D., 2005-02 In *Sex Secrets and Lies* author Marie Miranti Burnett PhD encourages husbands and wives to rethink their vows and consider whether sexual exclusivity should remain the rigid foundation of a good marriage an ideal that too often leads to secrets and lies and the dissolution of relationships meant to last a lifetime To strengthen the vow until death do us part it may be necessary to place less importance on the vow to forsake all others Honest conversations about our sexual needs could lead to real changes in the institution of marriage for the twenty first century To guide the conversation Dr Burnett draws on her thirty years of clinical experience listening to the secrets of men and women grappling with their warring needs for freedom and commitment She shares the stories told to her by urban educated thirty something clients whose values and struggles reflect the significant changes in our sex lives over the past half century In *Sex Secrets and Lies* Dr Burnett informs couples that a solid marriage consists of an honest ongoing conversation requiring courageous disclosure and respectful listening that promotes understanding and forgiveness and that having someone to count on for a lifetime may be the true meaning of monogamy *Out of the Doghouse* Robert Weiss, 2017-01-03 **DATING RELATIONSHIPS LIVING TOGETHER MARRIAGE** Typically men are good at creating rifts in relationships but terrible at mending them especially after they've repeatedly betrayed their partner through sexual infidelity For the most part cheating men are both intimacy challenged and empathy challenged and as such they lack the skills needed to overcome the damage wrought by their infidelity Robert Weiss has spent over twenty years in the treatment of sex and intimacy issues helping both cheating men and their betrayed spouses In *Out of the Doghouse* he shares his expertise illuminating the ways in which men can move beyond their usual feeble efforts to smooth things over Sure saying I'm sorry and trying to buy forgiveness with flowers and jewelry may temporarily calm the stormy seas but these actions do nothing to re-establish trust which is what a distraught woman needs if she hopes to feel better about her relationship over the long term **Women in Ancient Greece** Paul Chrystal, 2017-06-29 Examines women whose influence was positive as well as those whose reputations were more notorious Supremely well researched from many different historical sources Superbly illustrated with photographs and drawings *Women in Ancient Greece* is a much needed analysis of how women behaved in Greek society how they were regarded and the restrictions imposed on their actions Given that ancient Greece was very much a man's world most books on ancient Greek society tend to focus on men this book redresses the imbalance by shining the spotlight on that neglected other half Women had significant roles to play in Greek society and culture this book illuminates those roles *Women in Ancient Greece* asks the controversial question how far is the assumption that women were

secluded and excluded just an illusion It answers it by exploring the treatment of women in Greek myth and epic their treatment by playwrights poets and philosophers and the actions of liberated women in Minoan Crete Sparta and the Hellenistic era when some elite women were politically prominent It covers women in Athens Sparta and in other city states describes women writers philosophers artists and scientists it explores love marriage and adultery the virtuous and the meretricious and the roles women played in death and religion Crucially the book is people based drawing much of its evidence and many of its conclusions from lives lived by historical Greek women      **Deviance** Leon Anderson,2017-08-22

*Citizen Bacchae* Barbara Goff,2004-06-14 What activities did the women of ancient Greece perform in the sphere of ritual and what were the meanings of such activities for them and their culture By offering answers to these questions this study aims to recover and reconstruct an important dimension of the lived experience of ancient Greek women A comprehensive and sophisticated investigation of the ritual roles of women in ancient Greece it draws on a wide range of evidence from across the Greek world including literary and historical texts inscriptions and vase paintings to assemble a portrait of women as religious and cultural agents despite the ideals of seclusion within the home and exclusion from public arenas that we know restricted their lives As she builds a picture of the extent and diversity of women s ritual activity Barbara Goff shows

that they were entrusted with some of the most important processes by which the community guaranteed its welfare She examines the ways in which women s ritual activity addressed issues of sexuality and civic participation showing that ritual could offer women genuinely alternative roles and identities even while it worked to produce wives and mothers who functioned well in this male dominated society Moving to more speculative analysis she discusses the possibility of a women s subculture focused on ritual and investigates the significance of ritual in women s poetry and vase paintings that depict women She also includes a substantial exploration of the representation of women as ritual agents in fifth century Athenian drama     **The Bellman** ,1914
