Paul Pearsall, 1978 *Current Catalog* National Library of Medicine (U.S.), 1983 First multi year cumulation covers six years 1965-70 **Medical Books and Serials in Print**, 1984 *Seminars in General Adult Psychiatry* George Stein, Greg Wilkinson, 2007-04 This second edition of *Seminars in General Adult Psychiatry* provides a highly readable and comprehensive account of modern adult psychiatry. Key features of the first edition that have been retained are the detailed clinical descriptions of psychiatric disorders and historical sections to give the reader access to the classic studies of psychiatry as well as the current evidence. Additional topics covered here for the first time include liaison psychiatry, psychosexual medicine, clinical epidemiology and international and cultural psychiatry. Clinical management is given due prominence with extensive accounts of modern drug management, cognitive therapy, the main psychosocial approaches and current guidelines such as those published by the National Institute for Health and Care Excellence. An essential text for trainees studying for their MRCPsych, this book is also a one-stop reference work for established practitioners providing comprehensive coverage of the whole of adult psychiatry. Medical and Health Care Books and Serials in Print, 1986 **Digest of Neurology and Psychiatry** Institute of Living, 1979

Current Awareness in Family Life and Sex Education, 1981 **Research Grants Index** National Institutes of Health (U.S.). Division of Research Grants, 1973 **Resources in Education**, 1992 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1983 **Handbook for Human Sexuality Counseling** Angela M. Schubert, Mark Pope, 2022-09-20 Sexuality is a significant part of the human experience yet it is often a neglected topic in both counselor training and the counseling process. In this preeminent guide, expert clinicians with a variety of mental health and medical backgrounds write on diverse issues related to sexuality through a radical acceptance lens. Each chapter illustrates an affirmative and expansive approach to sexuality that considers clients' sexual and cultural identities and emphasizes sexual wellness. Students and professionals alike will learn how to respectfully and ethically approach sexuality considerations not commonly mentioned in the professional literature such as sexuality and disability, healing after sexual violence, older adult sexuality, the impact of chronic illness on sexual expression and paraphilias. The text is organized around eight comprehensive parts: Foundations, Physiological and Psychological Attraction, Orientation and Gender, Sexual Wellness, Sexual Agency, Approaches to Sexual Divergence, Relationships and Education with case examples, Questions You Always Wanted to Ask, and additional resources interwoven throughout. **Professional Sexual Misconduct in Institutions** Werner Tschan, 2013-10-01 Essential reading about a notoriously difficult problem: how abusive professionals manipulate their clients and what we as organizations and individuals can do about it. Professional sexual misconduct (PSM) is a problem that is notoriously difficult to address and that can be a minefield for all concerned for victims for the institutions where it takes place and also because outstanding and supposedly responsible members of society may be accused of abuse. Here

Werner Tschan one of the world's leading experts on the prevention of PSM outlines an up to date approach to PSM and other professional disruptive behaviors. He describes practical ways to prevent PSM as well as effective treatments for victims and those accused. Using examples from real life cases from around the world he also discusses how PSM is a societal problem and what we can do to stop it. Recent headline cases involving a variety of organizations: medical, media, church, schools, sport industry show that institutions can be ideal environments for PSM and so great emphasis is placed in this volume on preventive measures that we can and must take at an institutional level. With clear jargon free writing this book is essential reading for all professionals interested in preventing and dealing with PSM as well as of interest to victims and their families as well.
