*The Russian Reading Revolution* S. Lovell, 2000-02-24 Of all of Soviet cultural myths none was more resilient than the belief that the USSR had the world s greatest readers This book explains how the Russian reading myth took hold in the 1920s and 1930s how it was supported by a monopolistic and homogenizing system of book production and distribution and how it was challenged in the post Stalin era first by the latent expansion and differentiation of the reading public and then more dramatically by the economic and cultural changes of the 1990s

**Becoming Soviet Jews** Elissa Bemporad, 2013-04-29 An endlessly rewarding contribution to the study of Jewish life in the Soviet Union Fascinating nuanced and respectful of human limitations Slavic Review Minsk the present capital of Belarus was a heavily Jewish city in the decades between the world wars Recasting our understanding of Soviet Jewish history Becoming Soviet Jews demonstrates that pre revolutionary forms of Jewish life in Minsk maintained continuity through the often violent social changes enforced by the communist project Using Minsk as a case study of the Sovietization of Jews in the former Pale of Settlement Elissa Bemporad reveals the ways in which many Jews acculturated to Soviet society in the 1920s and 1930s while remaining committed to older patterns of Jewish identity such as Yiddish culture and education attachment to the traditions of the Jewish workers Bund circumcision and kosher slaughter This pioneering study also illuminates the reshaping of gender relations on the Jewish street and explores Jewish everyday life and identity during the years of the Great Terror Highly readable and brimming with novel facts

and insights A rich and engaging portrayal of a previously overlooked period and place H Judaic **The Red Flag** David Priestland,2016-05-03 The best and the most accessible one volume history of communism now available A far reaching vividly written account Foreign Affairs In The Red Flag Oxford professor David Priestland tells the epic story of a movement that has taken root in dozens of countries across two hundred years from its birth after the French Revolution to its ideological maturity in nineteenth century Germany to its rise to dominance and subsequent fall in the twentieth century Beginning with the first modern Communists in the age of Robespierre Priestland examines the motives of thinkers and leaders including Marx Engels Lenin Stalin Castro Che Guevara Mao Ho Chi Minh Gorbachev and many others Priestland also shows how Communism in all its varieties appealed to different societies for different reasons in some as a response to inequalities and in others more out of a desire to catch up with the West But paradoxically while destroying one web of inequality Communist leaders were simultaneously weaving another It was this dynamic together with widespread economic failure and an escalating loss of faith in the system that ultimately destroyed Soviet Communism itself At a time when global capitalism is in crisis and powerful new political forces have arisen to confront Western democracy The Red Flag is essential reading if we are to apply the lessons of the past to navigating the future Detailed and scholarly but written in lively prose this is a rich satisfying account of the most successful utopian political movement in history Publishers Weekly starred review

the complex dialogues and negotiations between citizens and leaders in the endeavor to create Soviet culture Karen Petrone is Assistant Professor of History at the University of Kentucky Indiana Michigan Series in Russian and East European Studies Alexander Rabinowitch and William G Rosenberg editors Contents Interpreting Soviet Celebrations Part 1 Soviet Popular Culture and Mass Mobilization Parading the Nation Demonstrations and the Construction of Soviet Identities Imagining the Motherland The Celebration of Soviet Aviation and Polar Exploits Fir Trees and Carnivals The Celebration of Soviet New Year's Day Part 2 The Intelligentsia and Soviet Enlightenment A Double edged Discourse on Freedom The Pushkin Centennial of 1937 Anniversary of Turmoil The Twentieth Anniversary of the October Revolution Celebrating Civic Participation The Stalin Constitution and Elections as Rituals of Democracy Celebrations and Power Marketing and Feminism Miriam Catterall, Pauline Maclaran, Lorna Stevens, 2000 This cutting edge innovative volume contains the best of current scholarship on feminist perspectives in marketing Through many exciting and often controversial discussions it challenges assumptions in both historical and current contexts

**Medical Storyworlds** Elena Fratto, 2021-11-02 Though often seen as scientific or objective medicine has a fundamentally narrative aspect Much like how an author constructs meaning around fictional events a doctor or patient narrates the course of an illness and treatment In what ways have literary and medical storytelling intersected with and shaped each other In *Medical Storyworlds* Elena Fratto examines the relationship between literature and medicine at the turn of the twentieth century a period when novelists were experimenting with narrative form and the modern medical establishment was taking shape She traces how Russian writers such as Dostoevsky Tolstoy and Bulgakov responded to contemporary medical and public health prescriptions placing them in dialogue with French and Italian authors including Romaine and Svevo and such texts as treatises by Paul Broca and Cesare Lombroso In nuanced readings of these works Fratto reveals how authors and characters question the rhetoric and authority of medicine and public health in telling stories of mortality illness and well being In so doing she argues they provide alternative ways of thinking about the limits and possibilities of human agency and free will Bridging the medical humanities European literary studies and Slavic studies *Medical Storyworlds* shows how narrative theory and canonical literary texts offer a new lens on today's debates in medical ethics and bioethics

**Stalinist Values** David L. Hoffmann, 2018-08-06 Soviet official culture underwent a dramatic shift in the mid 1930s when Stalin and his fellow leaders began to promote conventional norms patriarchal families tsarist heroes and Russian literary classics For Leon Trotsky and many later commentators this apparent embrace of bourgeois values marked a betrayal of the October Revolution and a retreat from socialism In the first book to address these developments fully David L Hoffmann argues that far from reversing direction the Stalinist leadership remained committed to remaking both individuals and society and used selected elements of traditional culture to bolster the socialist order Melding original archival research with new scholarship in the field Hoffmann describes Soviet cultural and behavioral norms in such areas as leisure activities social hygiene family life and sexuality He demonstrates that the Soviet state's campaign to effect social

improvement by intervening in the lives of its citizens was not unique but echoed the efforts of other European governments both fascist and liberal in the interwar period Indeed in Europe America and Stalin s Russia governments sought to inculcate many of the same values from order and efficiency to sobriety and literacy For Hoffmann what remains distinctive about the Soviet case is the collectivist orientation of official culture and the degree of coercion the state applied to pursue its goals

**Borders of Socialism** L. Siegelbaum, 2016-04-15 This fascinating book argues that in Russia the relations between culture and nation art and life commodity and trash often diverged from familiar Western European or American versions of modernity The essays show how public and private overlapped and shaped each other creating new perspectives on individuals and society in the Soviet Union
