Sex Among Allies Military Prostitution In U S Korea Relations:

Sex Among Allies Professor Katharine H S Moon, Katharine Hyung-Sun Moon, 1997 Drawing on a vast array of data archival materials interviews with officials social workers and the candid revelations of sex industry workers Moon explores the way in which the bodies of Korean prostitutes where when and how they worked and lived were used by the United States and the Korean governments in their security agreements Weaving together issues of gender race sex the relationship between individuals and the state and foreign policy she shows how women such as the Korean prostitutes are marginalized and made invisible in militarily dependent societies both because of the degradation of their work and because of their importance for national security Entangling Alliances Susan Zeiger, 2010-03-01 Throughout the twentieth century American male soldiers returned home from wars with foreign born wives in tow often from allied but at times from enemy nations resulting in a new official category of immigrant the allied war bride These brides began to appear en masse after World War I peaked after World War II and persisted through the Korean and Vietnam Wars GIs also met and married former enemy women under conditions of postwar occupation although at times the US government banned such unions In this comprehensive complex history of war brides in 20th century American history Susan Zeiger uses relationships between American male soldiers and foreign women as a lens to view larger issues of sexuality race and gender in United States foreign relations Entangling Alliances draws on a rich array of sources to trace how war and postwar anxieties about power and national identity have long been projected onto war brides and how these anxieties translate into public policies particularly immigration **Cold War** Spencer C. Tucker, Priscilla Roberts, 2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker Cold War A Student Encyclopedia captures the vast scope day to day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union Cold War A Student Encyclopedia offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student reference on the dominant geopolitical phenomenon of the late 20th century **The Road to Multiculturalism in South Korea** Timothy C. Lim, 2020-12-14 This book aims to capture the complicated development of Korea from monoethnic to multicultural society challenging the narrative of ethnonational continuity in Korea through a discursive institutional approach At a time when immigration is changing the face of South Korea and an increasingly diverse

society becomes empirical fact this doesn't necessarily mean that multiculturalism has been embraced as a normative policy based response to that fact. The approach here diverges from existing academic analyses which tend to conclude that core institutions defining Korea's immigration and nationality regimes and which crucially also reflect a basic and hitherto unyielding commitment to racial and ethnic homogeneity will remain largely unaffected by increasing diversity. Here this title underscores the critical importance of discursive agency as a necessary corrective to still dominant power and interest-based arguments. In addition, discursive agents are found to play a central role in communicating, promoting, and helping to instill the ideas that create a basis for change on the road to remaking Korean society.

The Road to Multiculturalism in South Korea will be of interest to students and scholars of Asian studies, immigration and migration studies, race and ethnic studies, as well as comparative politics broadly.

Pulp Vietnam Gregory A. Daddis, 2020-10-22 Explores how Cold War men's magazines idealized warrior heroes and sexual conquerors and normalized conceptions of martial masculinity.

Gender Trouble in the U.S. Military Stephanie Szitanyi, 2019-11-26 This book investigates challenges to the U.S. military's gender regime of hetero male privilege. Examining a broad set of discursive maneuvers in a series of cases as focal points: integration of open homosexuality, the end of the combat ban on women, and the epidemic nature of military sexual assault within its units. Stephanie Szitanyi examines the contemporary link between gender and military service in the United States and comprehensively analyzes forms of gendering produced by the military as an institution. Using feminist interpretivist methods to analyze an impressive combination of visual, textual, archival, and cultural materials, the book argues that despite policy changes since 2013 that may be positioned as explicit episodes of degendering, military officials have simultaneously moved to counteract them and reinforce the institution's gender regime of hetero male privilege. Importantly, these re-gendering processes continue to prioritize certain forms of service and sacrifice through which a specific version of masculinity, the masculine warrior, is continuously promoted, preserved, and cemented.

Koreatowns Jinwon Kim, Soo Mee Kim, Stephen Cho Suh, 2020-06-30 This collection defines Koreatowns as spatial configurations that concentrate elements of Korea: demographically, economically, politically, and culturally. The contributors provide exploratory accounts and critical evaluations of Koreatowns in different countries throughout the world. Ranging from familiar settings such as Los Angeles and New York City to more unfamiliar locales such as Singapore, Beijing, Mexico, U.S.-Mexico borderlands, and the American Midwest, this collection not only examines the social characteristics and contours of these spaces but also the types of discourses and symbols that they exude.

Reconsidering Radical Feminism Jessica Joy Cameron, 2018-04-01 What's the right way to be a feminist? The political discourse of sexuality in the 1980s and 90s was framed by the divergent, passionately held positions of radical feminism and sex-positive feminism. *Reconsidering Radical Feminism* is a precise summary of late twentieth-century feminist debates about the politics of heterosexuality. But it is more than that. Transcending a right/wrong approach, Jessica Joy Cameron examines how we become invested in arguments that position us as particular kinds of

feminists and as gendered subjects She maintains the poststructural position that heterosexual practices have no inherent or fixed universal meaning while validating the claim that they are often deployed as gendered strategies of stratification Cameron uses queer theory and affect theory to investigate the legacy of the feminist sex wars In doing so she reveals the timeliness of her subject in an era of debates about sexual assault consent and safe spaces Asian Americans Xiaojian Zhao,Edward J.W. Park Ph.D.,2013-11-26 This is the most comprehensive and up to date reference work on Asian Americans comprising three volumes that address a broad range of topics on various Asian and Pacific Islander American groups from 1848 to the present day This three volume work represents a leading reference resource for Asian American studies that gives students researchers librarians teachers and other interested readers the ability to easily locate accurate up to date information about Asian ethnic groups historical and contemporary events important policies and notable individuals Written by leading scholars in their fields of expertise and authorities in diverse professions the entries devote attention to diverse Asian and Pacific Islander American groups as well as the roles of women distinct socioeconomic classes Asian American political and social movements and race relations involving Asian Americans **Tip of the Spear** Alfred Peredo Flores,2023-09-15 In *Tip of the Spear* Alfred Peredo Flores argues that the US occupation of the island of Gu han Guam one of the most heavily militarized islands in the western Pacific Ocean was enabled by a process of settler militarism During World War II and the Cold War Gu han was a launching site for both covert and open US military operations in the region a strategically significant role that turned Gu han into a crucible of US overseas empire In 1962 the US Navy lost the authority to regulate all travel to and from the island and a tourist economy eventually emerged that changed the relationship between the Indigenous CHamoru population and the US military further complicating the process of settler colonialism on the island The US military occupation of Gu han was based on a co constitutive process that included CHamoru land dispossession discursive justifications for the remaking of the island the racialization of civilian military labor and the military s policing of interracial intimacies Within a narrative that emphasizes CHamoru resilience resistance and survival Flores uses a working class labor analysis to examine how the militarization of Gu han was enacted by a minority settler population to contribute to the US government s hegemonic presence in Oceania *Korean Attitudes Toward the United States* David I. Steinberg,2015-05-11 This is the first book length work in English dealing with the crucial and troubled relationship between Korea and the United States Leading scholars in the field examine the various historical political cultural and psychological aspects of Korean American relations in the context of American global and East Asian relationships especially with Japan **Critical Theology against US Militarism in Asia** Nami Kim,Wonhee Anne Joh,2016-12-24 Drawing on cultural studies scholar Kuan Hsing Chen s threefold notion of decolonization deimperialization and de cold war this book provides analyses of the interrelated issues concerning the relationship between Christianity and the United States imperialist militarism in the Asia Pacific Contributors explore the effects of US imperialist militarism on the formation of Asian and Asian American

collective subjectivity and inter intra subjectivity The book investigates the ways in which Christianity broadly defined in its own complexity has been complicit in maintaining and reinforcing US imperialist military agendas in both national and international contexts Conversely the volume also discusses the various sites and instances where Christianity has managed to serve as a force of resistance against US imperialist militarism **Power, Interest, and Identity in Military Alliances**

Kovner,2012-02-08 The year was 1945 Hundreds of thousands of Allied troops poured into war torn Japan and spread throughout the country The effect of this influx on the local population did not lessen in the years following the war s end In fact the presence of foreign servicemen also heightened the visibility of certain others particularly panpan streetwalkers who were objects of their desire Occupying Power shows how intimate histories and international relations are interconnected in ways scholars have only begun to explore Sex workers who catered to servicemen were integral to the postwar economic recovery yet they were nonetheless blamed for increases in venereal disease and charged with diluting the Japanese race by producing mixed race offspring In 1956 Japan passed its first national law against prostitution which produced an unanticipated effect By ending a centuries old tradition of sex work regulation it made sex workers less visible and more vulnerable This probing history reveals an important but underexplored aspect of the Japanese occupation and its effect on gender and society It shifts the terms of debate on a number of controversies including Japan s history of forced sexual slavery rape accusations against U S servicemen opposition to U S overseas bases and sexual trafficking *Marian Reflections on War and Peace* Lenart Škof,Emily A.
