Shot/Countershot Lucy Fischer,2014-07-14 Do films made by women comprise a counter cinema radically different

from the dominant tradition Feminist film critics contend that women filmmakers do present from a distinctive vision or countershot and Lucy Fischer argues persuasively for this view In rich detail this book relates the idea of a counter cinema to theories of intertextuality and locates it in the broad context of recent feminist film literary and art criticism Fischer also employs an original critical model of the dialogue between women s cinema and film tradition in the very organization of the book Each chapter discusses a theme or genre such as the musical the double the myth of womanhood and the figure of the actress counterposing two or more works from the feminist and from the dominant cinema What emerges is a fascinating picture of a women s film tradition that not only addresses but reworks and remakes the mainstream cinema Fischer successfully combines two main strains of feminist criticism the deconstructive critique of the dominant culture from a feminist standpoint and the study of a feminist counterculture Examining films from *Persona* and *The Lady from Shanghai* to *Girlfriends* and *Sisters or the Balance of Happiness* the book offers fresh interpretations of individual works and can incidentally serve as an introduction to the field of feminist film criticism Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Stars and Stardom in Brazilian Cinema Tim Bergfelder, Lisa Shaw, João Luiz Vieira, 2016-12-01 Despite the recent explosion of scholarly interest in star studies Brazilian film has received comparatively little attention As this volume demonstrates however the richness of Brazilian stardom extends well beyond the ubiquitous Carmen Miranda Among the studies assembled here are fascinating explorations of figures such as Eliane Lage the star attraction of S o Paulo s Vera Cruz studios cult horror movie auteur Coffin Joe and L zaro Ramos the most visible Afro Brazilian actor today At the same time contributors interrogate the inner workings of the star system in Brazil from the pioneering efforts of silent era actresses to the recent advent of the non professional movie star

otherness and open secrets as well as the show's conflicted positions on the private issues of taste, sexuality, lifestyle and politics. Sexual swingers, stoned hippies, empowered African Americans, feminists and flamboyantly nelly men all filled Laugh In's routine roster embodied by cast members Goldie Hawn, Jo Anne Worley, Lily Tomlin, Chelsea Brown, Alan Sues, Johnny Brown and Judy Carne along with regular guests Flip Wilson, Sammy Davis Jr. and Tiny Tim. Related to these icons, Laugh In reflected on hotly politicized current events: militarism in Vietnam, racist discrimination in the U.S. Civil Rights and Black Power, birth control and sex feminism and gay liberation. In its playful put-ons of the establishment, parade of countercultural types and tastes and vacillation between identification and repulsion, Feil argues that Laugh In's intentional ambiguity was part and parcel of its inventiveness and commercial prosperity. Fans of the show as well as readers interested in American television and pop culture history will enjoy this insightful look at Rowan and Martin's Laugh In. *Encounters of the Filmic Kind* Cristian, Réka Mónika, Dragon, Zoltán, 2014-07-11
