Oxford Handbook of Political Behavior Russell J. Dalton, Hans-Dieter Klingemann, 2007 Assembles the world s leading scholars on public opinion and political behaviour to describe the state of the art research on the beliefs values and behaviours of contemporary politics

The Palgrave Handbook of Women's Political Rights Susan Franceschet, Mona Lena Krook, Netina Tan, 2018-10-26 This Palgrave Handbook provides a definitive account of women s political rights across all

major regions of the world focusing both on women's right to vote and women's right to run for political office. This dual focus makes this the first book to combine historical overviews of debates about enfranchising women alongside analyses of more contemporary efforts to increase women's political representation around the globe. Chapter authors map and assess the impact of these groundbreaking reforms providing insight into these dynamics in a wide array of countries where women's suffrage and representation have taken different paths and led to varying degrees of transformation. On the eve of many countries celebrating a century of women's suffrage as well as record numbers of women elected and appointed to political office, this timely volume offers an important introduction to ongoing developments related to women's political empowerment worldwide. It will be of interest to students and scholars across the fields of gender and politics, women's studies, history, and sociology.

The SAGE Handbook of Political Communication Holli A. Semetko, Margaret Scammell, 2012-07-15. This authoritative and comprehensive survey of political communication draws together a team of the world's leading scholars to provide a state-of-the-art review that sets the agenda for future study. It is divided into five sections. Part One explores the macro-level influences on political communication such as the media industry, new media technology, and political systems. Part Two takes a grassroots perspective of the influences of social networks, real and online, on political communication. Part Three discusses methodological advances in political communication research. Part Four focuses on power and how it is conceptualized in political communication. Part Five provides an international, regional, and comparative understanding of political communication in its various contexts. **The SAGE Handbook of Political Communication** is an essential benchmark publication for advanced students, researchers, and practitioners in the fields of politics, media, and communication, sociology, and research methods.

IBSS: Political Science: 1987 British Library of Political and Economic Science, 1991. IBSS is the essential tool for librarians, university departments, research institutions, and any public or private institutions whose work requires access to up-to-date and comprehensive knowledge of the social sciences.

Women's Roles in Sub-Saharan Africa Toyin Falola, Nana Akua Amponsah, 2012-01-06. This exhaustive exploration of the sociocultural, political, and economic roles of African women through history demonstrates how African women have shaped and continue to shape their societies. Women play essential, critical roles in every society. African women south of the Sahara are certainly no different. **Women's Roles in Sub-Saharan Africa** adds significantly to our understanding of the ways in which women contribute to the fabric of human civilization. This book provides an in-depth exploration of African women's roles in society from precolonial periods to the contemporary era. Topical sections describe the roles that women play in family, courtship, and marriage; religion; work; literature and arts; and government. Each of the six chapters has been structured to elucidate women's roles and functions in society as partners, as active participants, as defenders of their status and occupations, and as agents of change. Authors Nana Akua Amponsah and Toyin Falola present a thought-provoking work that looks at the complicated, victimhood, powerful female paradigm in women and gender studies in Africa and

challenge ideological interest in African historiography that privilege male representation

Women and American Politics Susan J. Carroll, 2003-02-06 *Women and American Politics* brings together leading scholars in the field of women and politics to provide an account of recent developments and the challenges that the future brings for the study of gender and American Politics The book examines women's participation in the electoral arena and the emerging scholarship on the relationship between the media and women in politics the participation of women of colour and women's activism outside the electoral arena This volume demonstrates both the wealth of knowledge about women and American politics by the current generation of scholars and the vast number and range of important research questions which pose a challenge for the next generation

Political Science William J. Crotty, 1991 In this volume the study of legislatures has traditionally been a central preoccupation of political scientists Legislatures provide good laboratories for testing theories and methodologies of significance in the discipline and more broadly for contributing to an understanding of how representative government works

Latina Politics, Latino Politics Carol Hardy-Fanta, 2011-02-02 Political organizing by men and women in Boston's Latino community

Seeing Women, Strengthening Democracy Magda Hinojosa, Miki Caul Kittilson, 2020-07-17 Under what conditions do citizens most effectively connect to the democratic process We tend to think that factors like education income and workforce participation are most important but research has shown that they exert less influence than expected when it comes to women's attitudes and engagement Scholars have begun to look more closely at how political context affects engagement This book asks how contexts promote women's interest and connection to democracy and it looks to Latin America for answers The region provides a good test case as the institution of gender quotas has led to more recent and dramatic increases in women's political representation Specifically Magda Hinojosa and Miki Caul Kittilson argue that the election of women to political office particularly where women's presence is highly visible to the public strengthens the connections between women and the democratic process For women seeing more people like me in politics changes attitudes and orientations toward government and politics The authors untangle the effects of gender quotas and the subsequent rise in women's share of elected positions finding that the latter exerts greater impact on women's connections to the democratic process Women citizens are more knowledgeable interested and efficacious when they see women holding elected office They also express more trust in government and in political institutions and greater satisfaction with democracy when they see more women in politics The authors look at comparative data from across Latin America but focus on an in depth case study of Uruguay Here the authors find that gender gaps in political engagement declined significantly after a doubling of women's representation in the Senate The authors therefore argue that far reaching gender gaps can be overcome by more equitable representation in our political institutions

The New Pythian Voices Cathryn Magno, 2018-10-24 Over the past 10-15 years there has been a flowering of politically motivated women's non governmental organizations NGOs in Israel This study examines three aspects relating to this new NGO sphere the reasons for the growth of NGOs the kind of learning that

occurs in these new political spaces and the political and social implications of women's NGOs. This study contributes meaningful data to literature on civil society and democratization, discussing in particular the relationship between political institutions and NGOs.

Changing Differences Rhodri Jeffreys-Jones, 1995. There are more than fifty women in the United States Congress and nearly one fourth of foreign service posts are held by women. Nevertheless, the United States has yet to entrust a senior foreign policy job outside of the United Nations to a woman. Beneath these statistics lurk central myths that Jeffreys Jones cogently identifies and describes: the Iron Lady too masculine, the lover of peace too pink, the weak or the promiscuous. These are to name only a few. With an eye to the feminist foreign policy leaders of the future, the author traces the successes and failures of collectivities such as Women Strike for Peace and individuals who were influential in international politics since World War I, including Alice Paul, Jane Addams, Jeannette Rankin, Dorothy Detzer, Eleanor Roosevelt, Margaret Chase Smith, Helen Gahagan Douglas, Bella Abzug, Margaret Thatcher, and many others. These women often found ways to employ the myths to their own and to their country's benefit, and more recently have had the freedom to defy the stereotypes altogether.

The Structure and Agency of Women's Education Mary Ann Maslak, 2007-11-08. This collection examines the educational policies, programs, and practices that offer and/or deny adolescent girls and young women the opportunity for change and advancement from both comparative and international perspectives. Grounded in social and feminist theory, the essays focus on the dynamic interaction between agency and structure. The first part of the book outlines fundamental principles of public policy and provides examples of their application. Part two explores, within the context of globalization, the impact of international organizations, large and small, on the local level. Part three looks at the influence of sociocultural forces on women's ability to participate in educational programs. Part four proffers innovative methodologies that demonstrate how the agency of voice within the structure of the research setting ultimately furthers our understanding of women's education. Throughout the book, the complexities in delivering and improving education for females in India, China, Kenya, the United States, and other parts of the world are revealed.

Latin American Political Culture John A. Booth, Patricia Bayer, Richard, 2014-11-10. Analysing data on eighteen countries, this book systematically and comparatively evaluates norms, attitudes, and opinions concerning democracy and its consolidation, and presents readers with a pan-Latin American examination of the region's contemporary political culture.

Between the Flag and the Banner Yael Yishai, 2012-02-01. Because Israel has endured perennial armed conflict, its national agenda places overriding importance on national security and family life. At the same time, Israel is a democracy that fosters equality for all its citizens. Thus, Israeli women are caught in a dilemma: whether to show allegiance to the national cause or to raise the banner of feminism and focus on women's rights. This book presents a broad perspective on the political life of Israeli women, both Jewish and non-Jewish. It is the first book to explore Israeli women's political participation, political identity, and political organizations, as well as public policy toward women. Situating Israel in a comparative theoretical framework, Yael Yishai focuses on the enduring tension between

women s drive for power and their desire to belong and integrate from within

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, Experience Love's Journey in **Sex Differences In Political Participation Processes Of Change In Fourteen Nations** .
