Sex Female, Occupation Artist Nicholas Treadwell, 1984 **Fantasies of Femininity** Jane M. Ussher, 1997 In *Fantasies of Femininity* Jane Ussher focuses on unraveling the contradictory visions of feminine sexuality the fact that representations of the definition of woman seethe with sexuality yet for centuries women have been condemned for exploring their own sexual desires In her quest for the sources of feminine representation Ussher interviewed dozens of women as well as some men and combed popular media from *Seventeen* to *Cosmopolitan* and *Dallas* to *Donahue* to identify what shapes women's symbolic images of sex and femininity Ussher argues that women have effectively resisted and subverted these archetypal fantasies of femininity and in the process of so doing reframed the very boundaries of sex In this way she exposes as myth much of what we think we know about woman and about sex *Trends in Artist Occupations, 1970-1990* Diane Ellis, John C. Beresford, 1994 This report examines the characteristics of the artist population in 1990 and compares them to the 1980 and 1970 census results Artist occupations selected for study include actors and directors announcers architects authors dancers designers musicians and composers painters sculptors craft artists and artist printmakers photographers teachers of art drama and music in higher education and artists performers and related workers not classified elsewhere The study examines 1 Growth in the Artist Work Force 2 Geographic Trends 3 Demographic Trends 4 Trends Among Women and Minority Artists 5 Age Trends 6 Education Trends 7 Full Time Work Last Year 8 Earnings Trends and 9 Occupation Profiles Findings indicate that very significant changes have occurred over the target time period Artists have become more geographically diverse over the two decades Growth among artist occupations has substantially outdistanced that for the labor force as a whole and for all professional occupations of which artists account for about one tenth Incomes for artists however lag significantly behind those for other professionals of equal education and training The report includes extensive tables and graphs of statistical information MM [The Second and Third Generation: The Legacy of Forced Migration from Nazi Europe](#) ,2024-08-19 The Second and Third Generation have become increasingly active in remembering and researching their families pasts especially now that most refugees from National Socialism have passed away How was lived experience mediated to them and how have their own lives and identities been impacted by persecution and flight This volume offers a valuable insight into the personal experience of the Second Generation as well as a perceptive analysis of film art and literature created by or about the subsequent generations Recurring themes of silences transferred trauma postmemory and roots journeys are explored revealing the distance connection and collaboration between the generations Contributors are David Clark Miriam E David Rachel Dickson Yannick Gnipep oo Pembouong Anita H Grosz Andrea Hammel Brean Hammond Stephanie Homer Marilyn Moos Angharad Mountford Teresa von Sommaruga Howard Jennifer Taylor and Sue Vice *Research Division Report* ,1976 [Resources in Women's Educational Equity](#) ,1978 *Resources in Women's Educational Equity: Special Issue* ,1979 *The Saturday Review of Politics, Literature, Science and Art* ,1867 **Sex-fair**
