and its subsequent relegation as a dominant force in world trade **The Making of the English Middle Class** Peter Earle, 1989-01-01 This is the first major study of a neglected yet extremely significant subject the London middle classes in the period between 1660 and 1730 a period in which they created a society and economy that can be seen with hindsight to have ushered in the modern world Using a wealth of material from contemporary sources including wills business papers inventories marriage contracts divorce hearings and the writings of Daniel Defoe and Samuel Pepys Peter Earle presents a fully rounded picture of the middling sort of people getting to the hearts of their lives as men and women struggling for success in the biggest richest and most middle class city in contemporary Europe He examines in fascinating and convincing detail the business life of Londoners from apprenticeship through the problems and potential rewards of different occupational groups going on to look at middle class family social political and material life from relationships with spouses children servants and neighbors to food and clothes and furniture to sickness death and burial Stimulating scholarly and constantly illuminating this book is an important and impressive contribution to English social history *England's Baltic Trade in the Early Seventeenth Century Trade* J. K. Fedorowicz, 1980 England's relationship with the Baltic trading area has remained a generally neglected aspect of English commercial development in the seventeenth century The spectacular colonial ventures have traditionally attracted more historical attention although the Baltic trade in this period was more fundamental to the English economy it supplied precisely those naval commodities such as flax hemp timber pitch and tar which facilitated the creation of fleets for the colonial trades Medieval English trade had been conditioned by a search for markets and the predominantly agricultural economy of the Polish Commonwealth proved to be an ideal target for

cloth exports By the early seventeenth century however this traditional relationship was changing The growing English fleets demanded steady supplies of naval stores which Poland was increasingly unable to supply while the Polish economy weakened by wars and entering a period of decline could no longer afford the luxury of cloth imports from England

English Society 1580-1680 Keith Wrightson,2013-06-17 English Society 1580 1680 paints a fascinating picture of society and rural change in the late sixteenth and early seventeenth centuries Keith Wrightson discusses both the enduring characteristics of society as well as the course of social change and emphasizes the wide variation in experience between different social groups and local communities This is an excellent interpretation of English society its continuity and its change **English Society** Keith Wrightson,2003 A brilliant and persuasive synthesis of the best recent work in all fields of seventeenth century English history Christopher Hill A triumphant success deserves to be widely read H T Dickinson Conceived as an intellectual whole and vibrantly alive John Kenyon The Observer English Society 1580 1680 paints a fascinating picture of society and societal change in the late sixteenth and seventeenth centuries It discusses both the enduring characteristics of society as well as the course of social change The book emphasizes the wide variation in experience between different social groups and local communities and the unevenness of the process of transition to build up an overall interpretation of continuity and change In this edition Keith Wrightson provides a new introduction to set the book in its context and to reflect on recent research together with an updated guide to further reading Keith Wrightson is a professor of history at Yale University His many books include *Earthly Necessities* *Economic Lives in Early Modern Britain*

English Rural Society, 1500-1800 John Chartres,David Hey,2006-11-02 Written largely by her former research students this book honours the varied and creative career of Joan Thirsk **John Locke, Territory, and Transmigration** Brian Smith,2020-12-28 This book examines John Locke as a theorist of migration immigration and the movement of peoples It outlines the contours of the public discourse surrounding migration in the seventeenth century and situates Locke s in depth involvement in these debates The volume presents a variety of undercurrents in Locke s writing his ideas on populationism naturalization colonization and the right to withdrawal the plight of refugees and territorial rights which have great import in present day debates about migration Departing from the popular extant literature that sees Locke advocating for a strong right to exclude foreigners the author proposes a Lockean theory of immigration that recognizes the fundamental right to emigrate thus catering to an age wrought with terrorism xenophobia and economic inequality A unique and compelling contribution the volume will be of great interest to scholars and researchers of political theory political philosophy history of international politics international relations international political economy public policy seventeenth century English history migration and citizenship studies and moral philosophy **Before the Industrial Revolution** Carlo M. Cipolla,2004-08-02 First published in 1993 Routledge is an imprint of Taylor Francis an informa company **The Agrarian Origins of American Capitalism** Allan Kulikoff,1992 Allan Kulikoff s provocative new book traces the rural origins and growth of

capitalism in America challenging earlier scholarship and charting a new course for future studies in history and economics Kulikoff argues that long before the explosive growth of cities and big factories capitalism in the countryside changed our society the ties between men and women the relations between different social classes the rhetoric of the yeomanry slave migration and frontier settlement He challenges the received wisdom that associates the birth of capitalism wholly with New York Philadelphia and Boston and show how studying the critical market forces at play in farm and village illuminates the defining role of the yeomen class in the origins of capitalism The Oxford Illustrated History of Britain Kenneth O. Morgan, 2000 Examines political economic social and culture changes in Great Britain from Roman times to the present

The First Century of Welfare Jonathan Healey, 2014 The first major regional study of poverty and its relief in the seventeenth century the first century of welfare The English Old Poor Law was the first national system of tax funded social welfare in the world It provided a safety net for hundreds of thousands of paupers at a time of very limited national wealth and productivity The First Century of Welfare which focusses on the poor but developing county of Lancashire provides the first major regional study of poverty and its relief in the seventeenth century Drawing on thousands of individual petitions for poor relief presented by paupers themselves to magistrates it peers into the social and economic world of England's marginal people Taken together these records present a vivid and sobering picture of the daily lives and struggles of the poor We can see how their family life their relations with their kin and their neighbours and the dictates of contemporary gender norms conditioned their lives We can also see how they experienced illness and physical and mental disability and the ways in which real people's lives could be devastated by dearth trade depression and the destruction of the Civil Wars But the picture is not just one of poor folk tossed by the tides of fortune It is also one of agency about the strategies of economic survival the poor adopted particularly in the context of a developing industrial economy of the support they gained from their relatives and neighbours and of their willingness to engage with England's developing system of social welfare to ensure that they and their families did not go hungry In this book an intensely human picture surfaces of what it was like to experience poverty at a time when the seeds of state social welfare were being planted JONATHAN HEALEY is University Lecturer in English Local and Social History and Fellow of Kellogg College University of Oxford

Sir Edward Coke and "The Grievances of the Commonwealth," 1621-1628 Stephen D. White, 2017-10-10 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value Shakespeare's London Stephen Porter, 2009-11-15 Everyday life in the teeming metropolis during William Shakespeare's time in the city Identity and Agency in England, 1500-1800 J. Barry, H. French, 2004-11-23 This collection of essays is arranged around the central issue raised by a raft of new empirical research the relationship between social identity or the vision of the self and the ways in which this can explain historical agency If

identities in early modern society were multiple complex and dependent on context rather than homogenous consistent or easily determined then it is difficult to make simple causal links to behaviour This collection aims to make innovative new research on the structures of English society available to the wider scholarly audience The essays use a number of detailed contextual case studies to explore the twin themes of the nature of identities in early modern society and their role in influencing historical agency They examine the variety of identities available to individuals in early modern England and the ways in which these were invoked and employed

The Rise of African Slavery in the Americas David Eltis, 2000 Why were the countries with the most developed institutions of individual freedom also the leaders in establishing the most exploitative system of slavery that the world has ever seen In seeking to provide new answers to this question *The Rise of African Slavery in the Americas* examines the development of the English Atlantic slave system between 1650 and 1800 The book outlines a major African role in the evolution of the Atlantic societies before the nineteenth century and argues that the transatlantic slave trade was a result of African strength rather than African weakness It also addresses changing patterns of group identity to account for the racial basis of slavery in the early modern Atlantic World Exploring the paradox of the concurrent development of slavery and freedom in the European domains David Eltis provides a fresh interpretation of this difficult historical problem

The Tree of Commonwealth, 1450-1793 Whitney Richard David Jones, 2000 While full account is taken of authoritative secondary works including recent scholarly controversies the book's strength comes from the detailed illustration from original sources of its comparative analysis

BOOK JACKET

The Top Books of the Year Seventeenth Century Economic Documents The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. Seventeenth Century Economic Documents : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Seventeenth Century Economic Documents : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
