Sexual Harassment Linda LeMoncheck, Mane Hajdin, 2000-01-01 The question of what constitutes sexual harassment from suggestive remarks to outright threats from off color jokes to lewd posters on office walls is contentious as is the question of how to address sexual harassment Do all instances of sexual harassment constitute sex discrimination Are some instances merely sexual attraction gone wrong Do social policies aimed at eliminating sexual harassment in the workplace violate freedom of expression or do they make working relationships possible between women and men In this uncompromising yet respectful debate two philosophers of widely divergent views present clear arguments and then respond directly to each other's reasoning LeMoncheck argues for a feminist perspective on sexual harassment that is sensitive to the politics of gender Hajdin contends that this perspective is both morally confusing and legally problematic and that sexual harassment can be better addressed by traditional moral and legal categories

[The War Against Boys](#)

Christina Hoff Sommers,2001-06-12 Despite popular belief American boys tag behind girls in reading and writing ability and they are less likely to go to college Our young men are greatly at risk yet the best known studies and experts insist that it is girls who are in need of our attention The highly publicized girl crisis has led to many changes in American schools politics and parenting but at what cost In this provocative book Christina Hoff Sommers argues that our society has continued to overemphasize the troubles of girls while our boys suffer from the same self esteem and academic problems Boys need help but not the sort of help they've been getting

Inventing Herself Elaine Showalter,2001-03-20 Sure to take its place alongside the literary landmarks of modern feminism Elaine Showalter's brilliant provocative work chronicles the roles of feminist intellectuals from the eighteenth century to the present With sources as diverse as *A Vindication of the Rights of Woman* and *Scream 2* *Inventing Herself* is an expansive and timely exploration of women who possess a boundless determination to alter the world by boldly experiencing love achievement and fame on a grand scale These women tried to work travel think love and even die in ways that were ahead of their time In doing so they forged an epic history that each generation of adventurous women has rediscovered Focusing on

paradigmatic figures ranging from Mary Wollstonecraft and Margaret Fuller to Germaine Greer and Susan Sontag preeminent scholar Elaine Showalter uncovers common themes and patterns of these women's lives across the centuries and discovers the feminist intellectual tradition they embodied The author brilliantly illuminates the contributions of Eleanor Marx Zora Neale Hurston Simone de Beauvoir Margaret Mead and many more Showalter a highly regarded critic known for her provocative and strongly held opinions has here established a compelling new Who's Who of women's thought Certain to spark controversy the omission of such feminist perennials as Susan B Anthony Eleanor Roosevelt and Virginia Woolf will surprise and shock the conventional wisdom This is not a history of perfect women but rather of real women whose mistakes and even tragedies are instructive and inspiring for women today who are still trying to invent themselves The Italian American Heritage Pellegrino A D'Acierno, 2021-12-12 First published in 1999 The many available scholarly works on Italian Americans are perhaps of little practical help to the undergraduate or high school student who needs background information when reading contemporary fiction with Italian characters watching films that require a familiarity with Italian Americans or looking at works of art that can be fully appreciated only if one understands Italian culture This basic reference work for non specialists and students offers quick insights and essential easy to grasp information on Italian American contributions to American art music literature motion pictures and cultural life This rich legacy is examined in a collection of original essays that include portrayals of Italian characters in the films of Francis Coppola Italian American poetry the art of Frank Stella the music of Frank Zappa a survey of Italian folk customs and an analysis of the evolution of Italian American biography Comprising 22 lengthy essays written specifically for this volume the book identifies what is uniquely Italian in American life and examines how Italian customs traditions social mores and cultural antecedents have wrought their influence on the American character Filled with insights observations and ethnic facts and fictions this volume should prove to be a valuable source of information for scholars researchers and students interested in pinpointing and examining the cultural intellectual and social influence of Italian immigrants and their successors *World Made Sexy* Paul Rutherford, 2007-08-11 The cult of eroticism is a pervasive force in modern society affecting almost every aspect of our daily lives In this book Paul Rutherford argues that this phenomenon is a product of one of the major commercial and political enterprises of the twentieth and twenty first centuries the creation of desire for sex for wealth and for entertainment A World Made Sexy examines museum exhibitions art books magazines films and television to explore the popular rise of eroticism in America and across the developed world Starting with a brief foray into the history of pornography Rutherford goes on to explore a sexual liberation movement shaped by the ideas of Marx and Freud the erotic styles of Salvador Dali and pop art the pioneering use of publicity as erotica by Playboy and other media and the growing concerns of cultural critics over the emergence of a regime of stimulation In one case study Rutherford pairs James Bond and Madonna in order to examine the link between sex and aggression He details how television advertising after 1980 constructed a theatre of the libido to entice

the buying public and concludes by situating the cultivation of eroticism in the wider context of Michel Foucault's views on social power and governmentality and specifically how they relate to sexuality during the modern era *A World Made Sexy* is about power and pleasure emancipation and domination and the relationship between the personal passions and social controls that have crafted desire [Sexual Correctness](#) Wendy McElroy, 2001-06-15 As feminist and women positive ideas and ideals exploded in the 1960s and 1970s a sexual revolution was forged allowing women a variety of lifestyle choices Many current feminists called gender feminists by some too often are fighting to limit the sexual options of women They view women as victims of patriarchy whom must be protected from making incorrect sexual choices such as choosing to work in pornography or prostitution As a movement author McElroy believes feminism is in danger of drifting from sexual liberation to sexual correctness This work gives a critical overview of the ideological shift among many feminists The issues of sexual correctness are examined in detail showing how the changing ideology is destroying the principle of a woman's body a woman's right and endangering women's right to choose On each issue this work presents alternatives in the individualist traditions that defined the feminism movement for many years *Freedom's Progress?* Gerard Casey, 2021-10-04 In *Freedom's Progress* Gerard Casey argues that the progress of freedom has largely consisted in an intermittent and imperfect transition from tribalism to individualism from the primacy of the collective to the fragile centrality of the individual person and of freedom Such a transition is he argues neither automatic nor complete nor are relapses to tribalism impossible The reason for the fragility of freedom is simple the importance of individual freedom is simply not obvious to everyone Most people want security in this world not liberty Libertarians writes Max Eastman used to tell us that the love of freedom is the strongest of political motives but recent events have taught us the extravagance of this opinion The herd instinct and the yearning for paternal authority are often as strong Indeed the tendency of men to gang up under a leader and submit to his will is of all political traits the best attested by history The charm of the collective exercises a perennial magnetic attraction for the human spirit In the 20th century Fascism Bolshevism and National Socialism were Casey argues each of them a return to tribalism in one form or another and many aspects of our current Western welfare states continue to embody tribalist impulses Thinkers you would expect to feature in a history of political thought feature in this book Plato Aristotle Machiavelli Locke Mill and Marx but you will also find thinkers treated in *Freedom's Progress* who don't usually show up in standard accounts Johannes Althusius Immanuel Kant William Godwin Max Stirner Joseph Proudhon Mikhail Bakunin Pyotr Kropotkin Josiah Warren Benjamin Tucker and Auberon Herbert *Freedom's Progress* also contains discussions of the broader social and cultural contexts in which politics takes its place with chapters on slavery Christianity the universities cities Feudalism law kingship the Reformation the English Revolution and what Casey calls Twentieth Century Tribalisms Bolshevism Fascism and National Socialism and an extensive chapter on human prehistory [Political Thinking, Political Theory, and Civil Society](#) Steven M DeLue, Timothy Dale, 2015-09-04 A comprehensive overview of the Western tradition of

Celebrity John A. Walker,2002-12-20 The growing cult of the celebrity in contemporary culture is throwing up paradoxical ideas about the contradictions between high art and mass appeal and blurring the already unstable boundaries between art commodity and popular culture This is a lively and accessible study of the phenomenon informed by a look at what happens when the serious world of art collides with celebrity Global culture is now dominated by celebrities some of whom like Madonna and Stallone are art collectors and some like Dennis Hopper and David Bowie are part time artists Walker explains how artists such as Warhol Gavin Turk Jeff Koons Elizabeth Peyton and Alison Jackson contribute to but also critique the cult of celebrity by depicting film celebrities rock stars and royalty in paintings and statues Celebritisation has overtaken the art world too Walker surveys 14 art stars of the twentieth century from Dali to Tracey Emin He also reviews alternatives the left wing pantheon of figures such as Mao Che Guevara and Rosa Luxemburg and pictorial celebrations of the people The Happy Stripper Jacki Willson,2007-11-06 If the burlesque stripper with her bawdy spirit and unruly insubordination has emerged for many as a new empowering model for the sexually aware woman then she also strikes horror in the heart of second wave feminism Embodied by high profile artistes such as Dita von Teese and Catherine D Lish the explosive revival of striptease burlesque and overt female sexual performance has proved no less alluring to a new generation of women artists familiar with the provocative work of 70 s performance artists such as Hannah Wilke and Carolee Schneeman Eloquent on prettiness and power desire and knowingness money sex and class and with an extensive knowledge of burlesque s rich tradition Willson raises long overdue questions about women s erotic expression within a postfeminist condition The new burlesque demands above all a response this fresh brazen provocative book at last provides it **What Is Sexual**

Harassment? Abigail Saguy,2003-08-13 An outstanding work This book is at once an analysis of a disturbing social practice and a study in legal mobilization Saguy gets inside the black box of culture by showing how a piece of legal culture gets produced disseminated and received Paying close attention to the discursive possibilities in the legal texts the work is grounded in the organizational settings through which representational struggles are waged displaying how the laws came to be as they are A rich and provocative account that will be the starting point for future discussions of sexual harassment Susan Silbey author of The Common Place of Law Stories from Everyday Life In this pathbreaking comparative study Saguy sheds light on a crucial aspect of the lives of many working women by analyzing the various frames through which sexual

harassment is understood in two national contexts While norms against sexual harassment are growing deeper roots in the American workplace accusations of sexual improprieties remain often the object of ridicule in France Saguy's explanation of this and other differences goes beyond traditional culturalist models The beauty of her analysis is to capture some of the ways in which sexuality is used to gain power in the workplace and the role played by cultural frameworks in mediating these modalities Michele Lamont co author of *Rethinking Comparative Cultural Sociology Repertoires of Evaluation in France and the United States* This sophisticated yet highly readable and dramatic account reveals how differently sexual harassment is interpreted in the laws and social practices in the United States and France Drawing on a wide range of research Saguy reveals how political and cultural differences in the two societies have implications for addressing the harm victims face A must read for sociologists of organizational behavior and culture as well as lawyers and the informed public Cynthia Fuchs Epstein author of *Deceptive Distinctions Sex Gender and the Social Order* Rooted in rigorous comparative research *What Is Sexual Harassment* answers its own question with no nonsense lucidity and cutting intelligence Joshua Gamson author of *Freaks Talk Back* This is a remarkable book both in terms of methodology and theory This work will be an indispensable tool for anyone concerned with defining the concept of sexual harassment The comparative approach demonstrates its heuristic importance as Saguy shows a remarkable mastery of different social and legal cultures Fran oise Gaspard author of *A Small City in France* *What is Sexual Harassment* offers an original examination of the variable much contested meanings of sexual harassment in both the United States and France Saguy not only explains how divergent legal understandings have reflected the quite different cultural traditions and social structures in each of these two nations but she also addresses how reaction to American media representations of sexual harassment reinforced the development of unique legal constructions in France This is a highly interesting innovative and important study that advances our understanding about how socio legal meaning is produced reproduced and transformed Michael McCann author of *Rights at Work Pay Equity Reform and the Politics of Legal Mobilization*

Situating the Feminist Gaze and Spectatorship in Postwar Cinema Marcelline Block, Angela Laflen, 2009-01-14 Marcelline Block's *Situating the Feminist Gaze and Spectatorship in Postwar Cinema* breaks new ground in exploring feminist film theory It is a wide ranging collection re visiting important theoretical questions as well as offering close analyses of films produced in the United States France England Belgium and Russia This anthology investigates exciting areas of research for critical inquiry into film and gender studies as well as feminist queer and postfeminist theories and treats film texts from Marguerite Duras to 21st century horror films from Agnès Varda's 2007 installation at the Pantheon to the post Soviet Russian filmmakers Aleksei Balabanov and Valerii Todorovskii from Quentin Tarantino's *Death Proof* to Sofia Coppola's postfeminist trilogy from Chantal Akerman's transhistorical transgressive and transgendered gaze to the quantum gaze in Steven Spielberg's *Jurassic Park* from Hitchcock's good looking blondes to the career woman in peril thriller among others According to the semiotician Marshall Blonsky of the New School University in New York given the breadth of

the editor's choices this volume makes a splendid contribution to feminist and cinematic fields as well as cultural and media studies postmodernism and postfeminism. It lends readers new eyes to view canonical and other film texts. David Sterritt, chairman of the National Society of Film Critics, states that this anthology should be required reading for students and scholars among other readers interested in the interaction of cinema with contemporary culture. *Situating the Feminist Gaze and Spectatorship* is prefaced by Jean Michel Rabat's brilliant essay. Mulvey was the First. *Staging Decadence* Adam Alston, 2023-09-07 Winner of the 2024 TaPRA David Bradby Monograph Prize. How is decadence being staged today as a practice, issue, pejorative, and as a site of pleasure? Where might we find it, why might we look for it, and who is decadence for? This book is the first monographic study of decadence in theatre and performance. Adam Alston makes a passionate case for the contemporary relevance of decadence in the thick of a resurgent culture war by focusing on its antithetical relationship to capitalist-led growth, progress, and intensified productivity. He argues that the qualities used to disparage the study and practice of theatre and performance are the very things we should embrace in celebrating their value, namely their spectacular uselessness, wastefulness, outmodedness, and abundant potential for producing forms of creativity that flow away from the ends and excesses of capitalism. Alston covers an eclectic range of examples by Julia Bardsley (UK), Håvard Le Sin (Finland), Jaamil Olawale Kosoko (USA), Toco Nikaido (Japan), Martin O'Brien (UK), Toshiki Okada (Japan), Marcel I Ant nez Roca (Spain), Normandy Sherwood (USA), The Uhuruverse (USA), Nia O Witherspoon (USA), and Wunderbaum (Netherlands). Expect ruminations on monstrous scenographies, catatonic choreographies, turbo-charged freneticism, visions of the apocalypse, and what might lie in its wake. *Integral Voices on Sex, Gender, and Sexuality* Sarah E. Nicholson, Vanessa D. Fisher, 2014-07-16. This volume takes a unique approach to the question of what it is to be a gendered sexual self in a postmodern world, offering insights informed by the Integral paradigm of theory and practice. With the inquiry into sex, gender, and sexuality having become so broad and diverse within both academia and popular culture, the Integral approach can help sift through and make sense of the cacophony of theories and agendas that seek to stake their ground in this collective conversation. Informed by the work of thinkers such as Sri Aurobindo, Gregory Bateson, Jean Gebser, Ervin Laszlo, and most directly Ken Wilber, the Integral approach acknowledges and works with multiple and contradictory experiences, theories, and realities. Dealing with a variety of topics including feminism, the men's movement, sexual identity, queer history, and spirituality, the work's contributors speak from across the spectrum of personal and political backgrounds, academic and practitioner orientations, and male and female perspectives. The combination of voices aims to bring forward a more complex and integrated understanding of what it means to be woman, man, human.
