Conversations with Bharati Mukherjee Bharati Mukherjee, 2009 The first naturalized citizen to win the National Book Critics Circle Award Bharati Mukherjee b 1940 born into a rigid hierarchy as a Bengali Brahmin and raised in the elite of Calcutta society joined the American masses by choice This journey from a privileged yet circumscribed life to one of free will and risk supplied the experiences she has turned into literature From her first interview originally published over three decades ago in her native tongue Bengali in the Calcutta journal *Desh* and appearing here for the first time in English to an in depth interview in 2007 granted specifically for this collection this volume provides a candid look at the woman who has been called the grande dame of diasporic Indian literature

La Merica Michael La Sorte, 2003-10-08 Why would a man tie up a cheap suitcase with grass rope leave his family and his paesani in Italy to risk his life and meager possessions among the dock thieves of Naples and Genoa to suffer the congestion and stench of steerage accommodations aboard ship to endure the assembly line processing of Ellis Island to wander almost incommunicado through a city of sneering strangers speaking an unknown tongue to perform ten to twelve hours of heavy manual labor a day for wages of perhaps 1.65 most of which he probably owed to the company store before he

got it Why were there not just a few such men but droves of them coming to the United States in the late nineteenth and early twentieth century How did they survive and some of them prosper How did they surmount the language barrier Why did some stay some go home and some bounce back and forth repeatedly across the Atlantic Michael La Sorte examines these questions and more in this lively study of Italian immigration prior to World War I In exploring for answers he draws upon the commentary of recent scholars as well as the statistical documents of the day But most important he has searched out individual stories in the published and unpublished diaries letters and autobiographies of immigrants who lived the greenhorn grignoni experience In their own language the men bring to life the teeming tenements of New York s Mulberry Street the exploitative labor recruiting practices of Boston s North Square and the harsh squalor of work camp life along the country s expanding railroad lines What emerges is a powerful moving alternately funny and appalling picture of their everyday lives Through detailed narration La Sorte traces the men s lives from their native villages across the Atlantic through the ports of entry to their first immigrant jobs He describes their views of Italy America and each other the cultural and linguistic adjustments that they were compelled to make and their motives for either Americanizing or repatriating themselves His chapter on Italglish a hybrid language developed by the greenhorns will echo in the ears of Italian Americans as the sound of their parents and grandparents voices Looking Backward, Moving Forward Richard G.

Winqvist, Jessica Rousselow-Winqvist, 2006 With over 1.3 million Swedish Americans in residence it is no surprise that the United States has a wealth of landmarks that pay homage to the Swedish people and culture. *Touring Swedish America* details the locations, histories, and stories behind more than 1,000 such places, including the charming Holy Trinity Church built in stone and brick in Wilmington, Delaware; the rustic S. M. Swenson log cabin in Austin, Texas; the water tower in the form of a rosemailed coffee cup in Stanton, Iowa; and actress Ann Margaret's handprints outside the Mann Chinese Theater in West Hollywood, California. Published in conjunction with the Swedish Council of America, *Touring Swedish America* is the comprehensive guide to historic towns, homes, and churches erected during the mass Swedish migration beginning in the 1840s, as well as the art, architecture, schools, hospitals, businesses, museums, and gardens still in use today. Organized by state and featuring easy-to-use appendixes that outline sites on the National Register of Historic Places, this comprehensive guide with handy regional maps is the perfect tool for all travelers on the hunt for slices of their Swedish past. *Mapping American Culture* Wayne Franklin, Michael C. Steiner, 1992 *Before They Could Vote* Sidonie A. Smith, Julia Watson, Sidonie Smith, 2006-08-01 The life narratives in this collection are by ethnically diverse women of energy and ambition, some well known, some forgotten, over generations who confronted barriers of gender, class, race, and sexual difference as they pursued or adapted to adventurous new lives in a rapidly changing America. The engaging selections, from captivity narratives to letters, manifestos, criminal confessions, and childhood sketches, span a hundred years in which women increasingly asserted themselves publicly. Some rose to positions of prominence as writers, activists, and artists; some sought education or wrote to support themselves and their families; some transgressed social norms in search of new possibilities. Each woman's story is strikingly individual, yet the brief narratives in this anthology collectively chart bold new visions of women's agency. This rich new anthology sets in motion an intertextual conversation of remarkable vitality that will change the ways we understand gender, class, ethnicity, culture, and nation in nineteenth-century America. Susanna Egan, author of *Mirror Talk* **America Beyond Black and White** Ronald Fernandez, 2009-05-14 This book is both powerful and important. Powerful for the testimony it provides from Americans of many different and even mixed races about their experiences. And important because there is a racial revolution underway that will upend race as we know it during the twenty-first century. John Kenneth White, Catholic University of America. *America Beyond Black and White* is a call for a new way of imagining race in America. For the first time in U.S. history, the black-white dichotomy that has historically defined race and ethnicity is being challenged, not by a small minority but by the fastest growing and arguably most vocal segment of the increasingly diverse American population: Mexicans, Chinese, Japanese, Koreans, Indians, Arabs, and many more who are breaking down and recreating the very definitions of race. Drawing on interviews with hundreds of Americans who don't fit conventional black-white categories, the author invites us to empathize with these doubles and to understand why they may represent our best chance to throw off the strictures of the black-white dichotomy. The revolution is already underway as newcomers and mixed-race fusions refuse to

engage in the prevailing Anglo Protestant culture Americans face two choices understand why these individuals think as they do or face a future that continues to define us by what divides us rather than by what unites us **The Unsettling of Europe** Peter Gatrell, 2019-08-27 An acclaimed historian examines postwar migration's fundamental role in shaping modern Europe Migration is perhaps the most pressing issue of our time and it has completely decentered European politics in recent years But as we consider the current refugee crisis acclaimed historian Peter Gatrell reminds us that the history of Europe has always been one of people on the move The end of World War II left Europe in a state of confusion with many Europeans virtually stateless Later as former colonial states gained national independence colonists and their supporters migrated to often unwelcoming metropolises The collapse of communism in 1989 marked another fundamental turning point Gatrell places migration at the center of post war European history and the aspirations of migrants themselves at the center of the story of migration This is an urgent history that will reshape our understanding of modern Europe
