Sex Adv In Mariage:

Two in One Flesh ...: The mystery of sex and marriage in Catholic theology Ernest Charles Messenger, 1950

Orgasmology Annamarie Jagose, 2012-12-24 For all its vaunted attention to sexuality queer theory has had relatively little to say about sex the material and psychic practices through which erotic gratification is sought In *Orgasmology* Annamarie Jagose takes orgasm as her queer scholarly object From simultaneous to fake orgasms from medical imaging to pornographic visualization from impersonal sexual publics to domestic erotic intimacies Jagose traces the career of orgasm across the twentieth century Along the way she examines marriage manuals of the 1920s and 1930s designed to teach heterosexual couples how to achieve simultaneous orgasms provides a queer reading of behavioral modification practices of the 1960s and 1970s aimed at transforming gay men into heterosexuals and demonstrates how representations of orgasm have shaped ideas about sexuality and sexual identity A confident and often counterintuitive engagement with feminist and queer traditions of critical thought *Orgasmology* affords fresh perspectives on not just sex sexual orientation and histories of sexuality but also agency ethics intimacy modernity selfhood and sociality As modern subjects we presume we already know everything there is to know about orgasm This elegantly argued book suggests that orgasm still has plenty to teach us

Sex In The Western World Jean-Louis Flandrin, S. Collins, 2019-12-16 First Published in 1991 In this book the author looks at the history of sexuality discussing topics of love from the 15th century onwards sexual morality and marriage ancient and modern adages concerning procreation as a part of society and the sex lives of single people *Matchmaking and the Marriage Market in Postrevolutionary France* Andrea Mansker, 2024-12-15 *Matchmaking and the Marriage Market in Postrevolutionary France* uncovers the unexplored history of matrimonial agents their novel marketing tactics and the rise of personal advertisements to track the commercialization of marriage in nineteenth century France Brokers transformed courtship and marriage into forms of commercial exchange linking them to the burgeoning urban values of abundance pleasure and social mobility By studying agents and readers media fictions on love alongside court cases legislation and literature surrounding the industry Andrea Mansker reveals the intimate and socioeconomic pressures of finding a spouse At the same time she demonstrates how contemporaries used the business of matrimony to reimagine their public identities relationships and courtship rituals following unprecedented historical change due to the French Revolution and Napoleonic wars The matchmaking business both responded to and helped shape national anxieties over fluctuating nuptial rates and changing laws on marriage and divorce As a result marriage itself was reconceived as a commercial contract inseparable from the atomistic and corrupt marketplace The debates and pressures Mansker describes in *Matchmaking and the Marriage Market in Postrevolutionary France* are still relevant today As contemporary online daters likely understand the possibility of finding a mate in an expanded pool of candidates beyond one's family locality and nation offered individuals the liberating opportunity to explore new personas just as it produced a novel sense of danger about these impersonal transactions in the

anonymous marketplace Imagining Sex Sarah Toulalan,2007-09-06 Imagining Sex examines a variety of material from 17th century England to argue that unlike today pornography was not a discrete genre nor was it usually subject to suppression The book explores contemporary thinking on these issues and wider cultural concerns **Mariage, Fécondité, Et Rôle Des Parents en Afrique de L'Ouest** Christine Oppong,1978 **Satiric Advice on Women and Marriage** Warren S. Smith,2010-02-24 Advice on sex and marriage in the literature of antiquity and the middle ages typically stressed the negative from stereotypes of nagging wives and cheating husbands to nightmarish visions of women empowered through marriage Satiric Advice on Women and Marriage brings together the leading scholars of this fascinating body of literature Their essays examine a variety of ancient and early medieval writers cautionary and often eccentric marital satire beginning with Plautus in the third century B C E through Chaucer the only non Latin author studied The volume demonstrates the continuity in the Latin tradition which taps into the fear of marriage and intimacy shared by ancient ascetics Lucretius satirists Juvenal comic novelists Apuleius and by subsequent Christian writers starting with Tertullian and Jerome who freely used these ancient sources for their own purposes including propaganda for recruiting a celibate clergy and the promotion of detachment and asceticism as Christian ideals Warren S Smith is Professor of Classical Languages at the University of New Mexico *Sex and the Single Savior* Dale B. Martin,2006-01-01 Probing into numerous questions about gender and sexuality Dale Martin delves into the biblical texts anew and unearths surprising findings Avoiding preconceptions about ancient sexuality he explores the ethics of desire and marriage and pays careful attention to the original meanings of words especially those used as evidence of Paul s opposition to homosexuality For example after a remarkably faithful reading of the scriptural texts Martin concludes that our contemporary obsession with marriage and the whole search for the right sexual relationships is antithetical to the message of the gospel In all of these essays however Martin argues for engaging Scripture in a way that goes beyond the standard historical critical questions and the assumptions of textual agency in order to find a faith that has no foundations other than Jesus Christ The Sexual question Auguste Forel,1922 **Frigidity** P. Cryle,A. Moore,2011-12-02 This first major study of a curiously neglected term in the history of sexuality will intrigue students scholars and enthusiasts alike The authors take us through a journey across four centuries showing how notions of sexual coldness and frigidity have been thought about by legal medical psychiatric psychoanalytic and literary writers

The Sexual Life of Woman in Its Physiological, Pathological and Hygienic Aspects Enoch Heinrich Kisch,1910

The Moral Sex Lieselotte Steinbrügge,1995 How was the nature of women redefined and debated during the French Enlightenment Instead of treating the Enlightenment in the usual manner as a challenge to orthodox ideas and social conventions Lieselotte Steinbrugge interprets it as a deviation from a position staked out in the seventeenth century namely the mind has no sex **Index-catalogue of the Library of the Surgeon-General's Office, United States Army** National Library of Medicine (U.S.),1961 *Studies in the Psychology of Sex* Havelock Ellis,1911 **Studies in the Psychology of**

Sex: Sex in relation to society Havelock Ellis,1910 Studies in the Psychology of Sex Havelock Ellis,2013-10-02 Studies in the Psychology of Sex Volume II presents studies that explore the psychology of sex by addressing topics ranging from erotic symbolism and the mechanism of detumescence to the psychic state in pregnancy Eonism and sex in relation to society are also discussed Divided into three parts this volume first deals with erotic symbolism focusing on erotic fetishism such as foot fetishism and shoe fetishism and scatologic symbolism The reader is then introduced to the mechanism and object of detumescence the constituents of semen and the aptitude for detumescence Erogenous zones and erection and mucous emission in women are also considered The final section is devoted to the psychic state in pregnancy and pays particular attention to the relationship of maternal and sexual emotion conception and loss of virginity the pervading effects of pregnancy the longings of pregnant women and the significance of pregnancy This book will be of interest to physicians psychologists psychiatrists criminologists and educators **Marriage Advice for a Pope** Patrick Nold,2008-11-30 The Medieval Church taught that marriage was indissoluble and that consent was the key Why then could a marriage be dissolved by one spouse joining a religious order after an exchange of consent but before consummation This question vexed Thirteenth century academics and in the fourteenth century Pope John XXII asked a group of leading theologians and lawyers to study the issue Position papers were produced to explain the exception to the rule of indissolubility for chaste monks and nuns and to explore whether the pope had the power to extend it to celibate priests and deacons These texts edited here were used by John XXII to draft his bull Antiquae Concertationi 1322 This study reconstructs the story behind the constitution providing a unique insight into the decision making process at the Roman curia in Avignon under a controversial pope

The Trials and Joys of Marriage Eve Salisbury,2002-05-01 The disparate texts in this anthology produced in England between the late thirteenth and the early sixteenth centuries challenge and in some cases parody and satirize the institution of marriage In so doing according to the Introduction they allow us to interrogate the traditional assumptions that shape the idea of the medieval household The trials of marriage seem to outweigh its joys at times and as some of these texts suggest maintaining a sense of humor in the face of what must have been great difficulty could have been no easy task The texts bridge generic categories Some are obscure written by anonymous authors others are familiar written by the likes of John Lydgate John Wyclif and William Dunbar Taken together they suggest that despite the fact that marriage had become a sacrament in the twelfth century and was increasingly recognized by ecclesiastical and secular authorities as a valuable social institution it was not always a stabilizing and orderly social force **Studies in the psychology of sex. v.6, 1911**

Havelock Ellis,1910 *Sexual Ethics* Robert Michels,2018-04-24 In his treatment of the issues raised by the movements of women for equal rights a century ago Michels anticipated controversies and conflicts about which people care deeply today He took a clear position in support of the desirability of equality between the sexes In consequence it remains relevant to current debates within feminism over equality and difference and the corresponding challenge to and feminist critique of

social science arising from the re emergence of difference feminism Sexual Ethics constitutes both an analysis of the woman problem and a document describing the wars between the sexes during this period and an important and overlooked piece of history of the classic sociological tradition Michels observed that the national and economic conflicts in modern Europe were vast in scale and revealed sharply sensed injustices and also that sex antagonisms are becoming more acute He presented an argument consistent with his theoretical position about the seriousness of women s rights Michels discussions of sexuality sexual morality and the relations of the sexes had as its stimulus the new sexual ethic advocated by feminists He pointed out that true equality required equality of rights to sexual liberty for women or chastity prior to marriage for men Michels supported premarital chastity for men as an ideal but he doubted that very many would practice it Michels was virtually alone in the sociological tradition in seeking to illuminate the struggle for love between men and women by reference to the erotic coquetry in the sexual behavior of lower animals Despite his stand for equality of men and women in sexual matters a recurrent theme in Sexual Ethics is that men are sexually more aggressive than women at least in part due to social structures and cultural traditions Michels advocated family planning but opposed abortion in the interests of marital and family happiness and economic well being especially for the poor In his new introduction Terry R Kandal discusses Robert Michels life He explores among other topics Michels treatment of the woman question and the reactions of Michels contemporaries to the same question He also discusses the feminist critique of social science and the place of Michels in and the gender questions of our times The book will be of particular interest to those interested in the history of relations between men and women as well as those interested in questions of biological determinism

Whispering the Secrets of Language: An Emotional Journey through **Sex Adv In Mariage**

In a digitally-driven earth wherever monitors reign great and immediate interaction drowns out the subtleties of language, the profound strategies and psychological nuances concealed within phrases usually get unheard. However, located within the pages of **Sex Adv In Mariage** a captivating literary treasure pulsing with organic feelings, lies an exceptional journey waiting to be undertaken.
