Sex Life Of The Unmarried Adult:

The Sex Life of the Unmarried Adult; an Inquiry Into and an Interpretation of Current Sex Practices, Edited by Ira S. Wile, M.D. Ira Solomon Wile,1940 Irregular Connections Andrew P. Lyons,Harriet Lyons,2004-12-01 Irregular Connections traces the anthropological study of sex from the eighteenth century to the present focusing primarily on social and cultural anthropology and the work done by researchers in North America and Great Britain Andrew P and Harriet D Lyons argue that the sexuality of those whom anthropologists studied has been conscripted into Western discourses about sex including debates about prostitution homosexuality divorce premarital relations and hierarchies of gender class and race Because sex is the most private of activities and often carries a high emotional charge it is peculiarly difficult to investigate At times such as the late 1920s and the last decade of the twentieth century sexuality has been a central concern of anthropologists and focal in their theoretical formulations At other times the study of sexuality has been marginalized The anthropology of sex has sometimes been one of the main faces that anthropology presented to the public often causing resentment within the discipline Andrew P Lyons is an associate professor of anthropology at Wilfrid Laurier University Harriet D Lyons is an associate professor of anthropology at the University of Waterloo **Current List of Medical Literature** ,1961 Includes section Recent book acquisitions varies Recent United States publications formerly published separately by the U S Army Medical Library **Index-catalogue of the Library ...** Library of the Surgeon-General's Office (U.S.),1961 **Catalogue** Montgomery Ward,1941 *Index-catalogue of the Library of the Surgeon-General's Office, United States Army National Library of Medicine (U.S.),1961* *The Age of the Bachelor* Howard P. Chudacoff,2020-12-08 In this engaging new book Howard Chudacoff describes a special and fascinating world the urban bachelor life that took shape in the late nineteenth century when a significant population of single men migrated to American cities Rejecting the restraints and dependence of the nineteenth century family bachelors found sustenance and camaraderie in the boarding houses saloons pool halls cafes clubs and other institutions that arose in response to their increasing numbers Richly illustrated anecdotal and including a unique analysis of The National Police Gazette the most outrageous and popular men s publication of the late nineteenth and the early twentieth century this book is the first to describe a complex subculture that continues to affect the larger meanings of manhood and manliness in American society The figure of the bachelor with its emphasis on pleasure self indulgence and public entertainment was easily converted by the burgeoning consumer culture at the turn of the century into an ambiguously appealing image of masculinity Finding an easy reception in an atmosphere of insecurity about manhood that image has outdistanced the circumstances in which it began to flourish and far outlasted the bachelor culture that produced it Thus the idea of the bachelor has retained its somewhat negative but alluring connotations throughout the rest of the twentieth century Chudacoff s concluding chapter discusses the contemporary singles scene now developing as the number of single people in urban centers is again increasing By seeing bachelorhood as a stage in life for

many and a permanent status for some Chudacoff recalls a lifestyle that had a profound impact on society evoking fear disdain repugnance and at the same time a sense of romance excitement and freedom The book contributes to gender history family history urban history and the study of consumer culture and will appeal to anyone curious about American history and anxious to acquire a new view of a sometimes forgotten but still influential aspect of our national past **Index-catalogue**

Banner,2004-12-07 A uniquely revealing biography of two eminent twentieth century American women Close friends for much of their lives Ruth Benedict and Margaret Mead met at Barnard College in 1922 when Mead was a student Benedict a teacher They became sexual partners though both married and pioneered in the then male dominated discipline of anthropology They championed racial and sexual equality and cultural relativity despite the generally racist xenophobic and homophobic tenor of their era Mead s best selling Coming of Age in Samoa 1928 and Sex and Temperament in Three Primitive Societies 1935 and Benedict s Patterns of Culture 1934 Race 1940 and The Chrysanthemum and the Sword 1946 were landmark studies that ensured the lasting prominence and influence of their authors in the field of anthropology and beyond With unprecedented access to the complete archives of the two women including hundreds of letters opened to scholars in 2001 Lois Banner examines the impact of their difficult childhoods and the relationship between them in the context of their circle of family friends husbands lovers and colleagues as well as the calamitous events of their time She shows how Benedict inadvertently exposed Mead to charges of professional incompetence discloses the serious errors New Zealand anthropologist Derek Freeman made in his famed attack on Mead s research on Samoa and reveals what happened in New Guinea when Mead and colleagues engaged in a ritual aimed at overturning all gender and sexual boundaries In this illuminating and innovative work Banner has given us the most detailed balanced and informative portrait of Mead and Benedict individually and together that we have had

Margaret Mead Joan Gordan,2015-06-03 No detailed description available for Margaret Mead **Feminism as Life's Work** Mary K. Trigg,2014-06-23 With suffrage secured in 1920 feminists faced the challenge of how to keep their momentum going As the center of the movement shrank a small self appointed vanguard of modern women carried the cause forward in life and work Feminism as Life s Work profiles four of these women the author Inez Haynes Irwin the historian Mary Ritter Beard the activist Doris Stevens and Lorine Pruette a psychologist Their life stories told here in full for the first time embody the changes of the first four decades of the twentieth century and complicate what we know of the period Through these women s intertwined stories Mary Trigg traces the changing nature of the women s movement across turbulent decades rent by world war revolution global depression and the rise of fascism Criticizing the standard division of feminist activism as a

series of historical waves Trigg exposes how Irwin Beard Stevens and Pruette helped push the U S feminist movement to victory and continued to propel it forward from the 1920s to the 1960s decades not included in the wave model At a time widely viewed as the doldrums of feminism the women in this book were in fact taking the cause to new sites the National Women s Party sexuality and relations with men marriage and work and financial independence In their utopian efforts to reshape work sexual relations and marriage modern feminists ran headlong into the harsh realities of male power the sexual double standard the demands of motherhood and gendered social structures In *Feminism as Life s Work* Irwin Beard Stevens and Pruette emerge as the heirs of the suffrage movement guardians of a long feminist tradition and catalysts of the belief in equality and difference Theirs is a story of courage application and perseverance a story that revisits the bleak and lonely years of the U S women s movement and emerges with a fresh perspective of the history of this pivotal era

Fractured Modernity Thomas Welskopp, Alan Lessoff, 2016-07-11 The ten essays in this volume deal with the debates and conflicts about modernity in a period of American history when the tensions and strains caused by seemingly unrestrained change and the reactions to it were particularly severe and tangible Partly concentrating on the margins or dark underworlds of modernity such as racism and violence partly focusing on the allegedly unlimited space to negotiate and create social order from scratch the contributions to this volume show that and discuss why modernity was an issue in contemporary United States which seemed to have been even more hotly contested than in Europe at the same time albeit sometimes in terms of Americanism rather than modernism In this book European scholars of the United States apply variations on the transnational discourse on modernity to unexpected dimensions of U S history making this volume a fascinating example of the present day enterprise of internationalizing American studies

American Fatherhood Jürgen Martschukat, 2019-12-31 Explores the surprising diversity of fathers and fatherhood throughout American history and society The nuclear family has been endlessly praised as the bedrock of American society even though there has rarely been a time in history when a majority of Americans lived in such families This book deconstructs the myth of the nuclear family by presenting the rich diversity of family lives in American history from the American Revolution to the twenty first century To tell this story Jürgen Martschukat focuses on fathers and their relations to families and American society Using biographical close ups of twelve different characters each embedded in historical context *American Fatherhood* provides a much more realistic picture of how fatherhood has been performed within different kinds of families Each protagonist covers a crucial period or event in American history presents a different family constellation and makes a different argument with regard to how American society is governed through the family
