The Legend of the Seventh Son Rory Gallagher, 2015-01-16 Once upon a time a legend was born in Ireland It was said the seventh son of a seventh son would have magical healing power The power was to be used to help others Can you imagine what your life would be like if it was you This is the story of one man's journey The Seventh Son Reay Tannahill, 2013-02-28 A superb historical novel about Richard III the notorious hunchback king whose burial site was recently uncovered which will appeal to fans of Josephine Tey's THE DAUGHTER OF TIME Philippa Gregory's THE KINGMAKER S DAUGHTER and readers of Hilary Mantel At the heart of this stunning novel is the complex human being known to history as Richard III a king whose reign is darkened by the murder of the young Princes in the Tower but who also found a touching love with the woman he married and possessed immense courage As goes the old adage history is written by the victors so Richard III's own story was corrupted by the spokesman of the Tudor regime William Shakespeare And yet here is a man who inspired loyalty and hatred in almost equal measure until at last the implacable enmity of one woman brought about his downfall In this classic novel the paradox of England's most enigmatic king is vividly brought to life It is a family drama in the grand tradition a tale of brother against brother cousin against cousin of love hate and intrigue of women inescapably entangled in the fates of their men and of a mystery that has exercised people's minds for more than five hundred years

McKenzie,2000-04-27 One of the most important and complex characters in the Bible King David has been the subject of innumerable portraits both artistic and literary Michaelangelo s magnificent sculpture of him is perhaps the single best known work of art in the world and the story of the humble shepherd who slew Goliath and became king has assumed a powerful mythological status But was David a real person and if so what kind of person was he Through a close and critical reading of biblical texts ancient history and recent archeological discoveries Steven L McKenzie concludes that David was indeed a real person This David however was no hero but a usurper adulterer and murderer a Middle Eastern despot of a familiar type McKenzie shows that the story of humble beginnings is utterly misleading shepherd is a metaphor for king and David came from a wealthy upper class background Similarly McKenzie reveals how David s ascent to power traditionally attributed to popularity and divine blessing in fact resulted from a campaign of terror and assassination While instituting a full blown Middle Eastern monarchy David was an aggressive leader a devious politician and a ruthless war chief Throughout his scandalous reign important figures who stood in his way died at convenient times under questionable circumstances Even his own sons were not spared David s story writes McKenzie reads like a modern soap opera with plenty of sex violence and struggles for power Carefully researched and vividly written *King David An Unauthorized Biography* offers a provocative reappraisal of the life of one of the Bible s most compelling figures Notes and Queries ,1883 **Magical Medicine** Wayland D. Hand,2023-04-28 Distilling baby s first tear into the eye of a blind man to make him see Plucking herbs upward for emetics and downward for purgatives Stroking one s goiter with a dead man s hand to make the growth shrivel away these are not beliefs and customs found among primitive peoples in remote parts of the world but are examples of hundreds of items of magical medicine found in Professor Hand s remarkable collection of essays dealing with this neglected field in twentieth century Europe and America Fantasy and imagination still have free reign in people s lives more than any of us will admit In a time when science is preeminent irrational thinking ca lay hold on the mid of man as much as in olden times Folk medicine has expanded in recent years to include holistic medicine and other forms of alternative medicine but little attention has been paid to magical medicine Despite the benefits of medical science in an advance culture the magical medicine of Europe and America has clung to an unusually rich and original body of magical lore that lies at the base of its folk medical thought Ethnomedicine in the inner cities of America can be better understood by practitioners who know

something about folk medicine and especially if they know some of the basics of magical medicine This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980
