Sex And Power In History:

Sex and Power in History Amaury De Riencourt, 1974 See index for homosexuality and lesbianism *Sex and Power* Rita Banerji, 2008-11-14 Sex underlies human existence and if human life is sacred how can sex not be As squeamish as India is today about sex this is also the land where queens once copulated with head horses at religious ceremonies where the art of love making was declared the revelation of the gods and recorded in elaborate detail in the kama sutras and prostitution was a form of sacred offering at temples adorned with erotic sculptures Using India as a paradigm Rita Banerji illustrates that sexual morality is not an absolute but a facet of living that undergoes periodic upheavals She delineates four major periods in Indian history when there were significant shifts in the collective social perception of sex and sexuality and the associated customs and beliefs What causes this revision in sexual ethos To explain this Sex and Power proposes a modified version of Nietzsche's slave versus master morality theory The theory which is tested against the dynamics of each of the four defined periods establishes that the moral overview of any given period is determined not by a set of pre-existing ethics but by the existent power structure of the period in question The accepted moral code actually serves the party in power How would this theory play out in the context of India today Banerji examines this question at length as one of extreme urgency and concludes that the three most burning issues facing the country today population explosion AIDS and female genocide are the manifestations of a collective sexual malfunctioning of society and need to be redressed in the context of an existent social and economic power hierarchy **Women and Power in History** Amaury De Riencourt, 1989 Passion and Power Kathy Lee Peiss, Christina Simmons, Robert A. Padgug, 1989 Passion and Power brings together some of the most recent and innovative writings on the history of sexuality and explores the experiences ideas and conflicts that have shaped the emergence of modern sexual identities Arguing that sexuality is not an unchanging biological reality or a universal natural force the essays in this volume discuss sexuality as an integral part of the history of human experience Articles on sexual assault homosexuality birth control venereal disease sexual repression pornography and the AIDS epidemic examine the ways that sexuality has become a core element of modern social identity in the nineteenth and twentieth century United States It is only in recent years that historians have begun to examine the social construction of sexuality This is the first anthology that addresses this issue from a radical historical perspective examining sexuality as a field of contention in itself and as part of other struggles rooted in divisions of gender class and race Author note Kathy Peiss is Associate Professor of History and Women's Studies at the University of Massachusetts at Amherst and author of Cheap Amusements Working Women and Leisure in Turn of the century New York Temple P Christina Simmons is Assistant Professor of History at the University of Cincinnati Raymond Walters College **Sex, Honor, and Power in the Deuteronomistic History** Kenneth Stone, 1996-11-01 In this original work Stone studies the structure and social presuppositions of several narratives from the Deuteronomistic History in which sexual activity plays a significant role Both narratological and anthropological tools are

utilized in the textual analysis Stone interestingly notes the link between sexual activity gender and prestige structures the emphasis on male contest and female chastity discussed by anthropologists of honour and shame and the role of the exchange of women in relations between men In each story sexual practice is primarily related to male struggles for honour and power

Gender, Sexuality, and Power in Latin America Since Independence William E. French, Katherine Elaine Bliss, 2007 Integrates gender and sexuality into the main currents of historical interpretation concerning Latin America

Sex, Power, and Slavery Gwyn Campbell, Elizabeth Elbourne, 2014-12-10 Sexual exploitation was and is a critical feature of enslavement Across many different societies slaves were considered to own neither their bodies nor their children even if many struggled to resist At the same time paradoxes abound for example in some societies to bear the children of a master was a potential route to manumission for some women

Sex Power and Slavery is the first history of slavery and bondage to take sexuality seriously Twenty six authors from diverse scholarly backgrounds look at the vexed traumatic intersections of the histories of slavery and of sexuality They argue that such intersections mattered profoundly and indeed that slavery cannot be understood without adequate attention to sexuality

Sex Power and Slavery brings into conversation historians of the slave trade art historians and scholars of childhood and contemporary sex trafficking The book merges work on the Atlantic world and the Indian Ocean world and enables rich comparisons and parallels between these diverse areas Contributors David Brion Davis Martin Klein Richard Hellie Abdul Sheriff Griet Vankeerberghen E Ann McDougall Matthew S Hopper Marie Rodet George La Rue Ulrike Schmieder Tara Iniss Mariana Candido James Francis Warren Johanna Ransmeier Roseline Uyanga with Marie Luise Ermisch Francesca Ann Louise Mitchell Shigeru Sato Gabeba Baderoon Charmaine Nelson Ana Lucia Araujo Brian Lewis Ronaldo Vainfas Salah Trabelsi Joost Cot Sandra Evers and Subho Basu

An Analysis of Michel Foucault's The History of Sexuality Rachele Dini, Chiara Briganti, 2017-07-12 Michel Foucault is famous as one of the 20th century's most innovative and wide ranging thinkers The qualities that made him one of the most read and influential theorists of the modern age find full expression in *History of Sexuality* the last project Foucault was able to complete before his death in 1984 Central to Foucault's appeal is the creativity of his thought Creative thinking takes many forms from redefining an issue in a novel way to making unexpected and illuminating connections Foucault's particular talent could perhaps best be described as turning questions inside out In the case of sexuality for instance his interpretation of the historical evidence led him to argue that the sexual categories that we are used to homosexual lesbian straight and so on are not natural but constructs that are products of the ways in which power and knowledge interact in society Such categories Foucault continues actually serve to produce the desires they seek to name And their creation in turn is closely linked to the power that society exerts on those who belong to different sexual groups Foucault's ideas familiar now were so novel in their time that they proved highly challenging But to see the world through Foucault's thought is to see it in a profoundly different and illuminating way an example of creative

thinking at its best **The Routledge History of Sex and the Body** Sarah Toulalan, Kate Fisher, 2013-03-20 The Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day The history of sex and the body is an expanding field in which vibrant debate on for instance the history of homosexuality is developing This book examines the current scholarship and looks towards future directions across the field The volume is divided into fourteen thematic chapters which are split into two chronological sections 1500 1750 and 1750 to present day Focusing on the history of sexuality and the body in the West but also interactions with a broader globe these thematic chapters survey the major areas of debate and discussion Covering themes such as science identity the gaze courtship reproduction sexual violence and the importance of race the volume offers a comprehensive view of the history of sex and the body The book concludes with an afterword in which the reader is invited to consider some of the tensions problems and areas deserving further scrutiny Including contributors renowned in their field of expertise this groundbreaking collection is essential reading for all those interested in the history of sexuality and the body **Sex, Power and the Games** K. Woodward, 2012-06-12 This book explores the social and cultural impact of the Olympic Games examining gender and sport the inequalities between nations and people and at what the Games offer and how they are changing in relation to spectacles spectatorship and culture including the links between art and sport **The Routledge Guidebook to Foucault's The History of Sexuality** Chloe Taylor, 2016-11-03 Michel Foucault's The History of Sexuality is one of the most influential philosophical works of the twentieth century and has been instrumental in shaping the study of Gender Feminist Theory and Queer Theory But Foucault's writing can be a difficult book to grasp as Foucault assumes a familiarity with the intellectually dominant theories of his time which renders many passages obscure for newcomers to his work The Routledge Guidebook to Foucault's The History of Sexuality offers a clear and comprehensive guide to this groundbreaking work examining The historical context in which Foucault wrote A critical discussion of the text which examines the relationship between The History of Sexuality The Use of Pleasure and The Care of The Self The reception and ongoing influence of The History of Sexuality Offering a close reading of the text this is essential reading for anyone studying this enormously influential work *Sexuality in World History* Peter N. Stearns, 2017-02-14 This book examines sexuality in the past and explores how it helps explain sexuality in the present The subject of sexuality is often a controversial one and exploring it through a world history perspective emphasizes the extent to which societies including our own are still reacting to historical change through contemporary sexual behaviors values and debates The study uses a clear chronological structure to focus on major patterns and changes in sexuality both sexual culture and sexual behaviors in the main periods of world history covering topics including The sexual implications of the transition from hunting and gathering economies to agricultural economies Sexuality in classical societies The postclassical period and the spread of the world religions Sex in an age of trade and colonies Changes in sexual behaviors and sexual attitudes between 1750 and 1950 Sex in contemporary world

history This new edition examines these issues on a global scale with attention to anthropological insights on sexuality and their relationship to history the dynamics between sexuality and imperialism sexuality in industrial society and trends and conflicts surrounding views of sex and sexuality in the contemporary world *A Craving Vacancy* Susan Ostrov

Weisser,1997 Susan Ostrov Weisser scrutinizes sexuality by questioning the changing ideas of romantic love and femininity in Victorian England Focusing her analysis on the works of Samuel Richardson George Eliot and Emily and Charlotte Bronte Weisser reveals the complex relationship between conceptions of romantic passion and tenets of sexuality She defines the Victorian period as a time when these ideas were shifting according to changing ideas of gender With close attention to textual details she introduces the concept of Moral Femininity placing it in useful opposition to the competing Victorian ideal of the Lady **A Natural History of Rape** Randy Thornhill,Craig T. Palmer,2001-02-23 A biologist and an anthropologist

use evolutionary biology to explain the causes and inform the prevention of rape In this controversial book Randy Thornhill and Craig Palmer use evolutionary biology to explain the causes of rape and to recommend new approaches to its prevention According to Thornhill and Palmer evolved adaptation of some sort gives rise to rape the main evolutionary question is whether rape is an adaptation itself or a by product of other adaptations Regardless of the answer Thornhill and Palmer note rape circumvents a central feature of women s reproductive strategy mate choice This is a primary reason why rape is devastating to its victims especially young women Thornhill and Palmer address and claim to demolish scientifically many myths about rape bred by social science theory over the past twenty five years The popular contention that rapists are not motivated by sexual desire is they argue scientifically inaccurate Although they argue that rape is biological Thornhill and Palmer do not view it as inevitable Their recommendations for rape prevention include teaching young males not to rape punishing rape more severely and studying the effectiveness of chemical castration They also recommend that young women consider the biological causes of rape when making decisions about dress appearance and social activities Rape could cease to exist they argue only in a society knowledgeable about its evolutionary causes The book includes a useful summary of evolutionary theory and a comparison of evolutionary biology s and social science s explanations of human behavior The authors argue for the greater explanatory power and practical usefulness of evolutionary biology The book is sure to stir up discussion both on the specific topic of rape and on the larger issues of how we understand and influence human behavior

The Twentieth Century ,1920 **Enactments** Daniel Dervin,1996 These models begin with analogies to the theater as arena of accepted illusion and dramatic characters as types of imposters Political processes then come into sharper focus as the leader serves as delegate for a host of popular wishes fears and agendas that extend into the unconscious and comprise a group fantasy Group fantasy not only empowers the delegate but also defines and occasionally destroys this chosen figure as well **Culture/Power/History** Nicholas B. Dirks,Geoffrey H. Eley,Sherry B. Ortner,2021-04-13 The intellectual radicalism of the 1960s spawned a new set of questions about the role and nature of the political in social life questions that have since

revolutionized nearly every field of thought from literary criticism through anthropology to the philosophy of science Michel Foucault in particular made us aware that whatever our functionally defined roles in society we are constantly negotiating questions of authority and the control of the definitions of reality Such insights have led theorists to challenge concepts that have long formed the very underpinnings of their disciplines By exploring some of the most debated of these concepts culture power and history this reader offers an enriching perspective on social theory in the contemporary moment Organized around these three concepts Culture Power History brings together both classic and new essays that address Foucault's new economy of power relations in a number of different contestatory directions Representing innovative work from various disciplines and sites of study from taxidermy to Madonna the book seeks to affirm the creative possibilities available in a time marked by growing uncertainty about established disciplinary forms of knowledge and by the increasing fluidity of the boundaries between them The book is introduced by a major synthetic essay by the editors which calls attention to the most significant issues enlivening theoretical discourse today The editors seek not only to encourage scholars to reflect anew on the course of social theory but also to orient newcomers to this area of inquiry The essays are contributed by Linda Alcoff Cultural Feminism versus Post Structuralism Sally Alexander Women Class and Sexual Differences in the 1830s and 1840s Tony Bennett The Exhibitionary Complex Pierre Bourdieu Structures Habitus Power Nicholas B Dirks Ritual and Resistance Geoff Eley Nations Publics and Political Cultures Michel Foucault Two Lectures Henry Louis Gates Jr Authority White Power and the Black Critic Stephen Greenblatt The Circulation of Social Energy Ranajit Guha The Prose of Counter Insurgency Stuart Hall Cultural Studies Two Paradigms Susan Harding The Born Again Telescandals Donna Haraway Teddy Bear Patriarchy Dick Hebdige After the Masses Susan McClary Living to Tell Madonna's Resurrection of the Fleshly Sherry B Ortner Theory in Anthropology since the Sixties Marshall Sahlins Cosmologies of Capitalism Elizabeth G Traube Secrets of Success in Postmodern Society Raymond Williams selections from Marxism and Literature and Judith Williamson Family Education Photography
