Seventeenth Summer:

Seventeenth Summer Maureen Daly, 2010-04-27 Seventeen year old Angie who lives with her family in Fond du Lac Wisconsin finds herself in love for the first time the summer after high school graduation **Seventeenth Summer** Maureen Daly, 1985-10-03 Captures the magic and wonder of first love in a story of the special summer relationship between Angie Morrow and Jack Duluth **Disturbing the Universe** Roberta S. Trites, 1998-04-01 The Young Adult novel is ordinarily characterized as a coming of age story in which the narrative revolves around the individual growth and maturation of a character but Roberta Trites expands this notion by chronicling the dynamics of power and repression that weave their way through YA books Characters in these novels must learn to negotiate the levels of power that exist in the myriad social institutions within which they function including family church government and school Trites argues that the development of the genre over the past thirty years is an outgrowth of postmodernism since YA novels are by definition texts that interrogate the social construction of individuals Drawing on such nineteenth century precursors as Little Women and Adventures of Huckleberry Finn Disturbing the Universe demonstrates how important it is to employ poststructuralist methodologies in analyzing adolescent literature both in critical studies and in the classroom Among the twentieth century authors discussed are Blume Hamilton Hinton Le Guin L Engle and Zindel Trites work has applications for a broad range of readers including scholars of children s literature and theorists of post modernity as well as librarians and secondary school teachers Disturbing the Universe Power and Repression in Adolescent Literature by Roberta Seelinger Trites is the winner of the 2002 Children s Literature Association s Book Award The award is given annually in order to promote and recognize outstanding contributions to children s literature history scholarship and criticism it is one of the highest academic honors that can accrue to an author of children s literary criticism **From Morality to Mayhem** Julian Lovelock, 2018-10-25 The stories we read as children are the ones that stay with us the longest and from the nineteenth century until the 1950s stories about schools held a particular fascination Many will remember the goings on at such earnest establishments as Tom Brown s Rugby St Dominic s Greyfriars the Chalet School Malory Towers and Linbury Court In the second part of the twentieth century with more liberal social attitudes and the advent of secondary education for all these moral tales lost their appeal and the school story very nearly died out More recently however a new generation of compromised schoolboy and schoolgirl heroes Pennington Tyke Tiler Harry Potter and Millie Roads have given it a new and challenging relevance Focusing mainly on novels written for young people From Morality to Mayhem charts the fall and rise of the school story from the grim accounts of Victorian times to the magic and mayhem of our own age In doing so it considers how fictional schools not only reflect but sometimes influence real life This captivating study will appeal to those interested in children s literature and education both students and the general reader taking us on a not altogether comfortable trip down memory lane

Sunset Under the Poet's Tree George S. J. Anderson, 2013-12-06 When I see and hear the ubiquitous hype and media coverage for celebrities receiving acclaim after facing their ordeals with breast cancer I hear words like bravery stamina devastating disease how well they are handling the diagnosis and how heroically they are getting on with their lives Most of these same celebrities are alive and well after their diagnosis because of the work done by women like my late wife Lois A Anderson Yet most people have never heard of her If you want to read a book about real bravery real stamina and the power to make real changes that matter to the breast cancer story you need to take the time to read this book Lois came from a poor family coming from conditions most of us would never ascend from and made her mark upon the

world I do not want to be forgotten she told me after being diagnosed with stage III breast cancer at the age of thirty nine She lived eighteen years after that diagnosis and in many ways changed the world with her knowledge support and political advocacy Many throw money at research in an effort to move breast cancer out of the ranks of an incurable cancer into one where most will survive it Lois didnt have money She didnt have the media to tell of her many battles What she did have was a spirit of hope which she used to battle breast cancer on all fronts This is the story of a remarkable woman who in spite of the odds not only survived but also turned an ordeal that would have devastated most of us into a shining example of what one person can do even when they are facing death Sometimes you get the chance to change things she often told me In her short lifetime even with cancer raging through her body she took the chance and did that very thing She not only fought her own personal battle with breast cancer but also fought the war against it Lois pursued such an astonishing life from the moment she came into the world overcoming many obstacles in her quest to rise above the ordinary many conquered before breast cancer entered her life I felt her story had to be told She lived her short life coming from very humble beginnings rising from all of it making changes she hoped would better everyone when it ended on January 17 2011 At the time of her death she was considered a great breast cancer advocate known at the national level She was diagnosed with stage III breast cancer at the age of thirty nine six days before her fortieth birthday in 1992 Signs that could have cautioned her remained muted by an unsuspecting bruise she sustained from an injury several months before her fortieth birthday In time she was treated for the initial breast cancer and remained cancer free for almost ten years until cancer returned in 2001 Then when the odds seemed stacked against her she fought the disease as a stage IV breast cancer survivor metastatic breast cancer from the time of that dire discovery until she died in January 2011 She lived eighteen years from the time she was diagnosed against all prognostications allowing her only five years of survival Over the last six months of her life I began writing a story where I escaped the realities of losing my wife to something I had no control over In a way it transitioned into a metaphoric fable a parallel story of her life Between the lines I allowed myself the chance to create an alternate world where the real trials Lois and I experienced on our last road together eventually made some sense to me in our unpredictable world After she died I began the long process of chronicling her amazing biography and believed I could finish the fictional one Both stories represent a process of coming to terms with her death and a promise I made to not let her be forgotten I began writing her real life story in late February 2011 After I started I found stories and journals Lois had written about herself tucked away in boxes and old folders throughout the house

Feminist Discourse in Irish Literature Jennifer Mooney,2022-07-21 Feminist Discourse in Irish Literature addresses
the role of young adult YA Irish literature in responding and contributing to some of the most controversial and contemporary
issues in today s modern society gender and conflicting views of power sexism and consent This volume provides an original
innovative and necessary examination of how rape culture and the intersections between feminism and power have become
increasingly relevant to Irish society in the years since Irish author Louise O Neill s novels for young adults Only Ever Yours
and Asking For It were published In consideration of the socio political context in Ireland and broader Western culture from
which O Neill s works were written and taking into account a selection of Irish American Australian and British YA texts that
address similar issues in different contexts this book highlights the contradictions in O Neill s works and illuminates their
potential to function as a form of literary social fundamentalism which often undermines rather than promotes equality
