Harley, Shanon Shah, Paul Simpson, 2024-07-22 Literature on sex intimacy and sexuality in later life has been heavily influenced by perspectives from more affluent regions perpetuating the belief that the West is more sexually progressive and liberal than other cultures This book challenges this belief by exploring diverse cultures and perspectives from the majority world which are often overlooked It highlights the importance of learning from cultures in the global South and East dismantling stereotypes that frame them as sexually conservative or inferior Various drawing on structuralist postcolonial and decolonial theory as well as social anthropology the book critically examines binaries related to culture age sex and intimacy highlighting the need to decentre Western perspectives as the benchmark while other cultures and practices are misunderstood **Homosexuality and Social Work**

Sexual Intimacy and Gender Identity 'Fraud' Alex Sharpe, 2018-02-02 This book is a legal and political intervention into a contemporary debate concerning the appropriateness of sexual offence prosecutions brought against young gender non conforming people for so called gender identity fraud It comes down squarely against prosecution To that end it offers a series of principled objections based both on liberal principles and arguments derived from queer and feminist theories Thus prosecution will be challenged as criminal law overreach and as a spectacular example of legal inconsistency but also as indicative of a failure to grasp the complexity of sexual desire and its disavowal In particular the book will think through the concepts of consent harm and deception and their legal application to these specific forms of intimacy In doing so it will reveal how cisnormativity frames the legal interpretation of each and how this serves to preclude more marginal perspectives Beyond law the book takes up the ethical challenge of the non disclosure of gender history Rather than dwelling on this omission it argues that we ought to focus on a cisgender demand to know as the proper object of ethical inquiry Finally and as an act of legal and ethical re imagination the book offers a queer counter judgment to R v McNally the only case involving a gender non conforming defendant so far to have come before the Court of Appeal *Encyclopedia of Gender and Society*

Jodi O'Brien, 2009 Provides timely comparative analysis from internationally known contributors *Routledge Companion to Women, Sex, and Gender in the Early British Colonial World* Kimberly Anne Coles, Eve Keller, 2018-10-03 All of the essays in this volume capture the body in a particular attitude in distress vulnerability pain pleasure labor health reproduction or preparation for death They attend to how the body's transformations affect the social and political arrangements that surround it And they show how apprehension of the body in social and political terms gives it shape **Girls, Women, and Crime** Meda Chesney-Lind, Lisa Pasko, 2013 A compilation of journal articles on the female offender written by leading researchers in the field of criminology and women's studies Reveals the complex worlds females in the criminal justice system must often negotiate *The Batterer as Parent* Lundy Bancroft, Jay G. Silverman, Daniel Ritchie, 2012 Moving beyond the narrow clinical perspective this book offers a view that takes into account the complex ways in which a batterer's abusive and controlling behaviors are woven into the fabric of daily life **Same-Sex Unions in Premodern Europe** John Boswell, 1995-05-30 Both highly praised and intensely controversial this brilliant book produces dramatic evidence that at one time the Catholic and Eastern Orthodox churches not only sanctioned unions between partners of the same sex but sanctified them in ceremonies strikingly similar to heterosexual marriage ceremonies **Individuals as Producers of Their Development** Richard M Lerner, Nancy A. Busch-Rossnagel, 2013-09-03 Individuals as Producers of Their Development A Life Span Perspective provides an assessment of the usefulness of viewing the individual as an active contributor to his or her development It extends the breadth of organism environment reciprocities beyond those involved with the child and family On the one hand this extension involves a consideration of the role of evolutionary biological processes on the other it pertains to the broader ecology of human development the social network lying outside the family

and the physical environmental contexts of development Person context reciprocities linked to variables that may play their greatest role in the extrafamilial context are also considered Variables such as physical attractiveness race and physical handicap are examples of those discussed in this regard Finally because of the greater scope of the analysis a potentially greater data base is examined in a search for documentation of the presence and role of dynamic person context interactions
