Levi's Vindication Kenneth R. Stow, 2017-11-30 The 1007 Anonymous an imaginative brief text composed in the third or early fourth decade of the thirteenth century illustrates the proper relations between Jews and their lay rulers and the pope The pope consistent in applying laws that both restricted and protected Jews is seen as a just ruler Kings and dukes by contrast were inconsistent and capricious threatening Jewish life This message had to be conveyed indirectly and the 1007's vehicle for doing so was a fictional story of murderous attack and forced conversion known as The Terrible Event of the Year 1007 Yet by examining the details of this story which include a direct borrowing from The Quest of the Grail composed in 1221 and a reference to coinage that could only have been made during the early thirteenth century the actual time and the purpose of the 1007's composition is revealed Claims that the veracity of the story and the actuality of the supposed massacre are demonstrated thorough a comparison with the chronicles of Raoul Glaber and Ademar of Chabannes are shown to be incorrect as part of Stow's larger discussion of the correct approach to reading medieval Hebrew texts Students of the 1007 have in fact inverted the order using the 1007 to give credence to the fantasies of the two Christian writers That the 1007 was not substantiable by such comparisons was demonstrated by the great French scholar Israel Levi at the turn of the twentieth century No one however paid him heed regrettably for he was absolutely correct Appropriately this book is titled Levi's Vindication

Scenting Salvation Susan Ashbrook Harvey, 2006-06-07 This book explores the role of bodily sensory experience in early Christianity first seventh centuries AD by focusing on the importance of smell in ancient Mediterranean culture Following its legalization in the fourth century Roman Empire Christianity cultivated a dramatically flourishing devotional piety in which the bodily senses were utilized as crucial instruments of human divine interaction Rich olfactory practices developed as part of this shift with lavish uses of incense holy oils and other sacred scents At the same time Christians showed profound interest in what smells could mean How could the experience of smell be construed in revelatory terms What specifically could it convey How and what could be

known through smell Scenting Salvation argues that ancient Christians used olfactory experience for purposes of a distinctive religious epistemology formulating knowledge of the divine in order to yield in turn a particular human identity Using a wide array of Pagan Jewish and Christian sources Susan Ashbrook Harvey examines the ancient understanding of smell through religious rituals liturgical practices mystagogical commentaries literary imagery homiletic conventions scientific medical and cosmological models ascetic disciplines theological discourse and eschatological expectations In the process she argues for a richer appreciation of ancient notions of embodiment and of the roles the body might serve in religion
