Sex Jokes And Male Chauvinism:

Sex Jokes and Male Chauvinism George Fine,1981-01-01 Gathers jokes about the human body sexual desire infidelity promiscuity sexual ignorance and sexual behavior **Rationale of the Dirty Joke** G. Legman,2007-11-01 Why do people tell dirty jokes And what is it about a joke s dirtiness that makes it funny G Legman was perhaps the foremost scholar of the dirty joke and as legions of humor writers and comedians know his Rationale of the Dirty Joke remains the most exhaustive and authoritative study of the subject More than two thousand jokes and folktales are presented covering such topics as The Female Fool The Fortunate Fart Mutual Mismatching and The Sex Machine These folk texts are authentically transcribed in their innocent and sometimes violent entirety Legman studies each for its historical and socioanalytic significance revealing what these jokes mean to the people who tell them and to the people who listen and laugh Here back in print is the definitive text for comedians and humor writers Freudian scholars and late night television enthusiasts Rationale of the Dirty Joke will amuse you offend you challenge you and disgust you all while demonstrating the intelligence and hilarity of the dirty joke

Dirty Jokes and Bawdy Songs Susan Davis,2019-10-15 Collector of sexual folklore Cataloger of erotica Tireless social critic Gershon Legman s singular disreputable resume made him a counter cultural touchstone during his forty year exile in France Despite his obscurity today Legman s prescient work and passion for the prurient laid the groundwork for our contemporary study of the forbidden Susan G Davis follows the life and times of the figure driven to share what he found in civilization s secret libraries Self taught and fiercely unaffiliated Legman collected the risqu on street corners and in theaters and dug it out of little known archives If the sexual humor he uncovered often used laughter to disguise hostility and fear he still believed it indispensable to the human experience Davis reveals Legman in all his prickly provocative complexity as an outrageous nonconformist thundering at a wrong headed world while reveling in conflict violating laws and boundaries with equal abandon and pursuing love and improbable adventures Through it all he maintained a kaleidoscopic network of friends fellow intellectuals celebrity admirers and like minded obsessives Cracking Jokes Alan Dundes,2017-01-19 **The Male Chauvinist Pig** Julie Willett,2021-04-27 In the social upheavals of the 1960s and 1970s a series of stock characters emerged to define and bolster white masculinity Alongside such caricatures as the Playboy and the Redneck came a new creation the Male Chauvinist Pig Coined by second wave feminists as an insult the Male Chauvinist Pig was largely defined by an anti feminism that manifested in boorish sexist jokes But the epithet backfired being a sexist pig quickly transformed into a badge of honor worn proudly by misogynists and in time it would come to define a strain of right wing politics Historian Julie Willett tracks the ways in which the sexist pig was sanitized by racism popularized by consumer culture weaponized to demean feminists and politicized to mobilize libertine sexists to adopt reactionary politics Mapping out a trajectory that links the sexist buffoonery of Bobby Riggs in the 1970s the popularity of Rush Limbaugh s screeds against Feminazis in the 1990s and the present day misogyny underpinning Trumpism Willett makes a case for the potency of this seemingly laughable cultural

symbol showing what can happen when we neglect or trivialize the political power of humor From Acting to Performance Philip Auslander, 2002-04-12 From Acting to Performance collects for the first time major essays by performance theorist and critic Philip Auslander Together these essays provide a survey of the changes in acting and performance during the crucial transition from the ecstatic theatre of the 1960s to the ironic postmodernism of the 1980s Auslander examines performance genres ranging from theatre and dance to performance art and stand up comedy In doing so he discusses an impressive line up of practitioners including Antonin Artaud Jerzy Grotowski Peter Brook Willem Dafoe the Wooster Group Augusto Boal Kate Bornstein and Orlan From Acting to Performance is a must for all students and scholars interested in contemporary theatre and performance **In the Company of Men** James Gruber, Phoebe Morgan, 2005 Despite over twenty years of discussion and study sexual harassment remains a significant problem in the workplace Current research focusing on organizational policy and women's career development often ignores the reality of male dominance prevalent in areas such as the military the police and firefighting occupations that see not only more frequent but also more severe harassment even sexual assault Meanwhile new evidence points to the fact that men are largely responsible not only for the harassment of women but for most harassment of other men as well This landmark collection of original essays investigates the links between male dominance and sexual harassment in light of new research and more complex understandings of masculinity Treated not merely as a matter of worker sex ratios but as an inherent element of workplace culture male dominance is observed from a variety of quantitative and qualitative approaches ranging from criminology and sociology to psychology and gender studies Integrating both men's and women's viewpoints research across occupational groups and studies from both the United States and Europe the chapters provide an invaluable international perspective into two inextricably intertwined problems rooted in cultural constructions of gender and institutional roles and processes **Red Feminism** Kate Weigand, 2021-04-27 The untold history of feminist activism in the American Communist Party from the 1930s 50s and its influence on the women's liberation movement Publishers Weekly Drawing on substantial new research historian and archivist Kate Weigand disproved the conventional wisdom that the American Communist Party disregarded women's issues Weigand argues that despite the devastating effects of anti Communism and Stalinism on the progressive Left of the 1950s Communist feminists such as Susan B Anthony II Betty Millard and Eleanor Flexner managed to sustain many important elements of their work into the 1960s when a new generation took up their cause and built an effective movement for women's liberation Red Feminism provides a more complex view of the history of the modern women's movement showing how key Communist activists came to understand gender sexism and race as central components of culture economics and politics in American society Women, Language and Politics Sylvia Shaw, 2020-05-28 This book addresses the problem of the underrepresentation of women in politics by examining how language use constructs and maintains inequality in political institutions Drawing on different political genres from televised debates to parliamentary question times and fifty interviews

with politicians between 1998 and 2018 the book identifies the barriers and obstacles women face by considering how gender stereotypes constrain women's participation and give them additional burdens. By comparing the UK House of Commons with newer institutions such as the Scottish Parliament, the National Assembly for Wales and the Northern Ireland Assembly, it asks how successful have newer institutions been in encouraging equal participation. What are the interactional procedures that can be thought of as making an institution more egalitarian? It also explores the workings and effects of sexism, fraternal networks, high visibility in the media and gendered discourses through detailed case studies of Theresa May, Julia Gillard and Hillary Clinton. *Loose Women, Lecherous Men* Linda LeMoncheck, 1997. The author discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women's sexuality across a broad political spectrum.

Handbook of American Folklore Richard M. Dorson, 1986-02-22. Includes material on interpretation methods and presentation of research. *Waiting for Prime Time* Marlene Sanders, Marcia Rock, 1994. The best book I've read on women in broadcasting. It details the incredible struggle women have faced in what some consider a leadership industry. Larry King USA Today. This is a groundbreaking first history of the underground women's movement at the networks. It is told with no holds barred by a leader of that struggle which is **Sex and Gender**. Mary Jo Iozzio, Patricia Beattie Jung, 2017-11-09. *Sex and Gender: Christian Ethical Reflections* contains some of the subject's most important analyses in recent decades. The collection covers a wide range of topics: same sex marriage, sexual minorities and biblical interpretation, sex and power, sexual harassment and sexual abuse, HIV/AIDS and prevention strategy, the military and masculinities, mobile porn and sexting, human trafficking, moral discernment and more. Contributors represent various theological traditions and draw on scriptural texts as well as such disciplines as philosophy, sociology, psychology and the life sciences. Each essay is followed by a set of discussion questions for the classroom or for students to use as an assignment outline and suggestions for further reading and research. Teachers and students of Christian ethics will appreciate this multidisciplinary approach to one of the most divisive and controversial issues in contemporary culture. *The Tennis Junkie's Guide (to Serious Humor)*, *Sex and Gender* Hilary M. Lips, 2020-04-10. Are sex and gender really two different things? How malleable is gender identity? Do both gender and sex have to be conceptualized as binaries as having two distinct but complementary categories? Should we emphasize gender differences or is that the wrong question? When should we call a gender difference small? Are women really nonaggressive or does that label stem from stereotyping? How does subtle or modern sexism work on its targets? Scholarship on these and other gender-related questions has exploded in recent years. Hilary Lips synthesizes that research for students in an accessible and readable way. Concepts on sex and gender are presented with the social context in which they were developed. As in previous editions, Lips takes a multicultural approach, discussing the gender experiences of people from a wide range of races, cultures, socioeconomic statuses and gender and sexual identities. She emphasizes empirical research but
