*Sex Lives of the U.S. Presidents* Nigel Cawthorne,1996 This work is by the author of *Sex Lives of the Kings and Queens of England* Since the 19th Amendment gave women the vote in 1920 the Presidents of the United States have depended on their appeal to women to get elected This book looks at the sexual history of one of the most powerful offices in the world Many of the office s incumbents have been men with avid sexual appetites from the adulterous Thomas Jefferson in Paris to the womanizing antics of JFK right up to the scandals to rock the presidency of Bill Clinton *Sex Lives of the Presidents* Nigel Cawthorne,1998 Recounts some of the scandals associated with the private lives of the presidents including rumors of love affairs illegitimate children and other episodes **Secret Lives of the U.S. Presidents** Cormac O'Brien,2004 What your teachers never told you about the men of the white house Striptease Culture Brian McNair,2002 From advertising to health education campaigns sex and sexual imagery now permeate every aspect of culture Striptease Culture explores the sexualization of contemporary life relating it to wider changes in post war society Striptease Culture is divided in to three sections Part one traces the development of pornography following its movement from elite to mass culture and the contemporary fascination with porno chic Part two considers popular cultural forms of sexual representation in the media moving from backlash elements in straight male culture and changing images of women to the representation of gays in contemporary film and television Part three looks at the use of sexuality in contemporary art examining the artistic striptease of Jeff Koons and others who have used their own naked bodies in their work Also considering how feminist and gay artists have employed sexuality in the critique and transformation of patriarchy the high profile of sexuality as a key contributor to public health education in the era of HIV and AIDS and the implications of the rise of striptease culture for the future of sexual poltics Brian McNair has produced an excellent book in the study of gender sexuality and contemporary culture Presidential Sex Wesley O. Hagood,1998 With profiles on Bill Clinton Thomas Jefferson FDR JFK Lyndon Johnson and Eisenhower this book describes the impact that freewheeling sexual behavior has had upon first families election campaigns political careers and the nation itself *The Intimate Sex Lives of Famous People* Irving Wallace,Amy Wallace,David Wallechinsky,Sylvia Wallace,2008 The Wallace family goes back to their 1981 classic and brings it bang up to date with acerbic sophisticated behind the curtains entries on Tupac Shakur Princess Diana Kurt Cobain Malcolm X Jim Morrison and others who have impacted popular culture 15 new entries enhance this revised classic illustrated historical romp Planet Neptune and the Modern Us Presidents: Franklin Roosevelt to Barack Obama Suzanne Angioli,2016-04-05 While studying the astrological birth charts of all the US presidents I discovered that those of the thirteen modern US presidents from Franklin Roosevelt to Barack Obama all had the natal Sun the planet most associated with ones basic identity making an aspect certain designated degrees between two planets to their natal Neptune This was surprising since I would have thought that politicians particularly those aspiring to the presidency would have an overwhelming emphasis on

the Sun Mars aspect but not on the Sun Neptune aspect What I discovered in my research was that good politicians are not warriors Sun Mars per se who use the techniques of warfare to muscle their way through adversity Rather they are good actors Sun Neptune who are essentially chameleons Sun Neptune operating in the foggy Neptune realm of subtlety Neptune and seduction using their sensitivity Neptune and charm Neptune to serve their intuitive Neptune sides to try to achieve their goals It became apparent that a good politician is excellent at assuming different roles in order to fit a given political situation and move his agenda forward The Sun in aspect to Neptune is not unusual but there is no aggregate population that has 100 percent of its members with this aspect like the modern presidents I was intrigued with this occurrence and thus set out to research their individual biographies to see just how this aspect played out in their lives After all it seemed to be almost a prerequisite for being elected to the modern Oval Office

**America's Royalty** Sanford Kanter, Sandra Quinn-Musgrove, 1995-08-30 A comprehensive work about the first families children this is the only book available that treats these privileged few at any depth The reading is enjoyable answering questions such as What happened to and Did this president have any children The book also is informative glimpsing the lives of a few who have been shoved into the limelight at a certain period and for generations to come Historically the work functions sometimes as a period piece sometimes as a human interest piece but it always serves to help bring to life our first families Included where possible and or appropriate are the vital statistics of birth marriage education development profession and death The book is a good read but it also serves an historical function Aside from the fact that the book is informative reading about the lives of the children of America s chief executives is like peering into a moment of the American equivalent of royalty Observing the exciting painful humdrum and heartfelt experiences of both the children and the families may also serve to increase the reader s understanding of the real lives of these emulated families that they too lead lives that are similar to every person s except that they are in the historical spotlight After all leaders such as Lincoln and Kennedy were forced to continue governing the affairs of state as their sons died
